Salesforce Certified Sharing and Visibility Architect Sample Questions (Q58-Q63):

NEW QUESTION # 58

A company intends bring work from anywhere culture in a bid to improve productivity. Their sellers use wide variety of devices with different form factors. The company currently uses one page layout to display opportunity record details to the sellers. The Regional Vice President of Seles is complaining about incorrect alignment of data in opportunity records, making it difficult for some sellers. Which steps are recommended to rectify this?

- **A. Use Dynamic Form to define different field sections applicable for different form factors of devices.**
- B. Use a custom LWC override for Opportunity view action, identify form factor onLoad action and display relevant layouts based on form factors.
- C. Use a visualforce override for Opportunity view action, identify the form factor onLoad action and display relevant layouts based on form factors,

Answer: A

Explanation:

Explanation

Using a visualforce override or a custom LWC override for Opportunity view action will require additional development and maintenance, and may not be compatible with all devices. The best option is to use Dynamic Form to define different field sections applicable for different form factors of devices, as Dynamic Form is a declarative feature that allows admins to customize record detail pages without writing code.

NEW QUESTION # 59

Universal Containers (UC) turned off the customer visibility feature in its customer community. What community functionality is impacted by having the customer user visibility turned off?

- A. Creating new customer community users.
- B. Updating their user profile.
