### NEW QUESTION # 83

An Administrator at Universal Containers (UC) wants to supply buyers with product-related information. Which two content types can an admin use to provide buyers with product-related information?

- A. File
- B. Document
- C. Asset
- D. Image

**Answer: B,D**

Explanation:

To provide product-related information, an administrator can use:

A) Document: This could include product manuals, specifications, or any other document that provides detailed information about the product.

D) Image: High-quality images can be used to visually represent the product, its usage, or any specific features, contributing to a better understanding of the product for the buyer.

These content types are instrumental in delivering comprehensive product information, enhancing the buyer's journey by providing all necessary details to make an informed purchase decision.

### NEW QUESTION # 84

AB2B Commerce store already exists in English. Now an Administrator wants to add additional languages to the site. Which three steps must an Administrator take to add the additional languages?

- A. Enable Translation Workbench.
- B. Enable Data Translation.
- C. Enable Currency Exchange Rates.
- D. Enable Currency Translation.
- E. Add the Supported Language field to the Store page layout.

**Answer: A,B,E**

Explanation:

To add additional languages to a B2B Commerce site, an Administrator must take the following three steps: B. Enable Translation Workbench, which is a tool for translating text and customizations into different languages; D. Enable Data Translation, which allows for the translation of data records; and E. Add the Supported Language field to the Store page layout, which specifies which languages are supported by the store.

### NEW QUESTION # 85

Which three sub-flows are part of the standard B2B Main Checkout Flow template? 09m 39s

- A. Error
- B. Shipping Method
- C. Billing Address
- D. Taxes
- E. Inventory

**Answer: B,C,D**

Explanation:

The standard B2B Main Checkout Flow template includes sub-flows for Shipping Method (A), Billing Address (B), and Taxes (E). These sub-flows are integral to the checkout process, ensuring that shipping, billing, and tax calculations are handled efficiently and accurately during the checkout procedure.

### NEW QUESTION # 86

An Administrator is analyzing requirements around a customer's category hierarchy for a multi-language site. They have a set of 110 categories which contain many child categories.

Which consideration should the Administrator keep in mind prior to implementation?

- **A. There is a depth limit for the number of child categories**
- B. There is a limit of 100 categories total across all languages
- C. Only 50 categories can be localized per language
- D. There is a limit of 50 categories total across all languages

**Answer: A**

Explanation:

When implementing a category hierarchy for a multi-language site with many child categories, an important consideration is C. There is a depth limit for the number of child categories. Salesforce B2B Commerce imposes limits on the depth of the category hierarchy, affecting how deeply nested child categories can be structured within the overall category architecture.

### NEW QUESTION # 87

An implementation of B2B Commerce is requiring guest users to have read access to the Product object.

What should an Administrator do to ensure that guest users have access?

- A. Create a new store sharing setting on the Product object.
- **B. Modify the guest user profile to provide access to the Product object.**
- C. Change the org wide default for the Product object to read.
- D. Create a sharing rule on the Product object.

**Answer: B**

Explanation:

To ensure that guest users have read access to the Product object, an Administrator should B. Modify the guest user profile to provide access to the Product object. This involves adjusting the permissions within the guest user profile settings to grant read access specifically to the Product object, ensuring that guest users can view product details without compromising data security.
