## Apple Device Support Exam Sample Questions (Q19-Q24):

### NEW QUESTION # 19

Which macOS resource displays the status of network interfaces in a dynamic list?

- A. Wireless Diagnostics
- B. VPN settings
- C. Network settings
- D. Internet Accounts settings

**Answer: C**

### NEW QUESTION # 20

How does a private Wi-Fi address help keep your privacy?

- A. It requires that applications request access before being allowed to send traffic on the network.
- B. It restricts MAC addresses to prevent unauthorized devices from connecting to your network.
- C. It prohibits non-App Store applications from providing location-based suggestions.
- D. It generates a new MAC address for each network you connect to.

**Answer: D**

Explanation:

Private Wi-Fi Address randomizes the MAC address per network, preventing tracking across Wi-Fi connections.

\* Option A: App permissions are separate (TCC).

\* Option C: App Store status isn't relevant.

\* Option D: MAC restriction is network-side, not device-side.

\* Option B: Correct-enhances privacy. References: Apple Support - "Use private Wi-Fi addresses" ([support.apple.com/HT211227](https://support.apple.com/HT211227)).

## **NEW QUESTION # 21**

Scenario

Melody's Mac has multiple printers configured.

Where in System Settings should you go to determine if her printers were configured manually or by an MDM solution?

- A. Printers > Advanced
- B. General > Sharing > Printer Sharing
- C. Privacy & Security > Profiles
- **D. Printers & Scanners > Advanced**

**Answer: D**

## **NEW QUESTION # 22**

Scenario

Andre created a Keynote presentation on his iPad that he wants to access on the desktop of his MacBook Air.

Select the setting in the sidebar that Andre should turn on to access iCloud Drive on his Mac.

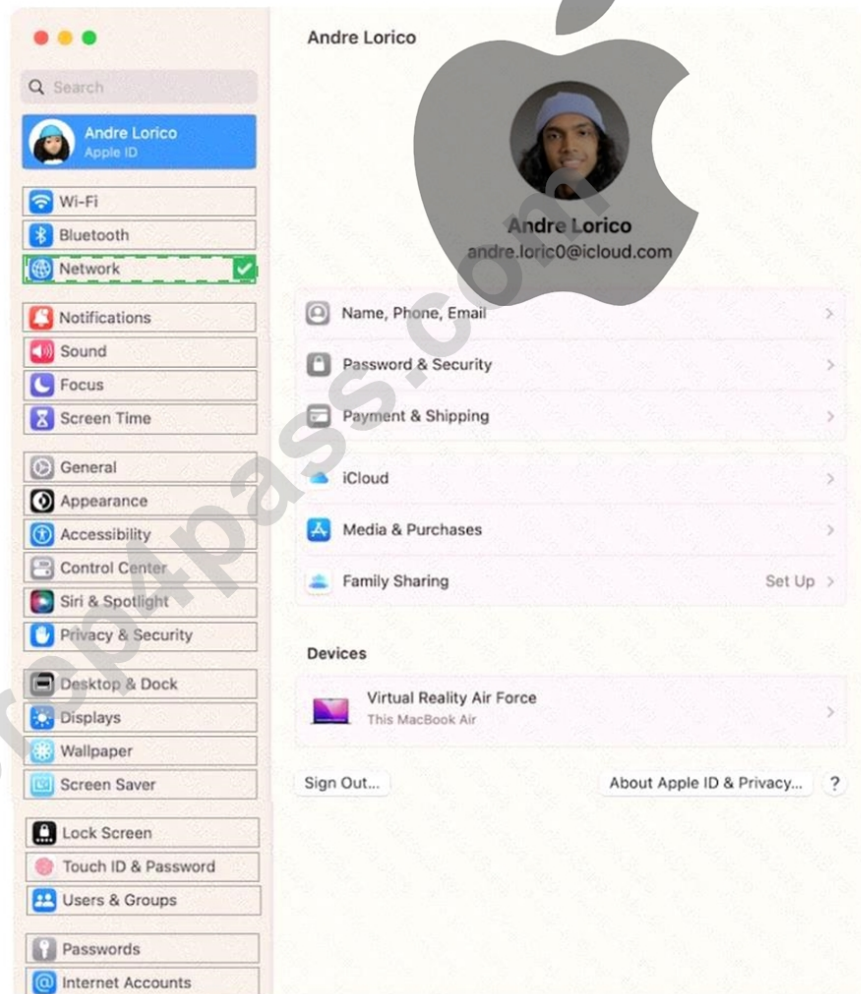

## Answer Area

Answer:

Explanation:

## Answer Area

### NEW QUESTION # 23

Use this image to answer the question.

How do you get to this screen on iPhone?

- A. Press and hold the side button and one of the volume buttons until the Emergency SOS slider appears.
- B. Press the side button then one of the volume buttons. The Emergency Call slider appears.
- C. Press and hold the side button, then drag the Emergency Call slider to call emergency services.
- D. Rapidly press the volume up button five times. The Emergency Call slider appears.

**Answer: A**

Explanation:

The image shows the Emergency SOS screen on an iPhone, which allows you to quickly call emergency services and access your Medical ID. To get to this screen, you need to press and hold the side button and one of the volume buttons until the Emergency SOS slider appears. This works on iPhone 8 and later models. If you continue holding the buttons, a countdown will begin and an alert will sound. At the end of the countdown, your iPhone will automatically call emergency services. Alternatively, you can swipe right on the Emergency SOS slider to call emergency services immediately. You can also tap the Medical ID button to view or share your medical information, or the cancel button to exit the screen.
