PRINCE2 7 Foundation written Exam Sample Questions (Q172-Q177):

NEW QUESTION # 172

Which is an objective of the 'directing a project' process?

- A. To ensure the stage products are delivered to the stated quality standards
- B. To tailor the project's products and roles so that the project suits the circumstances
- C. To provide an interface between the project and corporate management
- D. To respond to the project mandate by starting up a project

Answer: C

Explanation:

An objective of the 'Directing a Project' process in PRINCE2 is to provide an interface between the project management and the wider corporate, programme management, or customer environment. This process ensures that the project remains aligned with the organization's objectives and governance frameworks, and that corporate or programme management can provide oversight and support as needed.
