Salesforce Administer, Extend, and Automate Salesforce Sample Questions (Q26-Q31):

NEW QUESTION # 26

What should an administrator use as an alternative to a Process Builder to expedite the time required to update the records?

- A. Workflow Rule Field Change
- B. Screen Row
- C. Before save How Trigger
- D. Batch Update

Answer: C

Explanation:

A before save flow trigger is a type of flow that runs before a record is saved and can update the record without any additional actions or database operations. This can expedite the time required to update the records and improve performance. A before save flow trigger can be used as an alternative to a process builder that updates the same record that triggered it. NEW QUESTION # 27

How can an administrator ensure article managers use specified values for custom article field?

- A. Create a required field on the article page layout.
- **B. Create a record type containing preset values**
- C. Create field dependencies on article types.
- D. Create different article types for different requirements.

Answer: B**NEW QUESTION # 28**

AW Computers has enabled the feature for Contact to multiple Accounts. A rep is trying to remove the primary Account from a Contact but is unable to do so. The administrator has already updated the page layout to no longer require an Account.

What could be the issue?

- A. The Contact has Indirect relationships to other Accounts.
- B. Private Contacts need to be enabled in Setup.
- C. The Account Contact relationship record needs to be deleted first in order to disassociate Contact from the Account.
- **D. A primary Account relationship is required on a Contact regardless of the page layout settings.**

Answer: D

Explanation:

When the feature for Contacts to multiple Accounts is enabled, a Contact can have a direct relationship with multiple Accounts. However, one of these relationships must be designated as the primary Account relationship. This relationship is required on a Contact regardless of the page layout settings and cannot be removed unless the Contact is deleted or merged with another Contact.
