As is known to us, the high pass rate is a reflection of the high quality of 2V0-12.24 study torrent. The more people passed their exam, the better the study materials are. There are more than 98 percent that passed their exam, and these people both used our 2V0-12.24 test torrent. There is no doubt that our VMware vSphere Foundation 5.2 Administrator guide torrent has a higher pass rate than other study materials. We deeply know that the high pass rate is so important for all people, so we have been trying our best to improve our pass rate all the time. Now our pass rate has reached 99 percent. If you choose our 2V0-12.24 study torrent as your study tool and learn it carefully, you will find that it will be very soon for you to get the VMware vSphere Foundation 5.2 Administrator certification in a short time. Do not hesitate and buy our 2V0-12.24 test torrent, it will be very helpful for you.

You can be absolutely assured about the high quality of our products, because the content of VMware vSphere Foundation 5.2 Administrator actual test has not only been recognized by hundreds of industry experts, but also provides you with high-quality after-sales service. Before purchasing 2V0-12.24 prep torrent, you can log in to our website for free download. During your installation, 2V0-12.24 exam torrent hired dedicated experts to provide you with free online guidance. During your studies, 2V0-12.24 Exam Torrent also provides you with free online services for 24 hours, regardless of where and when you are, as long as an email, we will solve all the problems for you. At the same time, if you fail to pass the exam after you have purchased 2V0-12.24 prep torrent, you just need to submit your transcript to our customer service staff and you will receive a full refund.

Exam 2V0-12.24 Learning - 2V0-12.24 Real Dumps Free

PassTorrent is so popular for the reason that our 2V0-12.24 exam preparations are infallible to offer help and we will offer incessant help. On one hand, all content of our 2V0-12.24 study materials can radically give you the best backup to make progress. All related updates of the 2V0-12.24 learning guide will be sent to your mailbox. In a sense, our 2V0-12.24 training questions are classy and can broaden your preview potentially.

VMware vSphere Foundation 5.2 Administrator Sample Questions (Q16-Q21):

NEW QUESTION # 16

Match the vSAN troubleshooting tasks with their corresponding tools.

- A) Resolving disk failures
- B) Updating vSAN drivers
- C) Checking vSAN health
- D) Recovering from a controller failure

- 1) Use the ESXCLI tool
- 2) Use the vSAN health plugin in vSphere Client
- 3) Use the hardware diagnostics tool
- 4) Use the Skyline Health Insights

Response:

- A. A-2, B-3, C-4, D-1
- B. A-4, B-1, C-3, D-2
- **C. A-3, B-1, C-2, D-4**
- D. A-2, B-1, C-3, D-4

Answer: C

NEW QUESTION # 17

An administrator needs to perform lifecycle management for their VMware Cloud Foundation components, including upgrading the SDDC Manager.

Which three steps should be followed to successfully upgrade VMware Cloud Foundation? (Choose three.)

- **A. Perform a pre-check to ensure that all components are compatible with the new version.**
- B. Manually download the update bundles with a secure browser from the VMware website.
- **C. Use the SDDC Manager UI to initiate the upgrade process.**
- **D. Backup all VMware Cloud Foundation components before starting the upgrade.**
- E. Disable DRS and HA on all clusters before initiating the upgrade.

Answer: A,C,D

Explanation:

Backing up all VMware Cloud Foundation components ensures that data is protected in case the upgrade process encounters issues.

Performing a pre-check is important to verify that all components are compatible with the new version to avoid compatibility issues during the upgrade process.

The SDDC Manager UI is used to initiate the upgrade process, providing a guided and consistent method for upgrading the VMware Cloud Foundation environment.

NEW QUESTION # 18

Which tool is most appropriate for analyzing detailed network performance metrics in a vSphere environment?

- **A. Aria Operations**
- B. vSphere Client

- C. vSphere CLI
- D. vSAN Health Service

Answer: A

Explanation:

Aria Operations (formerly vRealize Operations) is the most appropriate tool for analyzing detailed network performance metrics in a vSphere environment. It provides comprehensive monitoring, analytics, and performance management, including network performance metrics across the vSphere infrastructure.

NEW QUESTION # 19

An administrator needs to create a custom role in vCenter Server that is part of VMware Cloud Foundation environment to grant specific privileges to a group of users.

Which two actions should be taken to create this custom role? (Choose two.)

- A. Assign permissions to the custom role before adding privileges.
- B. Clone an existing role in SDDC Manager to create the custom role.
- C. Apply the custom role to the root of the vCenter Server inventory.
- D. Choose the privileges required for the custom role.
- E. Navigate to the Roles section in the vSphere Client.

Answer: D,E

Explanation:

When creating a custom role, it is essential to choose the appropriate privileges that the role will require. These privileges define what actions the users in the role can perform.

To create and manage roles, you need to navigate to the "Roles" section in the vSphere Client. This is where roles are defined and assigned within the vCenter Server.

NEW QUESTION # 20

When configuring a new port group on a Virtual Distributed Switch (VDS), what is the purpose of setting a VLAN ID?

- A. To enable load balancing across multiple uplinks.
- B. To manage storage replication settings
- C. To segment and isolate network traffic.
- D. To automate the creation of VMs within the port group.

Answer: C

Explanation:

Setting a VLAN ID on a port group on a Virtual Distributed Switch (VDS) allows for network segmentation by tagging traffic with the appropriate VLAN ID. This enables isolation of network traffic between different VLANs, ensuring that communication is restricted to specific segments of the network as required.

NEW QUESTION # 21

.....
