CrowdStrike Certified Falcon Responder Sample Questions (Q16-Q21):

NEW QUESTION # 16

The Activity Dashboard is a core feature for security teams. What is the primary purpose of this dashboard?

- A. To audit the changes made by other Falcon administrators.
- B. To manage the installation and update of Falcon sensors.
- C. To view the raw telemetry of every event happening on the network.
- **D. To provide a summary of the current threat state and active detections in the environment.**

Answer: D

NEW QUESTION # 17

The Falcon console integrates heavily with the MITRE ATT&CK framework to provide industry-standard context. Which of the following tactics displayed in the detection UI is a direct implementation of a MITRE ATT&CK tactic?

- A. Malware Action
- B. Intelligence-Based Match
- **C. Impact**
- D. Script-Based Execution

Answer: C

NEW QUESTION # 18

Responders must understand the limitations and capabilities of custom rules. Which of the following statements about custom IOAs is FALSE?

- A. They allow for pattern matching using wildcards or specific strings.
- B. They can be used to monitor or block specific command-line strings.
- C. They can generate 'Informational' detections if set to the 'Monitor' action.
- **D. A Custom IOA rule group can only be applied to one single prevention policy.**

Answer: D

NEW QUESTION # 19

Evaluate the following process tree observed in a detection:

root > smss.exe > winlogon.exe > userinit.exe > explorer.exe > windows_media_player_y35s21-4ak.exe Based on the parent-child relationships, which entry source is most likely?

- A. A remote service exploitation targeting a system process.
- B. A scheduled task running under the SYSTEM account.
- **C. A phishing attack where the user executed a malicious file from the desktop.**
- D. A supply chain attack targeting the Windows Boot manager.

Answer: C

NEW QUESTION # 20

In the Hash Search tool, which of the following is listed under Process Executions?

- A. File Signature
- **B. Command Line**
- C. Sensor Version
- D. Operating System

Answer: B

NEW QUESTION # 21
