Sample Materials EAPA_2025 All-in-One Exam Guide

As the professional provider of exam related materials in IT certification test, Actualtests4sure has been devoted to provide all candidates with the most excellent questions and answers and has helped countless people pass the exam. Actualtests4sure Esri EAPA_2025 study guide can make you gain confidence and help you take the test with ease. You can pass EAPA_2025 Certification test on a moment's notice by Actualtests4sure exam dumps. Isn't it amazing? But it is true. As long as you use our products, Actualtests4sure will let you see a miracle.

Esri ArcGIS Pro Associate 2025 Sample Questions (Q13-Q18):

NEW QUESTION # 13
Which workflow should be used to share a map as a TIFF file?

- A. Share > Capture To Clipboard
- B. Share > Export Map
- C. Share > Print Map

Answer: B

Explanation:
Export Map under the Share tab provides options to export maps into various formats, including TIFF, PDF, PNG, JPEG, and others. This is the standard workflow for creating a high-quality raster file suitable for sharing and archiving.
* Print Map (Option A) is for sending the map directly to a printer.
* Capture To Clipboard (Option C) copies the current map extent as an image to the clipboard for temporary use, not for file creation.
Therefore, the correct answer is B.
-

NEW QUESTION # 14
A group of new GIS trainees must be trained on a specific workflow that includes zooming in to a specific area on a map, creating data, performing zonal statistics, extracting features, updating symbology, authoring a map layout, and exporting the layout into a PDF.
How should the instructor share the workflow to make sure that all steps are followed?

- A. Create and share a task as task file
- B. Create a script in Jupyter Notebook and share the notebook
- C. Create and share a model as a toolbox

Answer: A

Explanation:
Tasks in ArcGIS Pro are specifically designed to guide users through multi-step GIS workflows by packaging step-by-step instructions into a task file. This ensures trainees follow the workflow correctly and in sequence.
* Models (Option A) automate geoprocessing but do not guide interactive steps such as zooming, editing, or exporting layouts.
* Jupyter Notebooks (Option C) are suitable for scripting but not for guiding new users through step-by- step GUI-based tasks.
Therefore, the correct answer is B.

NEW QUESTION # 15
A GIS technician has two feature classes: Sites and Buildings. The technician needs to assign the building name to the site if they intersect when adding/updating site features and wants to use attribute rules to do this.
Which attribute rule type should the analyst use to accomplish this task?

- A. Constraint rule
- B. Validation rule
- C. Calculation rule

Answer: C

Explanation:
Calculation rules automatically calculate attribute values based on spatial relationships, other attribute values, or predefined logic at the time of feature creation or update. In this scenario, the intersecting building name can be assigned automatically to the site feature

using a calculation rule.
* Validation rules (Option A) check for rule compliance but don't assign values.
* Constraint rules (Option B) prevent invalid edits but do not calculate fields.
Therefore, the correct answer is C.

NEW QUESTION # 16

A GIS analyst receives a dataset of precipitation change over the past five years, by country, for the entire world. The analyst is creating a map that will display this information. A requirement of the map is to preserve the area of each country.
Which projection should be used?

- A. Equal Earth
- B. Robinson
- C. Mercator

Answer: A

Explanation:
The Equal Earth projection is specifically designed to preserve area across the globe, making it ideal for thematic mapping of global datasets like precipitation change by country. It balances accurate area representation with a visually pleasing appearance for world maps.
* Mercator (Option A) preserves angles but distorts area, especially near the poles.
* Robinson (Option C) is visually pleasing for world maps but distorts both shape and area.
Therefore, the correct answer is B.
-

NEW QUESTION # 17

A land-use classified raster with nine different classes needs to be resampled from 10 x 10 m to 30 x 30 m cell size. The resample tool must be used, and the land classes must be preserved.
Which resampling technique should be used?

- A. Nearest
- B. Cubic
- C. Bilinear

Answer: A

Explanation:
For categorical (classified) rasters such as land-use data, Nearest Neighbor interpolation must be used during resampling. This technique preserves the original class values without introducing fractional or interpolated values.
* Cubic (Option A) and Bilinear (Option B) are interpolation methods suited for continuous data (elevation, temperature, etc.), but will distort categorical data.
Therefore, the correct answer is C.
-

NEW QUESTION # 18

......

The language in our EAPA_2025 test guide is easy to understand that will make any learner without any learning disabilities, whether you are a student or a in-service staff, whether you are a novice or an experienced staff who has abundant experience for many years. Our EAPA_2025 Exam Questions are applicable for everyone in all walks of life which is not depends on your educated level. Therefore, it should be a great wonderful idea to choose our EAPA_2025 guide torrent for sailing through the difficult test and pass it.

In order to meet the time requirement of our customers, our experts carefully designed our EAPA_2025 test torrent to help customers pass the exam in a lot less time, It is a well-known self-preparation tool that contains EAPA_2025 Exam Questions approved by Esri Certified Professionals, More things to know about the services offered by Actualtests4sure EAPA_2025 Exam:

The company provides 100% guarantee to the users for passing their EAPA_2025 exam on their 1st attempt, What's more, you can receive EAPA_2025 updated study material within one year after purchase.

In that Indian fable, one man touches the trunk and EAPA_2025 declares that an elephant is like a tree branch, Client Settings dialog box, In order to meet the time requirement of our customers, our experts carefully designed our EAPA_2025 Test Torrent to help customers pass the exam in a lot less time.
