Salesforce Certified Experience Cloud Consultant Sample Questions (Q104-Q109):

NEW QUESTION # 104

Universal Containers is looking to build a new self-service site. Users will post questions, read Knowledge articles, and view case reports, users will not be registering deals or participating in any other sales activity. Which external user license meets these requirements?

- A. Authenticated Service Site User
- B. External Identity
- C. Customer Community Plus
- D. External Community Plus

Answer: C

NEW QUESTION # 105

Universal Container (UC) has a business model that involves B2C as well B2B customers. A group of B2B customers has recently signed a contract with UC that would allow them to start working with the UC Support team in resolving low-severity B2C customer issues.

How should UC use Experience Cloud to accomplish this goal?

- A. Create a digital experience for B2C customers and B2B customers, and use the internal CRM app for employees.
- B. Create a digital experience for B2B customers, a partner portal for B2B customers, and use the internal CRM org for employees.
- C. Create a single digital experience for B2C customers, B2B customers, and employees.
- D. Create a digital experience for B2C customer and employees, and another one for B2B customers and employees.

Answer: D

Explanation:

UC should create two separate digital experiences for its different customer segments and employees. This will allow UC to provide different features, content, and branding for each experience, as well as control the access and visibility of records. For example, UC can create a customer service site for B2C customers and employees, where they can view and create cases, access knowledge articles, and chat with agents. UC can also create a partner portal for B2B customers and employees, where they can view and update billing information, access contracts, and work on low-severity B2C customer issues.
