## Valid CWNP Exam CWAP-405 Quizzes | Try Free Demo before Purchase

As an old saying goes: Practice makes perfect. Facts prove that learning through practice is more beneficial for you to learn and test at the same time as well as find self-ability shortage in CWAP-405 test prep. The PC test engine of our CWAP-405 exam torrent is designed for such kind of condition, when the system of the CWAP-405 Exam Torrent has renovation of production techniques by actually simulating the test environment. Until then, you will have more practical experience and get improvement rapidly through our CWAP-405 quiz guide.

## CWNP Certified Wireless Analysis Professional Sample Questions (Q99-Q104):

### NEW QUESTION # 99

When would you expect to see a Reassociation Request frame?

- A. Every time a STA roams
- B. Only when a STA is using FT roaming
- C. Only when a STA roams back to an AP it has previously been associated with
- D. Every time a STA associates to an AP to which it has previously been associated

**Answer: A**

Explanation:

A Reassociation Request frame is sent every time a STA roams from one AP to another within the same ESS.

A Reassociation Request frame is similar to an Association Request frame, but it also contains the BSSID of the current AP that the STA is leaving. This allows the new AP to coordinate with the old AP and transfer the STA's context information, such as security keys, QoS parameters, and buffered frames. This way, the STA can maintain its connectivity and session continuity during roaming.
