- B. only to using someone else's prescription or overmedicating with prescription drugs.
- C. only to illegal drugs, such as cocaine, crystal meth, and many others like them.
- D. only to illegal and prescription drugs, but no other substances.

Answer: A

Explanation:

Workplace drug and alcohol policies typically prohibit any inappropriate use of drugs or other substances that cause impairment (B), which can include illegal drugs, prescription drugs taken other than as prescribed, over-the-counter medications, alcohol, and even inhalants if they lead to impairment on the job. The prohibition is not limited to illegal and prescription drugs alone (A), only illegal drugs (C), or only misuse of prescription drugs (D), as impairment from any substance can create safety hazards. Answer: B

Explanation:

Accountability is defined as holding an employee responsible for completing a particular duty (D) or task to a certain standard. - A. directing
- B. dictator
- C. buddy
- D. controlling

Answer: A

When dealing with a negative attitude, a directing (C) leadership style, which involves clear expectations, specific instructions, and close supervision, can be effective in redirecting the individual's focus and behavior towards productive tasks. A "buddy" approach (A) might not address the negativity effectively. A "dictator" style (B) can create resentment. While "controlling" (D) might seem similar to directing, it often implies a lack of trust and can be demotivating in the long run. The directing style aims to guide and set clear boundaries.
