CC EXAM 2 ACTUAL EXAM WITH QUESTIONS AND DETAILED ANSWERS THE LATEST UPDATED EXAM BANK INCLUDING EXPERT VERIFIED SOLUTIONS FOR A SURE PASS

A patient presents with atypical symptoms of acute myocardial infarction (AMI). The highest nursing priority would include assessment for

- Elevated serum CK-MB marker
- 12 lead ECG changes with atrial fibrillation
- 12 lead ECG changes with a prolonged PR interval
- high serum homocysteine levels - **ANSWER:** a. Elevated serum CK-MB as a cardiac marker

A patient has just returned from a percutaneous coronary intervention (PCI) with balloon angioplasty and placement of bare metal stents (BMS). The nurse explains that with this type of stent

- Bleeding is a lower risk compared to drug-eluting stents
- daily aspirin therapy alone is used to prevent clot formation for this type of stent
- Dual anti-platelet therapy is used to decrease occlusion of the stent caused by fibrous tissue regrowth
- It is best for the patient to take two anti-platelet medications everyday for at least one year - **ANSWER:** d. It is best for the patient to take two anti-platelet medications everyday for at least one year

The nurse understands that the pathophysiology of a NSTEMI (non-ST elevated myocardial infarction) is

- Permanent damage to the myocardium, and either endocardial or epicardial layer of the heart
- Infarction that extended through the full thickness of the myocardium

In order to meet different needs for candidates, we offer you three versions for CC exam cram, and you can choose the one you like. CC PDF version is printable, and you can print them into hard one if you like, you can learn them anywhere and anyplace. CC Soft test engine can stimulate the real exam environment, so that you can know the process of the exam, and your confidence will be strengthened. CC Online Test engine support Android and iOS etc. You can have a general review since this version has testing history and performance review. All three versions have free update for one year, and the update version will be sent to you automatically.

ISC CC Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> Security Operations: This area targets Security Operations Center (SOC) Analysts and System Administrators. It covers data security with encryption methods, secure handling of data including classification and retention, and the importance of logging and monitoring security events. System hardening through configuration management, baselines, updates, and patching is included. Best practice security policies such as data handling, password, acceptable use, BYOD, change management, and privacy policies are emphasized. Finally, the domain highlights security awareness training addressing social engineering awareness and password protection to foster a security-conscious organizational culture.

Topic 2	<ul style="list-style-type: none"> • Security Principles: This section of the exam measures skills of Security Analysts and Information Assurance Specialists and covers fundamental security concepts such as confidentiality, integrity, availability, authentication methods including multi-factor authentication, non-repudiation, and privacy. It also includes understanding the risk management process with emphasis on identifying, assessing, and treating risks based on priorities and tolerance. Candidates are expected to know various security controls, including technical, administrative, and physical, as well as the ISC2 professional code of ethics. Governance processes such as policies, procedures, standards, regulations, and laws are also covered to ensure adherence to organizational and legal requirements.
Topic 3	<ul style="list-style-type: none"> • Business Continuity (BC), Disaster Recovery (DR) & Incident Response Concepts: This domain targets Business Continuity Planners and Incident Response Coordinators. It focuses on the purpose, importance, and core components of business continuity, disaster recovery, and incident response. Candidates learn how to prepare for and manage disruptions while maintaining or quickly restoring critical business operations and IT services.
Topic 4	<ul style="list-style-type: none"> • Access Controls Concepts: This section measures skills of Access Control Specialists and Physical Security Managers in understanding physical and logical access controls. Topics include physical security measures like badge systems, CCTV, monitoring, and managing authorized versus unauthorized personnel. Logical access control concepts such as the principle of least privilege, segregation of duties, discretionary access control, mandatory access control, and role-based access control are essential for controlling information system access.
Topic 5	<ul style="list-style-type: none"> • Network Security: This domain assesses the knowledge of Network Security Engineers and Cybersecurity Specialists. It covers foundational computer networking concepts including OSI and TCP • IP models, IP addressing, and network ports. Candidates study network threats such as DDoS attacks, malware variants, and man-in-the-middle attacks, along with detection tools like IDS, HIDS, and NIDS. Prevention strategies including firewalls and antivirus software are included. The domain also addresses network security infrastructure encompassing on-premises data centers, design techniques like segmentation and defense in depth, and cloud security models such as SaaS, IaaS, and hybrid deployments.

CC Exam Vce | Detail CC Explanation

It is inevitable that people would feel nervous when the CC exam is approaching, but the main cause of the tension is most lies with lacking of self-confidence. Our Software version of CC exam questions provided by us can help every candidate to get familiar with the Real CC Exam, which is meaningful for you to take away the pressure and to build confidence in the approach. If you have had the confidence in yourself so that you have won the first step on the road to success.

ISC Certified in Cybersecurity (CC) Sample Questions (Q193-Q198):

NEW QUESTION # 193

The prevention of authorized access to resources or the delaying of time-critical operations is known as:

- A. All
- B. ARP poisoning
- C. SYN flood
- **D. Denial-of-Service (DoS)**

Answer: D

Explanation:

A Denial-of-Service (DoS) attack disrupts availability by overwhelming systems or resources, preventing legitimate access.

NEW QUESTION # 194

Which fire suppression system is more friendly to electronics?

- A. Carbon dioxide-based
- B. Chemical-based
- C. Water-based
- D. Foam-based

Answer: A

Explanation:

Carbon dioxide (CO₂) systems suppress fire without leaving residue or damaging electronic equipment.

While they pose risks to people, they are effective for protecting electronics compared to water or foam.

NEW QUESTION # 195

A company's governing board may agree that legal services will examine any third-party contracts, so they create a _____ stating that aside from legal services, no other department in the company should review third-party contracts.

- A. Procedure
- B. Policy
- C. Standard
- D. Law

Answer: B

NEW QUESTION # 196

Dieter wants to send a message to Lupa and wants to be sure that Lupa knows the message has not been modified in transit. What technique/tool could Dieter use to assist in this effort?

- A. Symmetric encryption
- B. Asymmetric encryption
- C. Clockwise rotation
- D. Hashing

Answer: D

NEW QUESTION # 197

Which type of software testing focuses on examining the source code for vulnerabilities and security issues?

- A. Functional testing
- B. User acceptance testing
- C. Black-box testing
- D. White-box testing

Answer: D

NEW QUESTION # 198

.....

It is not easy for you to make a decision of choosing the CC prep guide from our company, because there are a lot of study materials about the exam in the market. However, if you decide to buy the CC test practice files from our company, we are going to tell you that it will be one of the best decisions you have made in recent years. As is known to us, the CC study braindumps from our company are designed by a lot of famous experts and professors in the field. There is no doubt that the CC prep guide has the high quality beyond your imagination. Choosing the CC study braindumps from our company can but prove beneficial to all people. We believe that our products, at all events, worth a trial.
