After passing this exam, candidates get a certificate from Microsoft that helps them to demonstrate their proficiency in dynamics concepts.

Microsoft Dynamics 365 Business Central Functional Consultant Sample Questions (Q178-Q183):

NEW QUESTION # 178

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are implementing Dynamics 365 Business Central for a company. The company provides subscription services to their customers. The subscription invoices are almost identical each month.

The company wants to set up recurring sales lines for subscription invoices.

You need to create systems for creating subscription invoices.

Solution: Create a sales quote for each customer. Add the sales lines to the quote. Then, use the Copy Document feature to create a new invoice.

Does the solution meet the goal?

- A. No
- B. Yes

Answer: A

Explanation:

Reference:

Creating sales quotes and then using the Copy Document feature to create invoices is a manual process. It does not provide the automation or recurring functionality required for subscription invoices. While technically you could replicate invoices, this does not meet the company's goal of setting up a system for recurring invoices.

NEW QUESTION # 180

You need to configure discounting for sales.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area.

Answer:

Explanation:

- 1 - Configure Discount Posting in Sales....
- 2 - Create a Customer Discount Group
- 3 - Define the Sales Line Discounts

NEW QUESTION # 181

You are setting up a new company for a customer.

The customer wants to understand the structure of the elements involved in inventory posting.

You need to describe the relationship between elements in a basic inventory setup.

What is the hierarchical order of the elements included in inventory posting beginning with the master data? To answer, move the appropriate three entities from the list of actions to the answer area and arrange them in the correct order.

Answer:

Explanation:

- 1 - Items
- 2 - Item Ledger Entries
- 3 - Value Entries

NEW QUESTION # 182

A company creates blanket purchase orders from inbound documents that are sent to Dynamics 365 Business Central by purchasing agents.

When a new blanket purchase order is created with a certain item, the system must send a procurement supervisor a request to approve the purchase order. Purchase orders must not be posted until the procurement supervisor approves the purchase order.

You need to configure the system. To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer:
