For example, the PC version supports the computers with Window system and can stimulate the real exam. Each version of our 3V0-22.25 Study Guide provides their own benefits to help the clients learn the 3V0-22.25 exam questions efficiently.

VMware Advanced VMware Cloud Foundation 9.0 Operation Sample Questions (Q11-Q16):

NEW QUESTION # 11

A Remote Cloud Proxy shows a status of "Offline" in the VCF Operations administration UI. The local admin at the remote site confirms the VM is powered on and has an IP address.

Which network connectivity check should be prioritized to identify the point of failure?

- A. Check if the Cloud Proxy can resolve the external DNS of vmware.com.
- B. Check if the VCF Operations Analytics Cluster can ping the Cloud Proxy.
- C. Check if the Cloud Proxy can initiate an Outbound Connection on Port 443 to the VCF Operations Analytics Cluster (or its Load Balancer VIP).
- D. Check if the Cloud Proxy allows inbound SSH on Port 22.

Answer: C

NEW QUESTION # 12

A Cloud Admin wants to implement a "Chargeback" model where business units are billed based on the Resources Provisioned (vCPU/RAM Count) rather than their actual usage.

Which specific configuration in the Cost Settings must be adjusted to align the calculations with this business requirement?

- A. Change the currency to USD.
- B. Navigate to Administration -> Cost Settings (or Cost Drivers) and change the calculation method for the relevant clusters from the default "Actual Usage" to "Allocation" (or Allocation-based).
- C. Increase the "Reference Database" synchronization frequency.
- D. Enable the "Demand Model" in the Policy.

Answer: B

NEW QUESTION # 13

A VCF Operations environment has "Server Hardware" cost drivers configured to "Automatic". The finance team notices that the calculated cost for the new "Dell PowerEdge R740" servers is significantly lower than the actual purchase price.

What is the mostly likely cause and the correct remediation?

- A. The servers are depreciated; reset the purchase date to today.
- B. VCF Operations detected the servers as "Generic"; restart the collectors to fix detection.
- C. The currency conversion rate is wrong; change it to Euro.
- D. The "Automatic" mode uses a reference database of average industry prices. If the organization paid a premium (or custom config), the reference data is inaccurate. The remediation is to change the mode for that server model to Manual and input the actual Purchase Price and RAM/CPU specifications.

Answer: D

NEW QUESTION # 14

Which monitoring object status in VCF Operations indicates that a node in the Analytics Cluster has failed, triggering an HA or CA failover event?

- A. Cluster State: "Maintenance"
- B. Cluster State: "Starting"
- C. Cluster State: "Balanced"
- D. Cluster State: "Degraded"

Answer: D

NEW QUESTION # 15

A VCF Operator needs to find all logs containing the word "Error" but explicitly wants to exclude any logs containing the word "Maintenance" to reduce noise during a scheduled window.

How is this negative query constructed in the Interactive Analytics search bar?

- A. It is not possible to exclude terms; you must export to Excel.
- B. Type Error NOT Maintenance.
- C. Type Error -Maintenance.
- D. Use the "Add Filter" option, select "Text", set the operator to "does not contain", and enter "Maintenance". This allows for precise negative filtering while keeping the main search term "Error" in the primary search bar or as a separate "contains" filter.

Answer: D

NEW QUESTION # 16

.....

If you want to get a higher salary or a promotion on your position, you need to work harder! Purchase our 3V0-22.25 learning materials and stick with it. Then your strength will protect you. For as long as you study with our 3V0-22.25 exam questions, then you will find that the content of our 3V0-22.25 preparation braindumps is all the hot hit of the newest knowledge and keypoints of the subject, you will learn so much to master the skills which will help you solve your problems in your work. And besides, you can achieve the certification for sure with our 3V0-22.25 study guide.

3V0-22.25 Latest Test Online: <https://www.actual4dump.com/VMware/3V0-22.25-actualtests-dumps.html>
