

300-410 training materials: Implementing Cisco Enterprise Advanced Routing and Services & 300-410 guide torrent & Cisco 300-410 quiz

BONUS!!! Download part of TopExamCollection 300-410 dumps for free: <https://drive.google.com/open?id=1IciO7BRsfYjNcH3u5KpND2pKotBxTi88>

What kind of services on the 300-410 training engine can be considered professional, you will have your own judgment. We will give you the most professional answers on the 300-410 practice engine in the first time. But I would like to say that our 300-410 Study Materials must be the most professional of the 300-410 exam simulation you have used. Our experts who compiled them are working on the subject for years.

You must be curious about your exercises after submitting to the system of our 300-410 study materials. Now, we have designed an automatic analysis programs to facilitate your study. You will soon get your learning report without delay. Not only can you review what you have done yesterday on the online engine of the 300-410 study materials, but also can find your wrong answers and mark them clearly. So your error can be corrected quickly. Then you are able to learn new knowledge of the 300-410 Study Materials. Day by day, your ability will be elevated greatly. Intelligent learning helper can relieve your heavy burden. Our 300-410 study materials deserve your purchasing. If you are always waiting and do not action, you will never grow up.

300-410 Best Study Material, 300-410 Latest Test Practice

If you get the certificate of an exam, you can have more competitive force in hunting for job, and can double your salary. 300-410 exam braindumps of us will help you pass the exam. We have a professional team to research 300-410 exam dumps of the exam center, and we offer you free update for one year after purchasing, and the updated version will be sent to your email automatically. If you have any questions about the 300-410 Exam Torrent, just contact us.

Cisco 300-410 exam is designed for network professionals who are responsible for designing, implementing, and troubleshooting complex enterprise network solutions. It requires a deep understanding of advanced routing concepts and protocols, as well as the ability to configure and troubleshoot complex network services. 300-410 Exam also tests candidates' knowledge of automation tools and techniques, which are increasingly important in modern network environments. Passing 300-410 exam demonstrates that the candidate has the necessary skills to design and implement advanced routing and services solutions in enterprise networks.

Cisco Implementing Cisco Enterprise Advanced Routing and Services Sample Questions (Q320-Q325):

NEW QUESTION # 320

Which two values do you use to configure a threshold for an object track list? (Choose two.)

- A. percentage
- B. priority

- C. metric
- D. queue limit
- E. weight

Answer: A,E

Explanation:

Explanation/Reference: https://www.cisco.com/c/en/us/td/docs/switches/datacenter/nexus5500/sw/unicast/6_x/cisco_n5500_layer3_ucast_cfg_rel_6x/13_object.html

NEW QUESTION # 321

Refer to the exhibit. An engineer configured router R3 to redistribute the prefix 10.10.10.0/24 from OSPF into EIGRP. R1 has no connectivity to the prefix.

Which action enables receipt of prefixes on R1?

```

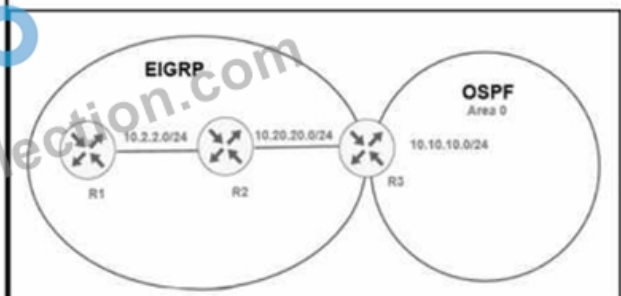

R2#show ip eigrp topology 10.10.10.0 255.255.255.0
IP-EIGRP (AS 1): Topology entry for 10.10.10.0/24
  State is Passive, Query origin flag is 1, 1 Successor(s), FD
  is 256005120
  Routing Descriptor Blocks:
    10.20.20.3 (FastEthernet0/1), from 10.20.20.3, Send flag is
  0x0
    Composite metric is (256005120/256002560), Route is
  External
  Vector metric:
    Minimum bandwidth is 10 Kbit
    Total delay is 200 microseconds
    Reliability is 10/255
    Load is 10/255
    Minimum MTU is 10
    Hop count is 1
  External data:
    Originating router is 10.1.1.1
    AS number of route is 1
    External protocol is OSPF, external metric is 0
    Administrator tag is 0 (0x00000000)

```

```

R1#sh run | s eigrp
router eigrp 1
router-id 10.1.1.1
network 10.2.2.0 0.0.0.255
no auto-summary

```

- A. R1 is not receiving the next-hop IP address of R3. R2 must enable the network 10.20.20.0/24 within EIGRP.
- B. Duplicate router IDs on R1 and R3. R1 should modify its router ID.
- C. R3 is advertising the 10.20.20.0/24 prefix with a TTL of 1. R3 must set the TTL to 2 for this prefix.
- D. R1 does not have a neighbor relationship with R2. The EIGRP process should be cleared on R1.

Answer: D

NEW QUESTION # 322

Refer to the exhibit.

```

BRANCH-RTR#
router eigrp 100
network 10.4.31.0 0.0.0.7
network 10.100.100.1 0.0.0.0
distribute-list route-map FILTER-IN in FastEthernet0/0
eigrp router-id 10.100.100.1
!
ip prefix-list 102 seq 10 permit 10.1.1.100/32
!
route-map FILTER-IN deny 10
match ip address prefix-list 102
!

```

A junior engineer updated a branch router configuration. Immediately after the change, the engineer receives calls from the help desk that branch personnel cannot reach any network destinations. Which configuration restores service and continues to block 10.1.1.100/32?

- A. route-map FILTER-IN permit 20
- B. ip prefix-list 102 seq 15 permit 0.0.0.0/32 le 32
- C. ip prefix-list 102 seq 5 permit 0.0.0.0/32 le 32
- D. route-map FILTER-IN deny 5

Answer: A

Explanation:

By using "deny" keyword in a route-map, we can filter out the prefix specified in the prefix-list.

But there is an implicit "deny all" statement in the prefix-list so we must permit other prefixes with "permit" keyword in the route-map.

NEW QUESTION # 323

The network administrator configured CoPP so that all HTTP and HTTPS traffic from the administrator device located at 172.16.1.99 toward the router CPU is limited to 500 kbps. Any traffic that exceeds this limit must be dropped.

```
access-list 100 permit ip host 172.16.1.99 any
```

```
!
```

```
class-map CM-ADMIN
```

```
match access-group 100
```

```
!
```

```
policy-map PM-COPP
```

```
class CM-ADMIN
```

```
police 500000 conform-action transmit
```

```
!
```

```
interface E0/0
```

```
service-policy input PM-COPP
```

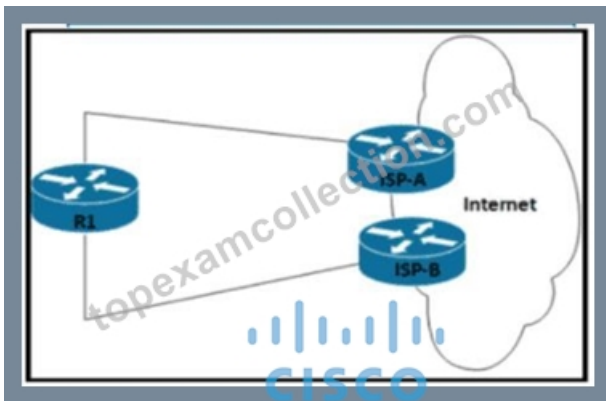

CoPP failed to capture the desired traffic and the CPU load is getting higher.

Which two configurations resolve the issue? (Choose two.)

- A. policy-map PM-COPP
class CM-ADMIN
no police 500000 conform-action transmit
police 500 conform-action transmit
!
control-plane
service-policy input PM-COPP
- B. no access-list 100
access-list 100 permit tcp host 172.16.1.99 any eq 80
- C. policy-map PM-COPP
class CM-ADMIN
no police 500000 conform-action transmit
police 500 conform-action transmit
- D. interface E0/0
no service-policy input PM-COPP
!
control-plane
service-policy input PM-COPP
- E. no access-list 100
access-list 100 permit tcp host 172.16.1.99 any eq 80
access-list 100 permit tcp host 172.16.1.99 any eq 443

Answer: D

NEW QUESTION # 324

Refer to the exhibit. Router R1 peers with two ISPs using static routes to get to the internet. The requirement is that R1 must prefer ISP-A under normal circumstances and failover to ISP-B if the connectivity to ISP-A is lost. The engineer observes that R1 is load balancing traffic across the two ISPs Which action resolves the issue by sending traffic to ISP-A only with failover to ISP-B?

- A. Configure two static routes on R1. one pointing to ISP-B with more specific routes and another pointing to ISP-A with summary routes
- B. Change the bandwidth of the interface on R1 so that interface to ISP-A has a higher value than the interface to ISP-B
- C. Configure two static routes on R1. one pointing to ISP-A and another pointing to ISP-B with 222 admin distance
- D. Configure OSPF between R1, ISP-A, and ISP-B for dynamic failover if any ISP link to R1 fails

Answer: A

NEW QUESTION # 325

.....

With the pass rate reaching 98.65%, our 300-410 training materials have gained popularity in the international market. If you choose us, we can ensure that you can pass the exam in your first attempt. We are pass guarantee and money back guarantee for 300-410 exam dumps. If you fail to pass the exam, we will give you refund. You can try free demo before buying 300-410 Exam Materials, so that you can have deeper understanding of what you are going to buy. Free update for one year is available, the update version for 300-410 exam braindumps will be sent to your email automatically.
