We can guarantee that our study materials will be suitable for all people and meet the demands of all people, including students, workers and housewives and so on. If you decide to buy and use the ECBA Training Materials from our company with dedication on and enthusiasm step and step, it will be very easy for you to pass the exam without doubt. We sincerely hope that you can achieve your dream in the near future by the ECBA latest questions of our company.

IIBA Entry Certificate in Business Analysis (ECBA) Sample Questions (Q135-Q140):

NEW QUESTION # 135
Requirements allocation is an element of which task?

- A. Define design options
- B. Define requirements architecture
- C. Specify and model requirements
- D. Verify requirements

Answer: B

Explanation:
Requirements allocation is an element of the task "Define requirements architecture". This process involves organizing and structuring the requirements to effectively support the development and management of the solution. By defining the requirements architecture, business analysts can determine how best to allocate requirements across various solution components and releases, ensuring that each requirement is addressed in a manner that aligns with the overall solution design and strategy. This systematic approach to handling requirements helps in maximizing value delivery and achieving the project objectives efficiently.

NEW QUESTION # 136
Stakeholders commonly face challenges in prioritizing requirements due to:

- A. lack of knowledge.
- B. different perceived values.
- C. project time constraints.
- D. inability to work with others.

Answer: B
