Salesforce Certified Experience Cloud Consultant Sample Questions (Q48-Q53):

NEW QUESTION # 48
Universal Containers (UC) maintains multiple customer-facing sites, but only one profile for all customer users. No customer has access to more than one site.
Which step should the UC system administrator take to grant customers access to the appropriate site?

- A. Create and assign a permission set to the users and site.
- B. Assign the profile to the site membership.
- C. Add user to the All Customer Portal Users public group.
- D. Enable the Customer Identity profile or permission set.

Answer: B

Explanation:
This option allows UC to grant customers access to the appropriate site. Site membership is a feature that defines which users can access a site and what permissions they have. UC can assign the profile for all customer users to the site membership of each site and specify the default page access and object permissions for that profile. UC can also assign permission sets to the site membership togrant additional permissions to specific users4

NEW QUESTION # 49
The Cloud Kicks (CK) site administrator is onboarding a now partner to its Experience Cloud site. They have created the partner as an Account, added the required Contacts, and ensured that the Welcome Email selection is checked. However, upon review, the site administrator has found that none of the partner users were able to register.
What should the site administrator do to ensure they are able to set up partner users correctly?

- A. Double-check that the provided email addresses are correct.
- B. Ensure thatthe Contacts under the Account are enabled as partner users.
- C. Double-check that the partner profile has been added to the CK site.
- D. Ensure that the Account has been enabled as a partner Account.

Answer: B

Explanation:
To ensure that the partner users are able to register, the site administrator should enable the Contacts under the Account as partner users. This will allow the site administrator to assign a username, password, and profile to each Contact and send them a welcome email with a link to activate their account and log in to the site.

NEW QUESTION # 50
Which stepdoes the system administrator have to take to create a partner user?

- A. Add the user to the All Partner Portal Users public group.
- B. Create a partner queue, and add users to it.
- C. Select Enable Partner User from the Contact Detail page.
- D. Assign the Gold Partner permission to the user.

Answer: C

Explanation:
This step allows the system administrator to create a partner user from an existing contact that is associated with a partner account. The partner user inherits the role, profile, and permission setsfrom the contact. The system administrator can also specify a username, email address, and nickname for the partner user.

NEW QUESTION # 51

NEW QUESTION # 52
Cloud Kicks (CK) is planning to build a social intranet site as well as an HR help site for its employees using Experience Cloud. Most employees either work in sales or service and currently use Salesforce.
Which user license should be recommended for CK's employees to access Experience Cloud sites?

- A. Platform Portal
- B. Salesforce Authenticated Site
- C. Customer Community
- D. Salesforce Unlimited

Answer: D

Explanation:
To access Experience Cloud sites, CK's employees should use the Salesforce Unlimited user license. This license allows employees to access Salesforce and Experience Cloud sites with the same login and credentials.
It also provides unlimited custom objects, tabs, and apps, as well as enhanced storage and support. The Salesforce Unlimited user license is the most comprehensive and flexible license for Salesforce users.
