PassTorrent helps you in doing self-assessment so that you reduce your chances of failure in the examination of DSCI Certified Privacy Lead Assessor DCPLA certification (DCPLA) certification. Similarly, this desktop DSCI Certified Privacy Lead Assessor DCPLA certification (DCPLA) practice exam software of PassTorrent is compatible with all Windows-based computers. You need no internet connection for it to function. The Internet is only required at the time of product license validation.

DSCI Certified Privacy Lead Assessor DCPLA certification Sample Questions (Q12-Q17):

NEW QUESTION # 12

Can a DSCI Certified Lead Assessor for Privacy, not currently an employee of a DSCI Accredited Organization, conduct external assessment leading to DSCI Privacy certification?

- A. False
- B. True

Answer: A

Explanation:

The DAF#P clearly mandates that only assessors affiliated with DSCI Accredited Organizations are authorized to conduct certification assessments. Even if an individual holds a DSCI Certified Lead Assessor credential, they must be employed with or contracted through an accredited organization to carry out official DSCI certification assessments.

NEW QUESTION # 13

'Map the legal and compliance requirements to each data element that an organization is dealing with in all of its business processes, enterprise and operational functions, and client relationships.' This an imperative of which DPF practice area?

- A. Privacy Organization and Relationship (POR)
- B. Visibility over Personal Information (VPI)
- C. Privacy Policy and Processes (PPP)
- D. Regulatory Compliance Intelligence (RCI)

Answer: C

NEW QUESTION # 14

Arrange the following techniques in decreasing order of the risk of re-identification:

- I) Pseudonymization
- II) De-identification
- III) Anonymization

- A. All have equal risk of re-identification
- B. I, II
- C. III, II, I
- D. II, III, I

Answer: B

Explanation:

According to the DSCI Assessment Framework for Privacy (DAF-P), the techniques for reducing identifiability differ in their effectiveness:

* Pseudonymization replaces identifiable fields within a data record with artificial identifiers. However, if additional information (mapping or lookup tables) exists, re-identification is possible.

* De-identification removes or masks identifiers, but residual or quasi-identifiers may still allow re- identification under certain conditions.

* Anonymization aims to irreversibly remove any link between the data and the identity of the subject, thus presenting the least risk of re-identification.

Therefore, when arranged in decreasing order of re-identification risk:

* Pseudonymization (highest risk)

* De-identification

* Anonymization (lowest risk)

This validates option A. I, II as correct.

NEW QUESTION # 15

"Data which cannot be attributed to a particular data subject without use of additional information." Which of the following best describes the above statement?

- **A. Pseudonymized Data**
- B. None of the above
- C. Anonymized Data
- D. Metadata

Answer: A

NEW QUESTION # 16

The concept of data adequacy is based on the principle of _____.

- A. Adequate compliance
- **B. Essential equivalence**
- C. Dissimilarity of legislations
- D. Essential assessment

Answer: B

Explanation:

Data adequacy is a concept primarily referenced under international data transfer mechanisms, especially in GDPR and mirrored in Indian and global privacy frameworks. The idea is that a country can receive personal data from another country if it ensures an "adequate level of protection".

This level is determined not by exact replication of laws but by their "Essential Equivalence" to the originating country's standards. The principle of "Essential Equivalence" means that although the laws do not have to be identical, they must offer comparable protection in practice. This is the benchmark used by authorities like the EU Commission and reflected in frameworks including DPFC.

NEW QUESTION # 17

.....

Purchasing a product may be a cautious thing for all of us, because we not only need to consider the performance of the product but also need to think about the things after purchasing. Our product will provide free demo for trying, and after you have bought the product of the DCPLA exam, we will send you the product by email in ten minutes after we have received the payment. After you bought the practice materials for the DCPLA Exam, if you have any question in the process of using, you can ask the service staff for help by email. Free update for having bought product is also available.
