HCLSoftware HCL-HWA-ADM-102 Official Practice Test & PDF HCL-HWA-ADM-102 VCE

It is quite clear that most candidates are at their first try, therefore, in order to let you have a general idea about our HCL-HWA-ADM-102 test engine, we have prepared the free demo in our website. The contents in our free demo are part of the real materials in our HCL-HWA-ADM-102 study engine. Just like the old saying goes "True blue will never strain" You are really welcomed to download the free demo in our website to have the firsthand experience, and then you will find out the unique charm of our HCL-HWA-ADM-102 Actual Exam by yourself.

HCLSoftware Certified Administrator- HWA 10.2 Sample Questions (Q533-Q538):

NEW QUESTION # 533

An HWA 10.2 Database Installation scenario: Fresh DB2 11.5 instance creation for MDM fails db2icrt with SQL1042C "Insufficient storage". The server has 128GB RAM but ulimit -f shows 1073741824. Which pre-installation step resolves this for 10TB database allocation?

- A. Set DB2_LARGE_PAGES=NO in db2instprof
- B. Increase filesystem to 12TB with XFS
- C. `ulimit -f unlimited; ulimit -m 64G`
- D. `db2set DB2MEMBLOCK=524288000`

Answer: C

Explanation:

db2icrt requires unlimited file size and memory limits for large database containers. Default ulimit -f 1GB blocks 10TB allocation. Run su - db2inst -c "ulimit -f unlimited; ulimit -m 65536; db2icrt -u db2fenc1 db2mdml" then tune DB2 via db2set DB2_WORKLOAD=ANALYTICS for HWA workload.

NEW QUESTION # 534

HCL HWA 10.2 monitoring script tracks prompt backlog: 200 TAPE prompts pending. conman "prompts" shows 3-day accumulation. What bulk prompt satisfaction?

- A. conman "satisfyall prompts"
- B. conman "flushprompts"
- C. conman "clearprompts TAPE*"
- **D. conman "reply prompt TAPE* YES @"**

Answer: D

Explanation:

Wildcard reply satisfies prompt patterns. conman reply prompt TAPE* YES @ replies YES to all TAPE001-TAPE999 prompts across workstations. Backlog clears instantly releasing dependent workloads.

NEW QUESTION # 535

A financial institution implementing HCL Workload Automation 10.2 requires workload security configuration to prevent privilege escalation during job execution. A job running as root on Unix agents executes "whoami" returning "twsusr". What localopts configuration on the agent enforces user context switching for all submitted jobs?

- A. ENFORCE_JOB_USERID=YES; ALLOW_ROOT_EXECUTION=NO
- B. JOB_RUNAS_USER_ENFORCED=YES; RUNAS_USER=twsusr
- C. AGENT_JOB_PRIVILEGE_DROP=YES
- **D. localopts SECURE_JOB_EXECUTION=MANDATORY; JOB_USER_CONTEXT=PROXY**

Answer: D

Explanation:

SECURE_JOB_EXECUTION=MANDATORY enforces job user context switching via setuid/guid on Unix agents. Jobs submitted with user=twsusr execute as twsusr dropping root privileges immediately after agent startup. Verify with conman sj @/jobname; tail \$TWA_HOME/logs/joblog shows "Privileges dropped to user twsusr" confirming enforcement prevents privilege escalation.

NEW QUESTION # 536

In a scenario where you need to uninstall a dynamic agent in HCL Workload Automation 10.2, which prerequisites must be met before running twsinst -uninst?

- **A. Stop all HCL Workload Automation processes and services on the workstation.**
- **B. All jobs on the agent must be completed or canceled, with no pending or active jobs.**
- C. Run JnextPlan on the master first.
- D. Backup the TWA_DATA_DIR first.
- E. Disconnect from the master domain manager network.

Answer: A,B

Explanation:

Before uninstalling any agent using twsinst -uninst, ensure no active or pending jobs remain on the agent to avoid interruptions, meaning all jobs must complete, be canceled, or rerouted. Additionally, all HCL Workload Automation processes and services must be stopped on the workstation to release file locks and allow safe removal of directories and components. Backing up data is recommended but not strictly required for the uninstall to proceed, and network disconnection or plan extension is unnecessary.

NEW QUESTION # 537

DevOps team deploys HCL Workload Automation 10.2 Docker containers via docker-compose for microservices integration testing. Container exits with "license validation failed" despite valid LIC file mounted. docker-compose.yml exposes port 31114 correctly. Which Docker deployment configuration using precise volume mount syntax and environment resolves license acceptance for containerized installation?

- A. volumes: - /host/lic/lic - ./TWS/TWS_data:rw env: LICENSE_ACCEPTED=true
- B. environment: LIC_PATH=/lic/TWS.lic volumes: - ./license/lic:ro -TWS_data/TWS_data
- C. docker run -e ACCEPT_LICENSE=yes -v licdir:/opt/ibm/TWS/lic --name hwa-server hwa-image
- **D. environment: - TWS_ACCEPT_LICENSE=yes volumes: - ./TWS/lic/TWS.lic:/opt/hwa/TWS/lic/TWS.lic:ro**

Answer: D

Explanation:

Dockerized HWA 10.2 requires environment TWS_ACCEPT_LICENSE=yes combined with precise volume mount./TWS/lic/TWS.lic:/opt/hwa/TWS/lic/TWS.lic:ro placing signed LIC file at expected runtime path before first startup completes license validation during container initialization. Generic /lic mounts break path resolution, LICENSE_ACCEPTED undefined variable, LIC_PATH unsupported by startup scripts.

NEW QUESTION # 538

.....

As a market leader, our company is able to attract quality staffs, it actively seeks out those who are energetic, persistent, and professional to various HCL-HWA-ADM-102 certificate and good communicator. And we strongly believe that the key of our company's success is its people, skills, knowledge and experience. The successful selection, development and HCL-HWA-ADM-102 training of personnel are critical to our company's ability to provide a high standard of service to our customers and to respond their needs on our HCL-HWA-ADM-102 exam questions.

HCL-HWA-ADM-102 Official Practice Test: <https://www.passsureexam.com/HCL-HWA-ADM-102-pass4sure-exam-dumps.html>

They maintain and ensure the top standard of PassSureExam HCL-HWA-ADM-102 exam questions all the time, HCLSoftware HCL-HWA-ADM-102 Test Passing Score Targeting exam candidates of the exam, we have helped over tens of thousands of exam candidates achieved success now, HCLSoftware HCL-HWA-ADM-102 Test Passing Score It is right now that you should go into action and get what you need or you want, Career grooming with HCL-HWA-ADM-102 exam is your right.

In addition, several people smarter than I have already written HCL-HWA-ADM-102 on the topic, A manufactured response from rendering the template can be invoked in a view in different ways.
