F3 Detailed Study Dumps & F3 Valid Exam Sims

Different from other similar education platforms, the F3 quiz guide will allocate materials for multi-plate distribution, rather than random accumulation without classification. The F3 prepare torrent is absorbed in the advantages of the traditional learning platform and realize their shortcomings, so as to develop the F3 test material more suitable for users of various cultural levels. And the F3 test

material provided many study parts of the plates is good enough to arouse the enthusiasm of the user, allow the user to keep attention of highly concentrated.

CIMA F3 Financial Strategy Sample Questions (Q422-Q427):

NEW QUESTION # 422

Company A is planning to acquire Company B by means of a cash offer. The directors of Company B are prepared to recommend acceptance if a bid price can be agreed. Estimates of the net present value (NPV) of future cash flows for the two companies and the combined group post acquisition have been prepared by Company A's accountant. There are as follows:

□ What is the maximum price that Company A should offer for the shares in Company B?
□ Give your answer to the nearest \$ million

Answer:

Explanation:
150
□

NEW QUESTION # 423

Company P is a large unlisted food-processing company.

Its current profit before interest and taxation is \$4 million, which it expects to be maintainable in the future.

It has a \$10 million long-term loan on which it pays interest of 10%.

Corporate tax is paid at the rate of 20%.

The following information on P/E multiples is available:

□ Which of the following is the best indication of the equity value of Company P?

- A. \$48 million
- B. \$40 million
- C. \$24 million
- D. \$80 million

Answer: C

NEW QUESTION # 424

Company F's current profit before interest and taxation is \$5.0 million.

It has a 10% long-term corporate bond in issue with a nominal value of \$10 million.

Corporate tax is paid at 25%.

The industry average P/E multiple is 10.

Company X has made an approach to acquire the entire share capital of Company F for \$30 million.

Company X has announced that anticipated synergies (after interest and taxation) arising from its acquisition of Company F will be \$1 million each year in perpetuity.

Advise the Board of Directors of Company F if the bid should be accepted, based on the above information?

- A. Reject the bid because Company F is potentially worth \$60 million to Company X.
- B. Reject the bid because Company F is potentially worth \$50 million to Company X.
- C. Reject the bid because Company F is potentially worth \$40 million to Company X.
- D. Accept the bid because Company F is potentially worth \$30 million to Company X.

Answer: C

Explanation:

EBIT = 5m

Interest = $10\% \times 10\text{m} = 1\text{m}$ # PBT = 4m

Tax @25% = 1m # Earnings = 3m

Stand-alone equity value using industry P/E 10 = $3\text{m} \times 10 = 30\text{m}$

Synergies after tax = 1m p.a. in perpetuity # value (using same multiple) = $1\text{m} \times 10 = 10\text{m}$ Value of F to X = $30\text{m} + 10\text{m} = 40\text{m}$

Offer of 30m is below this, so Board should reject on that basis.

NEW QUESTION # 425

Company W has received an unwelcome takeover bid from Company B.

The offer is a share exchange of 3 shares in Company B for 5 shares in Company W or a cash alternative of \$5.70 for each Company W share.

Company B is approximately twice the size of Company W based on market capitalisation. Although the two companies have some common business interests the main aim of the bid is diversification for Company B.

Company W has substantial cash balances which the directors were planning to use to fund an acquisition.

These plans have not been announced to the market.

The following share price information is relevant.

Which of the following would be the most appropriate action by Company W's directors following receipt of this hostile bid?

- A. Change the Articles of Association to increase the percentage of shareholder votes required to approve a takeover.
- B. Refer the bid to the country's competition authorities.
- C. Pay a one-off special dividend.
- D. Write to shareholders explaining fully why the company's share price is under valued.

Answer: D

NEW QUESTION # 426

The ex div share price of Company A's shares is \$3.50

An investor in Company A currently holds 2,000 shares.

Company A plans to issue a scrip divided of 1 new shares for every 10 shares currently held.

After the scrip divided, what will be the total wealth of the shareholder?

Give your answer to the nearest whole \$.

- A. \$7,000-Exhibit (4d5f8789-9564-4746-a118-289adb7184f9)-
- B. 7000Scrip issue 1-for-10:Current holding = 2,000 shares at \$3.50 # wealth = $2,000 \times 3.50 = \$7,000$. A scrip dividend just increases number of shares and reduces price proportionally, so total wealth stays the same.

Answer: A,B

NEW QUESTION # 427

.....

After you pass the test F3 certification, your working abilities will be recognized by the society and you will find a good job. If you master our F3 quiz torrent and pass the exam. You will be respected by your colleagues, your boss, your relatives, your friends and the society.
