Latest UiAAAv1 free braindumps & UiPath UiAAAv1 valid exam - UiAAAv1 valid braindumps

With our UiAAAv1 exam questions, you can adjust yourself to the exam speed and stay alert according to the time-keeper that we set on our UiAAAv1 training materials. Therefore, you can trust on our products for this effective simulation function will eventually improve your efficiency and assist you to succeed in the UiAAAv1 Exam. If you are ready, the UiAAAv1 exam will just be a piece of cake in front of you. And our UiAAAv1 exam questions are the right tool to help you get ready.

UiPath Agentic Automation Associate Sample Questions (Q13-Q18):

NEW QUESTION # 13

Which two statements are valid when using Citrix Profile Streaming? (Choose two.)

- A. Profile Streaming is disabled by default.
- B. Registry entries and files in the pending area are fetched when accessed.
- C. The files and folders are fetched on demand.
- D. Profile Streaming will delay the logon process.

Answer: B,C

Explanation:

With Citrix Profile Streaming, parts of the user profile (such as registry entries and files) are loaded on demand instead of fully at logon. This reduces logon time by fetching profile components only when accessed during the session.

NEW QUESTION # 14

What are three valid ways to configure Virtual Delivery Agent (VDA) registration? (Choose three.)

- A. CONFIG.XML file
- B. Organizational Unit (OU) based Controller discovery
- C. DHCP Options
- D. Group Policy Object (GPO)
- E. MCS-based PERSONALITY.INI

Answer: A,C,D

Explanation:

DHCP Options can be used to provide Delivery Controller addresses dynamically.

CONFIG.XML file (created during VDA installation) can contain Controller information for registration.

Group Policy Object (GPO) can centrally define and manage Controller discovery settings.

NEW QUESTION # 15

Scenario: A Citrix Administrator would like to review the history of logon performance and resource utilization for a Citrix Virtual Apps and Desktops Site over the past year. From which tab within Citrix Director could the administrator obtain this information?

- A. Filters
- B. Trends
- C. Dashboard
- D. Alerts

Answer: B

Explanation:

The Trends tab in Citrix Director provides historical reports, including logon performance and resource utilization, allowing administrators to review data over extended periods such as months or a year.

NEW QUESTION # 16

After creating a new machine catalog using the Machine Creation Services (MCS) wizard in Citrix Studio, a Citrix Administrator determines that Windows activation fails for all new machines in that catalog.

Which two conditions can cause this to happen? (Choose two.)

- A. The Microsoft License Server is unreachable.
- B. The version of Windows installed uses Multiple Activation Key (MAK) licensing.
- C. The base image rearm count has been exceeded.
- D. The version of Windows installed is Windows Server 2012 R2.

Answer: B,C

Explanation:

Rearm count exceeded: If the base image has been sysprepped too many times, the rearm count may be exhausted, preventing Windows activation on cloned machines.

MAK licensing: MCS-provisioned machines are treated as newly deployed instances. MAK licensing is not suitable for this scenario because each clone would require its own activation, leading to failures.

NEW QUESTION # 17

Scenario: A Citrix Administrator is working on a published application. The network is connected for 100 seconds but is interrupted and applications become unusable. The session then automatically resumes, and the administrator is able to continue working on the application at the same progress point as before the interruption.

Which policy is enabled in this scenario?

- A. Load Management

- B. ICA Keep Alive
- **C. Session Reliability**
- D. Auto client reconnect

Answer: C

NEW QUESTION # 18

.....

If you are clueless about the oncoming exam, our UiAAAv1 practice materials are trustworthy materials for your information. More than tens of thousands of exam candidate coincide to choose our UiAAAv1 practice materials. Our UiAAAv1 practice materials are perfect for they come a long way on their quality. If you commit any errors, which can correct your errors with accuracy rate more than 98 percent. To get more useful information about our UiAAAv1 practice materials, please read the following information.
