What's more, part of that DumpsTests SDS dumps now are free: <https://drive.google.com/open?id=1BtuBp4Rllibi4n-DG0agAdyDDQJjaghU>

To attempt the DASCA SDS exam optimally and ace it on the first attempt, proper exam planning is crucial. Since the DASCA SDS exam demands a lot of time and effort, we designed the Senior Data Scientist (SDS) exam dumps in such a way that you won't have to go through sleepless study nights or disturb your schedule. Before starting the DASCA SDS Preparation, plan the amount of time you will allot to each topic, determine the topics that demand more effort and prioritize the components that possess more weightage in the DASCA SDS exam.

We abandon all obsolete questions in this latest SDS exam torrent and compile only what matters toward actual real exam. Without voluminous content to remember, our SDS quiz torrent contains what you need to know and what the exam will test. So the content of our SDS quiz torrent is imbued with useful exam questions easily appear in the real condition. We are still moderately developing our latest SDS Exam Torrent all the time to help you cope with difficulties. All exam candidates make overt progress after using our SDS quiz torrent. By devoting ourselves to providing high-quality practice materials to our customers all these years, we can guarantee all content are the essential part to practice and remember. Stop dithering and make up your mind at once, SDS test prep will not let you down.

For one thing, the most advanced operation system in our company which can assure you the fastest delivery speed on our SDS exam questions, and your personal information will be encrypted automatically by our operation system. For another thing, with our

SDS actual exam, you can just feel free to practice the questions in our training materials on all kinds of electronic devices. In addition, under the help of our SDS Exam Questions, the pass rate among our customers has reached as high as 98% to 100%. We are look forward to become your learning partner in the near future.

## **DASCA Senior Data Scientist Sample Questions (Q80-Q85):**

### **NEW QUESTION # 80**

Bernoulli random variable is a type of:

- A. Continuous random variable
- B. Sometimes Discrete or sometimes Continuous random variable
- **C. Discrete random variable**
- D. Both A and B

**Answer: C**

Explanation:

A Bernoulli random variable is the simplest form of discrete random variable.

It can take only two values:

1 with probability  $p$  (success).

0 with probability  $(1 - p)$  (failure).

Since the outcomes are finite (binary), it is a discrete random variable.

Option B (Continuous): Incorrect, as continuous variables take values from an interval (e.g., real numbers).

Option C and D: Incorrect, as Bernoulli is always discrete, never continuous.

Thus, the correct answer is Option A (Discrete random variable).

### **NEW QUESTION # 81**

Which of the following is an SLAs specification in case of Internet Service Provider (ISP)?

- **A. All of the above**
- B. Mean Time Between Failures (MTBF)
- C. Turnaround Time (TAT)
- D. Mean Time To Recovery (MTTR)

**Answer: A**

Explanation:

Service Level Agreements (SLAs) define performance commitments between service providers (like ISPs) and customers. Key SLA metrics include:

MTBF (Option A): Measures reliability by defining the expected average time between service failures.

MTTR (Option B): Measures availability by defining how quickly service can be restored after a failure.

TAT (Option C): Measures responsiveness in resolving customer requests or incidents.

All three are standard SLA performance specifications. Hence, the correct answer is Option D (All of the above).

### **NEW QUESTION # 82**

Which of the following is correct for Markov chain?

- A. A Markov chain is the state of a system at sequential points in time
- B. A Markov chain is a sequence of fixed variables  $X_1, X_2$
- **C. Both B and C**
- D. Both A and B
- E. A Markov chain is a sequence of random variables  $X_1, X_2$

**Answer: C**

Explanation:

A Markov chain is a stochastic process describing a sequence of possible events, where the probability of each event depends only on the state attained in the previous step (the Markov property).

Option A: Incorrect. The variables are random, not fixed.

Option B: Correct. Markov chains represent the state of a system at sequential time points.

Option C: Correct. A Markov chain is indeed a sequence of random variables  $\{X_1, X_2, \dots\}$  that satisfy the Markov property.

Option D: Incorrect, since A is wrong.

Option E: Correct, because both B and C are valid.

Thus, the correct answer is Option E (Both B and C).

### NEW QUESTION # 83

The aim of developing Scribe was to offer reliability with using:

- A. Complex protocols
- B. Extensive protocols
- C. High disk space usage
- D. None of the above

**Answer: D**

Explanation:

Scribe is a server developed by Facebook for aggregating log data streamed in real time from many servers.

Its primary aim was reliability and simplicity in collecting logs at scale.

Unlike other systems, Scribe was designed to avoid complex or extensive protocols and to ensure lightweight log transfer.

It also avoids unnecessary high disk usage, relying instead on efficient pipelines.

Thus, the correct answer is Option D (None of the above).

### NEW QUESTION # 84

The grid computing environment uses a middleware to:

- A. Both A and B
- B. None of the above
- C. Divide computing resources
- D. Combine computing resources

**Answer: A**

Explanation:

Grid computing is a distributed computing model where resources (CPU, memory, storage) are pooled across multiple systems to solve large-scale problems.

Option A (Divide): Middleware helps allocate or divide resources dynamically to different tasks.

Option B (Combine): Middleware integrates diverse resources into a unified system, making them accessible for parallel computing.

Option C: Correct - middleware is the "glue" that enables both combining and dividing resources seamlessly across distributed nodes.

Option D: Incorrect.

Thus, grid computing middleware both combines and divides resources, making Option C correct.

### NEW QUESTION # 85

.....

Nowadays, using computer-aided software to pass the SDS exam has become a new trend. Because the new technology enjoys a distinct advantage, that is convenient and comprehensive. In order to follow this trend, our company product such a SDS exam questions that can bring you the combination of traditional and novel ways of studying. The passing rate of our study material is up to 99%. If you are not fortune enough to acquire the SDS Certification at once, you can unlimitedly use our SDS product at different discounts until you reach your goal and let your dream comes true.
