QUESTION 400
A recent security assessment revealed that an actor exploited a vulnerable workstation within an organization and has persisted on the network for several months. The organization realizes the need to reassess its security. Strategy for mitigating risks within the perimeter Which of the following solutions would BEST support the organization's strategy?

A. FIM
B. DLP
C. EDR
D. UTM

Answer: C

QUESTION 401
A security analyst b concerned about traffic initiated to the dark web from the corporate LAN. Which of the following networks should he analyst monitor?

A. SFTP
B. AS
C. Tor
D. IoC

Answer: C

QUESTION 402
A global company is experiencing unauthorized logging due to credential theft and account lockouts caused by brute-force attacks. The company is considering implementing a third-party identity provider to help mitigate these attacks. Which of the following would be the BEST control for the company to require from prospective vendors'?

A. IP restrictions
B. Multifactor authentication
C. A banned password list
D. A complex password policy

Answer: B

QUESTION 403
A systems administrator needs to install the same X.509 certificate on multiple servers. Which of the following should the administrator use?

2025 Latest DumpsActual 400-007 PDF Dumps and 400-007 Exam Engine Free Share: https://drive.google.com/open?id=1IBwjEhpb0LCrwKzOzcYCcxeP1knY3C3L

As we know that if you have an outstanding certification you will have more opportunities for application and promotion, many companies think highly of golden certifications, it will be a step-stone to some great positions. Our website DumpsActual is engaging in providing high-pass-rate 400-007 Exam Guide torrent to help candidates clear 400-007 exam easily and obtain certifications as soon as possible. We are engaging in this line more than 8 years on the 400-007 exam questions. Thousands of candidates choose us and achieve their goal every year.

Keep making progress is a very good thing for all people. If you try your best to improve yourself continuously, you will that you will harvest a lot, including money, happiness and a good job and so on. The 400-007 preparation exam from our company will help you keep making progress. Choosing our 400-007 Study Material, you will find that it will be very easy for you to overcome your shortcomings and become a persistent person. Just come and buy our 400-007 learning guide!

400-007 Real Testing Environment & Exam 400-007 Revision Plan

There are three versions of 400-007 training materials for the candidate of you, and different versions have different advantages, you

can use it in accordance with your own habit. Free update for each version for one year, namely, you don't need to buy the same version for many times, and the update version will send to you automatically. You will get the latest version of 400-007 Training Materials.

Cisco Certified Design Expert (CCDE v3.0) Written Exam Sample Questions (Q82-Q87):

NEW QUESTION # 82
A large enterprise customer is planning a new WAN connection to its headquarters. The current architecture is dual homed with static routing, but users complain when a specific link fails. Failure of the other link does not affect any services or applications. The new WAN connection must provide the headquarters with a resilient network design and increase the return on investment.
Which solution should be recommended to the customer?

- A. Add an additional link to the WAN.
- B. Procure additional bandwidth.
- C. Use dynamic routing toward the WAN.
- D. Implement granular quality of service on the links.

Answer: C

NEW QUESTION # 83
In a redundant hub-and-spoke design with inter-spoke links, load oscillation and routing instability occur due to overload conditions.
Which two design changes improve resiliency? (Choose two)

- A. Eliminate links between every spoke
- B. Use two links to each remote site instead of one
- C. Increase the number of redundant paths considered during the routing convergence calculation
- D. Increase unequal-cost parallel paths
- E. Increase routing protocol convergence timers

Answer: B,D

Explanation:
Comprehensive and Detailed Explanation:
To reduce oscillation and improve resiliency:
* D: Increasing unequal-cost multipath (UCMP) paths allows the routing protocol to load-share over more than one path, preventing traffic congestion from oscillating between nodes.
* E: Dual links to each site improve bandwidth and failover options, reducing reliance on overloaded peers.
Other options:
* A: Increasing redundant paths may worsen convergence complexity and doesn't solve oscillation.
* B: Removing inter-spoke links reduces redundancy.
* C: Increasing convergence timers delays recovery and stability.

NEW QUESTION # 84
Which two application requirements are mandatory tor traffic to receive proper treatment when placed in the priority queue? (Choose two.)

- A. WRED drop treatment
- B. TCP-based application
- C. intolerance to jitter
- D. small transactions (HTTP-like behavior)
- E. tolerance to packet loss

Answer: C,D

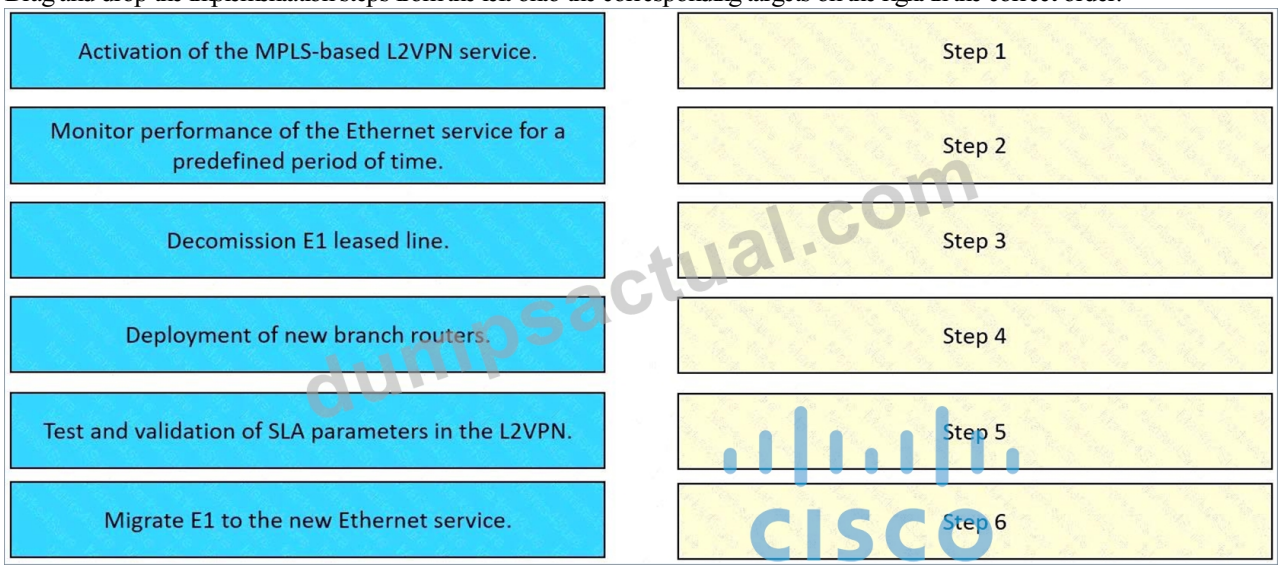
NEW QUESTION # 85
An enterprise campus is adopting a network virtualization design solution with these requirements

* It must include the ability to virtualize the data plane and control plane by using VLANs and VRFs
* It must maintain end-to-end logical path transport separation across the network
* resources available grouped at the access edge
Which two primary models can this network virtualization design be categorized? (Choose two)

- A. Services virtualization
- B. Path isolation
- C. Edge isolation
- D. Session isolation
- E. Group virtualization

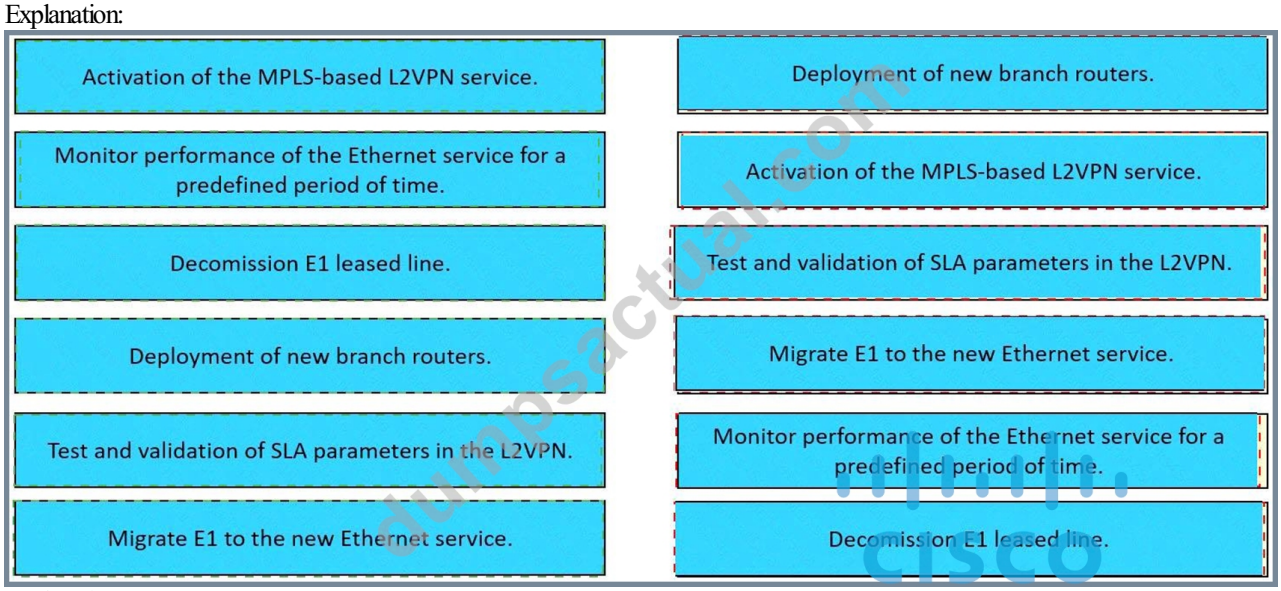
Answer: A,B

NEW QUESTION # 86
The network team in XYZ Corp wants to modernize their infrastructure and is evaluating an implementation and migration plan to allow integration MPLS-based, Layer 2 Ethernet services managed by a service provider to connect branches and remote offices. To decrease OpEx and improve response times when network components fail, XYZ Corp decided to acquire and deploy new routers. The network currently is operated over E1 leased lines (2 Mbps) with a managed CE service provided by the telco.
Drag and drop the implementation steps from the left onto the corresponding targets on the right in the correct order.

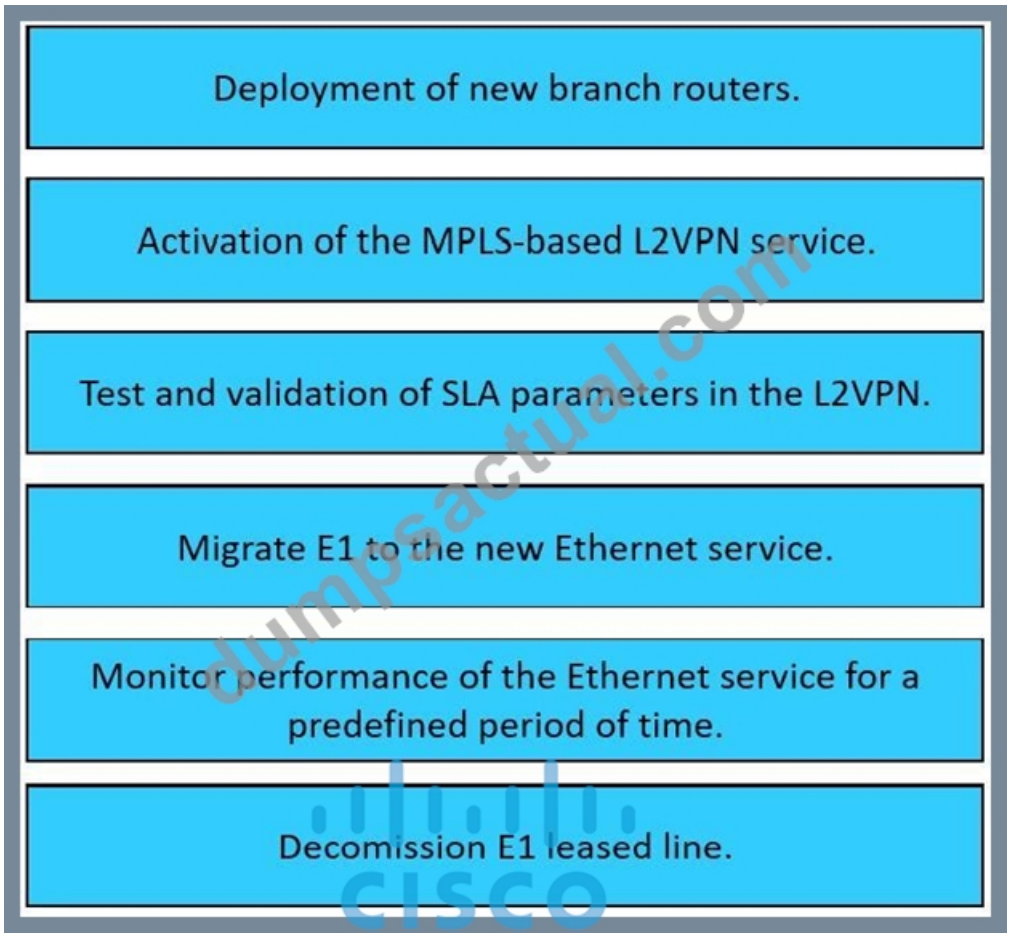


Answer:

Explanation:



Explanation:
Table Description automatically generated



NEW QUESTION # 87
.....

The second format DumpsActual also has a product support team available every time to help you out in any terms. And they will fix all of your problems on time. provides its users to study for Prepare for your Cisco Certified Design Expert (CCDE v3.0) Written Exam (400-007) exam is web-based practice exam. This format has all the features of desktop practice exam software for Cisco 400-007 exam preparation.
