Step 1 - Understanding the question

The question asks where implementation consultants can find configuration information for each level in the configuration hierarchy in SAP S/4HANA Cloud, Private Edition.

Step 2 - Explanation

The SAP Help Portal provides structured documentation on:

- * Configuration hierarchy levels (e.g., scope items, business areas, processes, activities).

- * End-to-end setup details for each module and scenario.

The SAP Help Portal organizes information by hierarchy and is the official source for all configuration documentation.

Option A: In the SAP Fiori apps reference library

Incorrect - It lists app-specific information (installation, roles, etc.), not configuration hierarchies.

Option B: In the SAP Signavio Process Manager

Incorrect - Signavio focuses on process modeling and design, not configuration documentation.

Option C: In the SAP Help Portal

Correct - Configuration hierarchy and detailed setup documentation are available here.
