Pass Guaranteed Quiz 2026 CFA Institute Sustainable-Investing: Accurate Sustainable Investing Certificate (CFA-SIC) Exam Examcollection Free Dumps

Please believe that our company is very professional in the research field of the Sustainable-Investing training questions, which can be illustrated by the high passing rate of the examination. Despite being excellent in other areas, we have always believed that quality and efficiency should be the first of our Sustainable-Investing real exam. For study materials, the passing rate is the best test for quality and efficiency. There may be some other study materials with higher profile and lower price than our products, but we can assure you that the passing rate of our Sustainable-Investing Learning Materials is much higher than theirs. And this is the most important. According to previous data, 98 % to 99 % of the people who use our Sustainable-Investing training questions passed the exam successfully. If you are willing to give us a trust, we will give you a success.

CFA Institute Sustainable Investing Certificate (CFA-SIC) Exam Sample Questions (Q136-Q141):

NEW QUESTION # 136
Which of the following statements regarding the availability of ESG data is most accurate? According to the Principles for Responsible Investment (PRI):

- A. Peer comparison across corporate bond issuers can be difficult
- B. Data availability for US municipal bonds is stable
- C. Data for corporate bonds is disclosed by public sources

Answer: A

Explanation:
Comparing ESG performance across corporate bond issuers is challengingbecausedata disclosure isinconsistent, particularly inprivate marketsandnon-listed companies. Unlike equities, where ESG disclosures are oftenregulated, bond issuers arenot always requiredto providedetailed ESG reporting.
Option A is incorrect becauseESG data for municipal bonds is often incomplete or unreliable. Option B is incorrect because while some ESG data for corporate bonds ispublicly available, it isnot standardizedacross issuers, making analysis difficult.

NEW QUESTION # 137
The COVID-19 pandemic led to increased:

- A. offshoring
- B. inequality
- C. employment opportunities

Answer: B

Explanation:
The COVID-19 pandemic led to increased inequality.
Economic Impact: The pandemic exacerbated existing economic inequalities, as lower-income individuals and vulnerable populations were disproportionately affected by job losses, health impacts, and limited access to resources.
Social Disparities: Inequality increased as remote work options were more accessible to higher-income individuals, while essential workers, often from lower-income backgrounds, faced greater health risks.
Global Trends: Reports and studies during and after the pandemic indicated a widening gap between the rich and the poor, highlighting the significant social and economic challenges posed by the crisis.
CFA ESG Investing Reference:
The CFA Institute's discussions on the social impacts of the COVID-19 pandemic emphasize the increased inequality as a major consequence, affecting long-term social and economic stability.

NEW QUESTION # 138
Which of the following most likely protects minority shareholders?

- A. Pre-emption rights
- B. Double voting rights
- C. Dual-class shares

Answer: A

Explanation:
Pre-emption rightsgiveexisting shareholders priority when new shares are issued, preventingdilutionof their ownership stakes. This isa key protection for minority shareholders.
* Dual-class shares (A) and double voting rights (C) favor controlling shareholders, reducing minority shareholder influence.

NEW QUESTION # 139
Which of the following is one of the four realms of nature described by the Taskforce on Nature-related Financial Disclosures (TNFD)?

- A. Biodiversity
- B. Oceans
- C. People

Answer: B

Explanation:
The Taskforce on Nature-related Financial Disclosures (TNFD) describes four realms of nature, and one of these is Oceans.
Oceans (B): Oceans are a critical realm of nature that the TNFD focuses on, recognizing their significant role in global ecosystems, climate regulation, and biodiversity.
People (A): While people are integral to sustainability discussions, they are not one of the four realms of nature defined by the TNFD.
Biodiversity (C): Biodiversity is a crucial concept within the TNFD framework, but the specific realms of nature referred to by the TNFD include Oceans as one of the main categories.

NEW QUESTION # 140
Applying constraints in ESG portfolio optimization:

- A. is currently confined to carbon data due to data limitations.
- B. requires defining an upper and lower bound for a given variable.
- C. can be applied through exclusionary screening.

Answer: B

Explanation:
In quantitative ESG portfolio optimization, constraints are formulated mathematically asupper and lower boundson selected variables (e.g., maximum portfolio carbon intensity, minimum ESG score floor). These constraints are integrated into the optimization model-typically via mean#variance frameworks that include ESG risk metrics-to ensure portfolios meet predefined ESG thresholds.
Whileexclusionary screening(option A) is a form of constraint before optimization, it is not in itself the definition of constraints within the optimization model. Additionally, ESG optimization is not limited to carbon metrics (contrary to option B), as data availability now supports multiple ESG indicators. The precise procedure is to constrain each ESG- related characteristic to a specified range during optimization.

NEW QUESTION # 141
......

Additionally, a CFA Institute Sustainable-Investing certification holder can climb the career ladder and get promotions within the current organization, Our Sustainable-Investing exam questions can help you pass the Sustainable-Investing exam without difficulty, In addition, because our CFA Institute Sustainable-Investing test prep are selling in the international market, our customers are spreading in many different countries, our company has taken time lag into consideration and will provide service at 24 hours a day 7 days a week, Underwent about 10 year's development, we still try our best earnestly to develop high quality CFA Institute Sustainable-Investing latest valid torrent and be patient with all of our customers, instead of cheating them for money.
