Salesforce Certified Experience Cloud Consultant Sample Questions (Q90-Q95):

NEW QUESTION # 90
Universal Containers (UC) works with a large retainer network. UC wants these retailers to start registering deal and work with UC to convert them into sales.

Which user license should the Experience Cloud consultant recommend?

- A. CommercePortal
- B. Platform Portal
- C. Partner Community
- D. Partner Community Plus

Answer: D

Explanation:
This user license allows partners to register deals and work with UC on sales opportunities. It also provides access to reports and dashboards, campaigns, orders, price books, and products. Partner Community Plus users can also access standard and custom objects, such as accounts, contacts, cases, and leads1

NEW QUESTION # 91
Cloud Kicks (CK) is in the process of updating and retiring multiple Experience Cloud sites on its one org.
What should CK consider before taking action as it inactivates and brings on new sites?

- A. Each org can have up to 100 Experience Cloud sites as long as they are active.
- B. Each org can have up to 100 Experience Cloud sites; active, preview, and inactive sites all count toward that limit.
- C. Each org can have up to 100 Experience Cloud sites; preview sites count toward that limit but inactive sites do not.
- D. Each org can have up to 100 Experience Cloud sites; preview sites don't count toward that limit.

Answer: B

Explanation:
This license type allows users to access accounts, contacts, leads, opportunities, orders, price books, products, and custom objects in a partner community. Channel Account users can also register deals and collaborate with UMS on sales opportunities. Channel Account users cannot access reports and dashboards, cases, or Knowledge articles.

NEW QUESTION # 92
UrsaMajor Solar (UMS) noticed that quest users are unable to see images on its customer portal.
Which setting should UMS enable in order for quest users to see the images?

- A. "Enable Image Connect for guest users" in the Administration Workspace
- B. The "Jepson" theme in the Builder Workspace
- C. "Allow guest users to self register" in the Administration Workspace
- D. "Let guestusers view asset files and CMS content available to the community" in the Administration Workspace

Answer: D

Explanation:
This setting allows guest users to view images and other content that are stored as asset files or CMS content in your Experience Cloud site. You need to enable this setting if you want guest users to see images on your customer portal.

NEW QUESTION # 93
Which stepdoes the system administrator have to take to create a partner user?

- A. Assign the Gold Partner permission to the user.
- B. Add the user to the All Partner Portal Users public group.
- C. Create a partner queue, and add users to it.
- D. Select Enable Partner User from the Contact Detail page.

Answer: D

Explanation:
This step allows the system administrator to create a partner user from an existing contact that is associated with a partner account. The partner user inherits the role, profile, and permission setsfrom the contact. The system administrator can also specify a

username, email address, and nickname for the partner user.

NEW QUESTION # 94

Universal Containers is looking to onboard three new partners to the community.
* Each partner have a branded experience containing their colors and logo.
* Gold and silver partners should have access to the Leads inbox component, but Bronze partners should not.
* Bronze partners should not have access to the Leas tab.
How should an administrator solve for these requirements?

- A. Create branding sets,audience targeting and a custom Navigation menu component.
- B. Create branding sets, audience targeting, and navigation menu targeting.
- C. Create a separate community for each partner with audience targeting.
- D. Create branding sets, a separate page variation for each partner, and a custom Navigation Menu component.

Answer: B

Explanation:
To solve these requirements, the administrator should create branding sets, audience targeting, and navigation menu targeting.
Branding sets are collections of branding elements, such as colors, fonts, images, and logos, that you can apply to yourExperience Cloud site. Audience targeting is a feature that allows you to display pages and components to certain users based on their assigned audience. Navigation menu targeting is a feature that allows you to display different navigation menu items todifferent users based on their assigned audience. By using these features, the administrator can create different branded experiences for each partner, control the access to the Leads inbox component and the Leads tab, and customize the navigation menu foreach partner.

NEW QUESTION # 95

......
