On buses or subways, you can use fractional time to test your learning outcomes with MC-101 Test Torrent, which will greatly increase your pro forma efficiency.

### Salesforce Certified Marketing Cloud Engagement Foundations Sample Questions (Q44-Q49):

#### NEW QUESTION # 44

A marketing associate at Northern Trail Outfitters is sending out several different emails to contacts. After several attempts, the most recent email fails to send. The associate confirmed that all contacts are subscribed to receive emails and there are no issues with the email build.

Which email send status explains why the most recent email failed to send?

- A. Bounce
- B. Wrong email
- **C. Held**

**Answer: C**

Explanation:

The "Held" email send status explains why the most recent email failed to send when all contacts are subscribed and there are no issues with the email build. The Held status is applied to email addresses that have previously resulted in a hard bounce or repeatedly soft bounced. Salesforce Marketing Cloud automatically holds these emails back from sending to prevent damage to sender reputation and to maintain high deliverability standards. This is a protective measure taken by the system.

#### NEW QUESTION # 45

Management at Northern Trail Outfitters wants to run a new campaign and has asked the marketing associate to prepare a data extension. Some fields match a previous data extension, but some need to be added.

How should the marketing associate create the data extension?

- A. Directly modify the existing data extension and save with a new name.
- B. Export the data, add fields externally, and import it back into the original data extension.
- **C. Copy the data extension from the original campaign and modify the fields.**

**Answer: C**

Explanation:

To prepare a data extension for a new campaign that has some fields matching a previous data extension but also requires additional fields, the marketing associate should copy the data extension from the original campaign and then modify the fields as needed. This approach allows the associate to retain the structure and settings of the original data extension while making necessary adjustments for the new campaign, ensuring efficiency and consistency in data management practices.

#### NEW QUESTION # 46

The marketing team at Northern Trail Outfitters wants to test their new dynamic rewards template using internal team members' unique records to display their personalized data.

Which option should the associate use to configure Preview and Test?

- A. Based on entire list
- B. Based on subscriber record
- **C. Based on test data extension**

**Answer: C**

Explanation:

To test a new dynamic rewards template using internal team members' unique records to display personalized data, the associate should configure Preview and Test based on a test data extension. This option allows the associate to create a data extension specifically for testing purposes, populated with sample records that mimic the structure and content of the team members' data. This approach ensures that the preview and testing accurately reflect how the dynamic content will appear to recipients, facilitating a more effective review process.

#### NEW QUESTION # 47

Which setup allows for data extensions to be used by child business units in a Marketing Cloud Engagement account?

- A. Salesforce Data Extensions
- B. Shared Data Extensions
- C. Synchronized Data Extensions

#### Answer: B

Explanation:

Shared Data Extensions in Salesforce Marketing Cloud allow data extensions to be accessible across multiple business units within an account. This setup enables parent and child business units to access and use the same data extensions, facilitating data consistency and shared marketing efforts across the organization.

\* Why Not Salesforce or Synchronized Data Extensions: Salesforce Data Extensions are used for CRM data, and Synchronized Data Extensions are for syncing with Salesforce objects. Shared Data Extensions are explicitly designed for sharing data across business units.

\* Salesforce Documentation Reference: Refer to Shared Data Extensions for further details.

#### NEW QUESTION # 48

Northern Trail Outfitters wants to send follow-up messages to shoppers that have added items to their shopping cart online but have yet to complete the transaction.

In a journey, how should an associate control repeat messages?

- A. No Re-Entry
- B. Re-Entry only after exiting
- C. Re-Entry Anytime

#### Answer: B

Explanation:

To manage follow-up messages in a journey, the "Re-Entry only after exiting" setting allows contacts to re-enter the journey after they have fully exited it. This is ideal for controlling repeated messages in scenarios like abandoned cart follow-ups, where you want to avoid sending repeat messages too frequently.

\* Why Re-Entry Only After Exiting is Ideal: It prevents contacts from re-entering the journey repeatedly while they are still in it, reducing potential customer frustration from receiving redundant messages.

\* Salesforce Documentation Reference: See Journey Builder Entry Settings for further insights.

#### NEW QUESTION # 49

.....
