NEW QUESTION # 37

Who should be identified and assigned the role of the IT Contact immediately when the implementation begins?

- A. Partner lead configuration expert
- B. Customer system admin
- C. Customer project manager
- D. Partner project manager

Answer: B

Explanation:

The IT Contact is the person who is responsible for setting up the initial system access, provisioning users, and managing authentication for the SAP S/4HANA Cloud Public Edition project. The IT Contact should be identified and assigned immediately when the implementation begins, as they will receive all the SAP communications and notifications related to the system setup and configuration. The IT Contact should also be available and accessible throughout the project, and collaborate with the project team and the business stakeholders1.

The IT Contact should be someone who is a hands-on system administrator, not an executive. They should have the skills and experience to perform the system administration tasks, such as creating users, assigning roles, configuring identity providers, and troubleshooting issues. They should also be committed and engaged with the project, and provide feedback and participate in testing and training activities1.

Therefore, the correct answer is C, as the customer system admin is the most suitable person to be the IT Contact for the SAP S/4HANA Cloud Public Edition project. References = 1 How to Choose the Right IT Contact for Your SAP S/4HANA Cloud Public Edition Project - SAP Community
