

First-grade NCP-EUC Certification Exam Infor - Win Your Nutanix Certificate with Top Score

BONUS!!! Download part of Exam4Labs NCP-EUC dumps for free: <https://drive.google.com/open?id=1gxQGRORSamMJZLTURj-2Pg3T2uCEMVKH>

Exam4Labs is a website which can give much convenience and meet the needs and achieve dreams for many people participating NCP-EUC Certification exams. If you are still worrying about passing some Nutanix certification exams, please choose Exam4Labs to help you. Exam4Labs can make you feel at ease, because we have a lot of Nutanix certification exam related training materials with high quality, coverage of the outline and pertinence, too, which will bring you a lot of help. You won't regret to choose Exam4Labs, it can help you build your dream career.

The NCP-EUC certification exam is a challenging exam that requires a strong understanding of Nutanix VDI solutions. NCP-EUC exam is designed to test the candidate's skills and knowledge on Nutanix VDI solutions, including how to configure and manage Nutanix VDI solutions, how to troubleshoot VDI issues, and how to optimize VDI performance. Candidates who pass the NCP-EUC certification exam will have a deep understanding of Nutanix VDI solutions and will be able to provide expert advice to their customers on the design and implementation of Nutanix VDI solutions.

Nutanix NCP-EUC Certification Exam is designed to validate the skills and knowledge of IT professionals in the field of End-User Computing (EUC). Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam certification ensures that candidates have the expertise to deploy, manage, and troubleshoot Nutanix EUC solutions in a variety of scenarios. Passing NCP-EUC exam demonstrates that you have the skills required to design and implement solutions that meet the needs of today's modern workforce.

Pass Guaranteed Professional Nutanix - NCP-EUC Certification Exam Infor

The 21 century is the information century. Information and cyber technology represents advanced productivity, and its rapid development and wide application have given a strong impetus to economic and social development and the progress of human civilization (NCP-EUC exam materials). They are also transforming people's lives and the mode of operation of human society in a profound way. So you really should not be limited to traditional paper-based NCP-EUC Test Torrent in the 21 country especially when you are preparing for an exam, our company can provide the best electronic NCP-EUC exam torrent for you in this website.

Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam Sample Questions (Q74-Q79):

NEW QUESTION # 74

Users are being prompted to restart their non-persistent desktops in the middle of the day.

which setting in the gold image would cause this to occur?

- **A. Windows Update policy is set to Automatic.**
- B. Java automatically checks for updates every 24 hours.
- C. The mandatory Windows profile is set to v4,
- D. The power profile turns the screen off after 10 minutes.

Answer: A

Explanation:

non-persistent VDI machines are deleted when they are rebooted, logged off, or shut down. Therefore, Windows Update policy should be configured to prevent automatic updates that may trigger a restart on these machines.

NEW QUESTION # 75

A new large multisite environment is being designed with a requirement to focus on workload availability and failover while reducing the brokering infrastructure footprint and management. Infrastructure components that are deployed must follow vendor recommendations for high availability and redundancy.

Which Citrix control plane should be used and where should they be deployed in this scenario?

- A. Citrix VAD with highly available delivery controllers on AHV workload clusters in each site
- **B. Citrix DaaS with highly available cloud connectors on AHV infrastructure clusters in each resource location**
- C. Citrix VAD with highly available delivery controllers on AHV infrastructure clusters in each site
- D. Citrix DaaS with highly available cloud connectors on AHV workload clusters in each resource location

Answer: B

Explanation:

Comprehensive and Detailed Explanation From Exact Extract of Nutanix End User Computing documents:

According to Nutanix Validated Designs (NVD) for Citrix DaaS:

* Control Plane: The requirement to "reduce brokering infrastructure footprint" dictates the use of Citrix DaaS (formerly Citrix Cloud), which offloads the Delivery Controllers and SQL databases to the Citrix cloud service, leaving only the lightweight Cloud Connectors on-premises.

* Placement: In a large multisite architecture using the standard "Block and Pod" design, Nutanix recommends separating Management/Infrastructure functions from Workload functions.

* Best Practice: Cloud Connectors are critical infrastructure components. They should be deployed on the AHV Infrastructure Clusters (Management Clusters) in each resource location, rather than the Workload clusters, to ensure they are protected from resource contention caused by user desktops and to maintain a clean separation of duties.

NEW QUESTION # 76

Which display protocol developed by Omnicast Horizon supports both TCP and UDP to be adaptive to network conditions?

- A. Microsoft RDP
- B. PCoIP
- **C. Blast Extreme**
- D. Citrix HDX

Answer: C

Explanation:

Blast Extreme is the proprietary display protocol developed by Omnicast (formerly VMware) for Horizon.

A key feature of Blast Extreme is its use of Adaptive Transport. This technology allows the protocol to dynamically switch between UDP (for high performance and lossy networks) and TCP (as a fallback for reliability) based on real-time network conditions. This adaptability ensures the best possible user experience regardless of bandwidth or latency constraints. (PCoIP primarily relies on UDP, and RDP is traditionally TCP-heavy, while HDX is a Citrix protocol).

NEW QUESTION # 77

What is one key benefit of using Nutanix Validated Designs (NVD) for Citrix VDI deployments?

- A. NVD-based deployments are designed to provide Disaster Recovery
- B. Determines performance impact during peak I/O
- C. Provides sizing guidance and scaling capabilities.
- D. NVD-based deployments are designed to provide 99.999% up time.

Answer: C

Explanation:

Nutanix and Citrix provide a turnkey validated VDI infrastructure solution that allows 10x faster deployments, cuts management time by 70% and significantly reduces the number of support calls. Nutanix eliminates the complexity of managing discrete storage, servers and separate virtualization and networking stacks.

NEW QUESTION # 78

An EUC environment is being deployed with non-persistent desktops.

How should an administrator configure OS updates via group policy for the non-persistent desktops organizational unit?

- A. Disable - Allow automatic updates immediate installation
- B. Enable - Allow automatic updates immediate installation
- C. Disable - Configure automatic updates
- D. Enable - Always automatically restart at the scheduled time

Answer: A

Explanation:

Comprehensive and Detailed Explanation From Exact Extract of Nutanix End User Computing documents:

According to Nutanix and Microsoft Best Practices for Non-Persistent VDI images:

* Policy Setting: The Group Policy setting "Allow Automatic Updates immediate installation" should be set to Disabled.

* Reasoning: In a non-persistent environment, desktops revert to their base state upon reboot. Allowing automatic updates to install immediately during a user session consumes system resources (CPU/IOPS) and any changes made are discarded when the user logs off and the VM reboots.

* Correct Management: Updates should be applied solely to the Master/Gold Image during a maintenance window. Once the master image is updated and sealed, it is redeployed to the pool.

Disabling immediate installation prevents the "Windows Update" service from attempting to patch transient clones unnecessarily.

NEW QUESTION # 79

.....

Our NCP-EUC exam materials can help you stand out in the fierce competition. After using our NCP-EUC study questions, you have a greater chance of passing the NCP-EUC certification, which will greatly increase your soft power and better show your strength. Our NCP-EUC training guide can bring you something. After you have used our NCP-EUC learning braindump, you will certainly have your own experience. Now let's take a look at why a worthy product of your choice is our NCP-EUC actual exam.
