

# ISTQB ISTQB-CTFL Test Questions Fee - ISTQB-CTFL Reliable Exam Tutorial

---

## ISTQB CTFL Certification Exam Sample Questions

01. Which of the following is a project risk?
- a) Skill and staff shortages
  - b) Poor software characteristics (e.g. usability)
  - c) Failure-prone software delivered
  - d) Possible reliability defect (bug) - answer:
- a) Skill and staff shortages
02. Which of these tasks would you expect to be performed during the Test Analysis and Design phase of the Fundamental Test Process?
- a) Defining test objectives
  - b) Reviewing the test basis
  - c) Creating test suites from test procedures
  - d) Analyzing lessons learned for process improvement - answerAnswer:
- b) Reviewing the test basis
03. As a test manager, you are asked for a test summary report. Concerning test activities, and according to the IEEE 829 Standard, what should be the MOST important information to include in your report?
- a) The number of test cases executed and their results.
  - b) An overview of the major testing activities, events and the status with respect to meeting goals
  - c) Overall evaluation of each development work item
  - d) Training taken by members of the test team to support the test effort - answerAnswer:
- b) An overview of the major testing activities, events and the status with respect to meeting goals
04. Which of the following statements BEST describes non-functional testing?
- a) Non-functional testing is the process of testing an integrated system to verify that it meets specified requirements.
  - b) Non-functional testing is the process of testing to determine system compliance with coding standards.

P.S. Free & New ISTQB-CTFL dumps are available on Google Drive shared by DumpsTorrent: <https://drive.google.com/open?id=1qZQTgKTVeocj0uOsaRPDzj8ditvar0Yq>

If you are looking to advance in the fast-paced and technological world, DumpsTorrent is here to help you achieve this aim. DumpsTorrent provides you with the excellent ISTQB ISTQB-CTFL practice exam, which will make your dream come true of passing the ISTQB Certified Tester Foundation Level (CTFL v4.0) certification exam on the first attempt.

Whatever ISTQB-CTFL Exam, you are taking; the study guides of DumpsTorrent are there to help you get through the exam without any hassle. The questions and answers are absolutely exam oriented, focusing only the most essential part of your exam syllabus. Thus they save your time and energy going waste in thumbing through the unnecessary details.

## ISTQB-CTFL Reliable Exam Tutorial, ISTQB-CTFL Valid Study Questions

The smartest way of getting high passing score in ISTQB-CTFL valid test is choosing latest and accurate certification learning materials. The up-to-date ISTQB-CTFL exam answers will save you from wasting much time and energy in the exam preparation. The content of our ISTQB-CTFL Dumps Torrent covers the key points of exam, which will improve your ability to solve the difficulties of ISTQB-CTFL real questions. Just add our exam dumps to your cart to get certification.

## ISTQB Certified Tester Foundation Level (CTFL v4.0) Sample Questions (Q151-Q156):

### NEW QUESTION # 151

Consider the following code

```
int premium=2500;
if (age<30)
{
premium = premium +1500;
}
```

Which options suits for a correct combination of Boundary value and expected result. Assume first number as boundary followed by expected result.

- A. 29. 4000  
30. 2500
- B. 30, 1500  
31,2500
- C. 29, 2500  
30. 1500
- D. 29, 1500  
30. 2500

**Answer: A**

Explanation:

In the given code snippet, the premium is increased by 1500 if the age is less than 30. Therefore, at the boundary value of age 29, the premium should be  $2500 + 1500 = 4000$ , and at age 30, the premium should remain at its initial value of 2500, as the condition is no longer met. Option B correctly reflects this with 29, 4000 and 30, 2500 as the boundary value and the expected results, respectively.

### NEW QUESTION # 152

An organization is working on updating test cases for a particular module of their software. Sam updated a set of test cases yesterday and saved the new version on his PC.

Unfortunately, the hard disk of his PC crashed, and his work was lost.

The IT department of the organization restored the contents of his hard disk with the last available back-up - from the previous morning. However, the changes made by him yesterday were lost forever.

Which of the following tools had it been used, would have prevented the loss of Sam's updates?

- A. Configuration Management Tool
- B. Incident Management Tool
- C. Backup tool
- D. Test Execution tool

**Answer: A**

### NEW QUESTION # 153

Which of the following statements about static testing and dynamic testing is TRUE?

- A. Dynamic testing can only be applied to executable work products, while static testing can only be applied to non-executable work products.
- B. Static testing is better suited than dynamic testing for highlighting issues that could indicate inappropriate code modulansation.
- C. Security vulnerabilities can only be detected when the software is being executed, and thus they can only be detected through dynamic testing, not through static testing
- D. Both dynamic testing and static testing cause failures, but failures caused by static testing are usually easier and cheaper to analyse.

**Answer: B**

Explanation:

Static testing, such as code reviews and static analysis, is particularly effective at identifying issues related to code structure and modularization. These techniques allow for the inspection of the code without executing it, making it easier to spot problems related to how the code is organized. Dynamic testing, on the other hand, focuses on the execution of code and is better suited for identifying runtime issues but does not easily reveal structural problems. The ISTQB CTFL Syllabus v4.0 highlights the strengths of static testing in uncovering such structural issue

#### NEW QUESTION # 154

Select the roles required in a formal review:

- A. Author, Developer, Facilitator, Review Leader, Reviewers, Scribe
- B. Author, Business analyst, Facilitator, Review Leader, Reviewers, Scribe
- C. Author, Tester, Facilitator, Review Leader, Reviewers, Scribe
- **D. Author, Management, Facilitator, Review Leader, Reviewers, Scribe**

**Answer: D**

Explanation:

In a formal review, the roles involved typically include the author, management, facilitator (also known as moderator), review leader, reviewers, and scribe. Each role has specific responsibilities to ensure the effectiveness and efficiency of the review process:

- \* The author creates and refines the work product being reviewed.
- \* Management allocates resources and supports the review process.
- \* The facilitator manages the review meeting, ensuring it proceeds smoothly.
- \* The review leader plans the review and ensures it meets its objectives.
- \* Reviewers examine the work product to identify defects.
- \* The scribe records issues raised during the review meeting.

#### NEW QUESTION # 155

Which of the following statements regarding the testing quadrants model is correct?

- A. The testing quadrants model assigns test types to the corresponding V-Model test levels.
- B. With the testing quadrants model, tests can be either business-oriented or product-oriented.
- C. The testing quadrants model assigns tests from one of the four quadrants to each iteration in the Agile development.
- **D. The testing quadrants model provides a way of differentiating between types of tests and assists in explaining them to stakeholders.**

**Answer: D**

#### NEW QUESTION # 156

.....

With our wide range of ISTQB ISTQB-CTFL exam questions types and difficulty levels, you can tailor your ISTQB ISTQB-CTFL exam practice to your needs. Your performance and exam skills will be improved with our ISTQB ISTQB-CTFL Practice Test software. The software provides you with a range of ISTQB ISTQB-CTFL exam dumps, all of which are based on past ISTQB ISTQB-CTFL certifications.

**ISTQB-CTFL Reliable Exam Tutorial:** <https://www.dumpstorrent.com/ISTQB-CTFL-exam-dumps-torrent.html>

Our ISTQB-CTFL exam questions are related to test standards and are made in the form of actual tests, ISTQB ISTQB-CTFL Test Questions Fee Hence, it saves you time and money, The price for ISTQB Certified Tester Foundation Level (CTFL v4.0) ISTQB-CTFL study materials is quite reasonable, and no matter you are a student or you are an employee, you can afford the expense, ISTQB ISTQB-CTFL Test Questions Fee Below we will focus on your benefits if you become our users.

So if you don't want to be eliminated in the competition, to pass ISTQB-CTFL exam is a necessary for you, Mandy: A career is not built on one big break, nor is it destroyed by a failed project or a derogatory remark.
