Pass Guaranteed RCDDv15 - BICSI Registered Communications Distribution

Designer - RCDD v15 –Valid Exam Registration

So many candidates have encountered difficulties in preparing to pass the RCDDv15 exam. But our study materials will help candidates to pass the exam easily. Our RCDDv15 guide questions can provide statistics report function to help the learners to find weak links and deal with them. The RCDDv15 test torrent boost the function of timing and simulating the exam. They set the timer to simulate the exam and help the learners adjust the speed and keep alert. So the RCDDv15 Guide questions are very convenient for the learners to master and pass the exam. So believe us and take action immediately to buy our RCDDv15 exam torrent.

BICSI Registered Communications Distribution Designer - RCDD v15 Sample Questions (Q27-Q32):

NEW QUESTION # 27

A program with six projects has been running for three years. The company's procurement and contracts department has compiled a qualified seller list. The program manager determines that one of the projects must be outsourced. The program manager will use the qualified seller list to do which of the following?

- A. Issue requests for proposals
- B. Plan a proposal evaluation system
- C. Perform the required program budget updates
- D. Prepare the program procurement management plan

Answer: A

NEW QUESTION # 28

The chief executive officer (CEO) informs the program manager that the delivery date for project A must be compressed by two months to accommodate market needs. Project A relies upon deliverables from projects B and C. Which of the following should the program manager do first?

- A. Engage the executive sponsor and program board to evaluate the CEO's request and determine if the project manager should act on it
- B. Review the program resource management plan with the three project managers emphasizing their critical paths and shared critical resources to understand the possibility of accelerating the schedule
- C. Convene the change board to evaluate the cost benefit of the compression and the impact on the overall program
- D. Direct the three project managers to crash their projects to allow project A the two months of scheduling needed

Answer: B

NEW QUESTION # 29

A multiyear program is ready to conclude. It has achieved all business objectives and is delivering its intended benefits. However, the program sponsor is not willing to sign the formal program closure acceptance document and the program continues to incur operational costs.

What should the program manager do next?

- A. Escalate the issue to the program governance board
- B. Ask the finance department to increase the program budget
- C. Ask key stakeholders to influence the program sponsor
- D. Direct component project managers to archive all relevant project documents

Answer: A

NEW QUESTION # 30

Company A recently signed a contract with a strategic business partner, Company B, to jointly roll out a new technology. Company B is excited about the joint marketing opportunity. Company A's component Quality Assurance team has expressed concerns to you, the program manager, that the product is being rolled out prematurely and has identified potential issues with backend support systems. QA, however, assures you that a manual work around is possible, but not ideal. Company B requests an enhancement to the new product. In a meeting with Company B, you determine that additional funding will be required and resources allocated and

scheduled

What is your MOST appropriate next step?

- A. Use an integrated change control process
- B. Advise Company B that funding and resources are not available
- C. Use the available management reserve
- D. Secure funding from another project that was cancelled

Answer: A

NEW QUESTION # 31

A company initiates a program to reorganize its sales and production departments. Three production departments are located at the three production plants next to the company's headquarters. Five regional sales departments are located at different locations around the world.

At this stage of the program, what is the first step?

- A. Prepare a program organization chart covering both sales and production
- B. Identify and quantify business benefits of the program
- C. Develop a program work breakdown structure
- D. Determine and prioritize the various components of the program

Answer: D

NEW QUESTION # 32

.....
