## The Best Original 300-745 Questions | Professional Valid 300-745 Guide Files: Designing Cisco Security Infrastructure

Life is beset with all different obstacles that are not easily overcome. For instance, 300-745 exams may be insurmountable barriers for the majority of population. However, with the help of our 300-745exam questions, exams are no longer problems for you. The reason why our 300-745 Training Materials outweigh other 300-745 study prep can be attributed to three aspects, namely free renewal in one year, immediate download after payment and simulation for the software version.

# Cisco Designing Cisco Security Infrastructure Sample Questions (Q58-Q63):

**NEW QUESTION # 58**
A manufacturing company experienced a security breach that resulted in sales data being compromised. An engineer participating in the investigation must identify who logged into the sales system during the affected period. Which approach must be used to gather the information?

- A. PKI
- B. AAA
- C. SNMP
- D. NACM

**Answer: B**

Explanation:
AAA (Authentication, Authorization, and Accounting) provides accounting logs that record who logged in, when, and from where. During an investigation, these logs allow the security team to trace user logins to the sales system and identify who accessed it during the breach period.

**NEW QUESTION # 59**
A financial company is in the process of upgrading network access across the entire company.
The solution must ensure:
- least privilege access
- control access across different network segments
- increased security for employers
Which solution approach must the company take?

- A. PKI
- B. SNMP
- C. RBAC
- D. NetFlow

**Answer: C**

Explanation:
Role-Based Access Control (RBAC) enforces least privilege access by granting permissions based on roles, not individuals. It also provides centralized control across network segments, ensuring employees only have the access necessary for their responsibilities, thereby increasing overall security.

**NEW QUESTION # 60**
Employees in a healthcare organization could not access their devices when they returned to work after the weekend. The security team discovered that a threat actor had encrypted the devices. Which security solution would mitigate the risk in future?

- A. network configuration management
- B. password policy enforcement
- C. endpoint detection and response
- D. data loss prevention

**Answer: C**

Explanation:
Endpoint Detection and Response (EDR) provides continuous monitoring, detection, and automated response to suspicious activity on devices. It can identify and stop ransomware attacks before encryption occurs, mitigating the risk of device lockouts in the future.

**NEW QUESTION # 61**
A financial company is focused on proactively protecting sensitive data stored on the devices.
The company recognizes the potential risks associated with lost or stolen devices and they want a solution to ensure that if

unauthorized user access the device, the data it contains is not accessible or misused. The solution includes implementing a strategy that renders data unreadable without user authentication. Which solution meets the requirement?

- A. Apply GPS tracking.
- B. Use a BIOS password.
- C. Implement data encryption on disk.
- D. Install Kensington Lock.

**Answer: C**

Explanation:
Disk encryption ensures that data stored on devices is unreadable without proper authentication.
If a device is lost or stolen, unauthorized users cannot access or misuse the data, since encryption protects the contents until the legitimate user provides credentials.

**NEW QUESTION # 62**
A pharmaceutical company needs hub-and-spoke VPN topology. The design must be capable of building either partial or full mesh overlay networks. Which VPN solution must be implemented in the environment?

- A. L2TP
- B. crypto maps
- C. DMVPN
- D. SSL VPN

**Answer: C**

Explanation:
Dynamic Multipoint VPN (DMVPN) supports hub-and-spoke topologies while allowing flexibility to build partial or full mesh overlays as needed. It provides scalable and dynamic VPN tunnels without requiring static configuration, making it the best fit for the requirement.

**NEW QUESTION # 63**
......

In your day-to-day life, things look like same all the time. Sometimes you feel the life is so tired, do the same things again and again every day. Doing the same things and living on the same life make you very bored. So hurry to prepare for 300-745 exam, we believe that our 300-745 exam braindumps will help you change your present life. It is possible for you to start your new and meaningful life in the near future, if you can pass the Cisco exam and get the certification. So it is very important for you to prepare for the practice exam, you must pay more attention to the 300-745 Certification guide to help you.
