

SolarWinds - SCP-NPM-High-quality Latest Exam Notes

SOLARWINDS NPM SCP EXAM 2024/2025 WITH 100% ACCURATE SOLUTIONS

Your weekly scheduled discoveries consistently detect 5 Windows 10 workstations. What can you do to remove those devices from being discovered in the future? - Precise Answer ✓✓ Add to Ignore List

How can you encrypt the username, password, and data between your NPM server and the Orion database? - Precise Answer ✓✓ Use Windows authentication to encrypt the user name and password and SSL to encrypt the data

Where can you find information on instance/VMs by cloud account and region? - Precise Answer ✓✓ Cloud Server Infrastructure

You can only monitor Virtual Network Gateways with NPM (T/F) - Precise Answer ✓✓ True

What's the difference between an Operationally Up interface and an Operationally Down interface? - Precise Answer ✓✓ Operationally Up is an interface that is up and running and being used, Operationally Down is an interface that is available to use but not being used

You can only poll status and response time using only ICMP when SNMP is disabled and ICMP is enabled on the device (T/F) - Precise Answer ✓✓ True

Which agent is required to run NetPath services? - Precise Answer ✓✓ Windows agent

NetPath services are monitored by.... - Precise Answer ✓✓ Probes

You can use Orion Groups in Maps (T/F) - Precise Answer ✓✓ True

How do you configure Automatic Geolocation in the Worldwide Map? - Precise Answer ✓✓ Configure longitude and latitude custom properties and enable Automatic Geolocation

P.S. Free & New SCP-NPM dumps are available on Google Drive shared by ValidVCE: <https://drive.google.com/open?id=1z4gdrI8vTZDlAiImEEP3nJfVkcbgQ-RD>

If you prefer to prepare your exam on paper, our SCP-NPM training materials will be your best choice. SCP-NPM PDF version is printable, and you can print it into hard one, and you can take them with you, and can study them anytime. In addition, SCP-NPM exam dumps offer you free demo to try, so that you can know the mode of the complete version. If you buy SCP-NPM Exam Dumps from us, you can get the download link and password within ten minutes. We provide you with free update for one year if you buy SCP-NPM exam dumps.

Maybe you often come up with great new ideas from daydream, but you can not do anything. Do you have some trouble passing SolarWinds SCP-NPM Exam? Turn on your computer, click ValidVCE. Then, you will find the dumps torrent you need. After you purchase our products, we provide free updates for a year. 100% guarantee to get the certification.

SCP-NPM Reliable Exam Book, Test SCP-NPM Objectives Pdf

If you buy online classes, you will need to sit in front of your computer on time at the required time; if you participate in offline counseling, you may need to take an hour or two of a bus to attend class. But if you buy SCP-NPM test guide, things will become completely different. Unlike other learning materials on the market, SCP-NPM torrent prep has an APP version. You can download our app on your mobile phone. And then, you can learn anytime, anywhere. Whatever where you are, whatever what time it is, just

an electronic device, you can do exercises. With SCP-NPM Torrent prep, you no longer have to put down the important tasks at hand in order to get to class; with SCP-NPM exam questions, you don't have to give up an appointment for study.

SolarWinds Network Performance Monitor (NPM) Exam Sample Questions (Q62-Q67):

NEW QUESTION # 62

You can display Palo Alto firewalls on Orion Maps.

- A. True
- B. False

Answer: A

Explanation:

Orion Maps 2.0 supports displaying Palo Alto firewalls as network devices, along with their interfaces, zones, policies, and traffic data. You can also view the firewall status, alerts, and events on the map. To add a Palo Alto firewall to an Orion Map, you need to have Network Insight for Palo Alto enabled in NPM, and discover the firewall using SNMP and API polling. References: Orion Maps 2.0, New Alerting, and Palo Alto Networks Monitoring - SolarWinds Lab Episode #77, SolarWinds Lab Episode 77: Orion Maps 2.0, New Alerting, and Palo Alto Networks Monitoring - Orange Matter, Network Insight for Palo Alto Networks in NPM

NEW QUESTION # 63

You can import device-specific MIBs into the SolarWinds MIB Database, but you cannot import UnDP pollers based on OIDs from device-specific MIBs.

- A. False
- B. True

Answer: A

Explanation:

You can import device-specific MIBs into the SolarWinds MIB Database, and you can also import UnDP pollers based on OIDs from device-specific MIBs. UnDP stands for Universal Device Poller, which is a tool that allows you to monitor custom statistics based on OIDs with NPM. You can create UnDP pollers by selecting OIDs from the MIB Browser, or by importing them from a file that contains OIDs and poller names.

You can then assign UnDP pollers to devices monitored by NPM and view the results on the web console.

References:

Monitor custom statistics based on OIDs with Universal Device Pollers in NPM - SolarWinds Import Universal Device Pollers - SolarWinds SCP Study Aid - SolarWinds (page 7)

NEW QUESTION # 64

You can apply Universal Device Pollers to which object types? (Choose all that apply.)

- A. Nodes
- B. Interfaces
- C. Volumes
- D. Applications

Answer: A,B,C

Explanation:

Universal Device Pollers (UnDPs) are custom pollers that allow you to monitor specific aspects of your network devices using SNMP. You can apply UnDPs to any object type that supports SNMP polling, such as interfaces, nodes, and volumes. You cannot apply UnDPs to applications, because they are not SNMP-based objects. Applications are monitored using Application Performance Monitor (APM), which uses different methods, such as WMI, scripts, or agents, to collect data. Reference: Monitor custom statistics based on OIDs with Universal Device Pollers in NPM, Assign Universal Device Pollers to devices monitored in NPM, Add and assign Universal Device Pollers

NEW QUESTION # 65

How are Orion agents licensed?

- A. Only Windows agents need to be licensed, Linux is free
- B. Agents require the SolarWinds Agent Provisioning module SAP
- C. No separate license is required
- D. Licenses are available in a set of one upon request

Answer: A

NEW QUESTION # 66

What is required to monitor tenants in your SDN environment with NPM Cisco ACI monitoring? (Choose all that apply.)

- A. View your SDN environment in Orion Maps
- B. Add an APIC node to NPM
- C. Enable API polling on all ACI devices
- D. Enable API polling on the APIC node

Answer: B,D

Explanation:

To monitor tenants in your SDN environment with NPM Cisco ACI monitoring, you need to add an APIC node to NPM and enable API polling on the APIC node. The APIC node is the controller of the ACI system that provides a full view of the SDN environment, including tenants, application profiles, endpoint groups, spine and leaf switches, and their health scores¹. By enabling API polling on the APIC node, NPM can collect health and performance data for the ACI entities and display them on the Orion Web Console². You do not need to enable API polling on all ACI devices, as one APIC node can provide the information for the entire ACI system³. You also do not need to view your SDN environment in Orion Maps, as this is an optional feature that allows you to visualize the relationships and dependencies among the ACI entities⁴. Reference: 1: Monitor Cisco ACI devices in NPM - SolarWinds¹ 2: Monitor Cisco ACI devices in NPM - Add ACI devices and enable ACI polling¹ 3: Monitor Cisco ACI devices in NPM - Requirements¹ 4: Monitor Cisco ACI devices in NPM - View ACI environment on SolarWinds Platform Maps¹

NEW QUESTION # 67

.....

Will you feel that the product you have brought is not suitable for you? One trait of our SCP-NPM exam prepare is that you can freely download a demo to have a try. Because there are excellent free trial services provided by our SCP-NPM exam guides, our products will provide three demos that specially designed to help you pick the one you are satisfied. On the one hand, by the free trial services you can get close contact with our products, learn about the detailed information of our SCP-NPM Study Materials, and know how to choose the right version of our SCP-NPM exam questions.
