# 最受歡迎的Apple-Device-Support證照，免費下載Apple-Device-Support學習資料幫助你通過Apple-Device-Support考試

每個人都有自己的夢想，你夢想呢，是升職、是加薪或者等等。我的夢想的通過Apple的Apple-Device-Support考試認證，我覺得有了這個認證，所有的問題都不是問題，不過想要通過這個認證是比較困難，不過不要緊，我選擇NewDumps Apple的Apple-Device-Support考試培訓資料，它可以幫助我實現我的夢想，如果也有IT夢，那就趕緊把它變成現實吧，選擇NewDumps Apple的Apple-Device-Support考試培訓資料，絕對信得過。

## 最新的 Apple Certified Support Professional Apple-Device-Support 免費考試真題 (Q136-Q141):

### 問題 #136

What does Find My use to locate lost or missing devices?

- A. Wi-Fi
- B. Built in trackers
- C. **Bluetooth**
- D. Cellular Data

答案: C

#### 解題說明:

Find My uses Bluetooth signals from nearby Apple devices to locate lost or missing devices, even when they're offline. This feature is called Find My network, and it creates a secure and anonymous network of hundreds of millions of Apple devices that can help find each other. When you mark your device as lost, it sends out a secure Bluetooth beacon that can be detected by other Apple devices nearby. Those devices relay the location of your device to iCloud so you can see it on a map. Find My network respects your privacy and does not reveal any personal information or location data to anyone. Find My also uses Wi-Fi and cellular data to locate devices that are online and have Location Services enabled. ### 問題 #137

How to access Emergency SOS on your iPhone?

- A. Press and hold the side button until the Emergency SOS slider appears.
- B. Press and hold the volume button and swipe down on your screen.
- C. **Press and hold the side button and one of the volume buttons until the slider appears.**
- D. Press the home button 5 times quickly.

答案: C

#### 解題說明:

Emergency SOS is a feature on your iPhone that lets you quickly and easily call for help and alert your emergency contacts. To access Emergency SOS on your iPhone, you need to press and hold the side button and one of the volume buttons until the Emergency SOS slider appears on the screen. You can then drag the slider to call emergency services, or continue holding the buttons to start a countdown and an alert sound. If you release the buttons after the countdown, your iPhone automatically calls emergency services. Emergency SOS works differently depending on your iPhone model and region. For example, in India, you need to press the side button three times rapidly to call emergency services. You can also customize the settings for Emergency SOS, such as adding emergency contacts, enabling auto call, and turning off the countdown sound. References: Use Emergency SOS on your iPhone - Apple Support, How to trigger Emergency SOS on your iPhone (and shut it off)

### 問題 #138

Which macOS and iPadOS feature lets you use your iPad to extend or mirror the display on your Mac?
