You post a goods issue to a profitability segment. What is the profitability segment?

- A. An attributed account assignment
- B. A true account assignment
- C. A statistical account assignment
- D. A configurable account assignment type

**Answer: B**

Explanation:
Solution:
The correct answer based on learning.sap.com is:
* A. A true account assignment
When you post a goods issue to a profitability segment, the segment is assigned as a true account assignment- meaning the profitability segment is determined upfront by the application (e.g., the sales or production order) and posted directly to the General Ledger, enabling full integration with follow-on processes and allocations
