If you buy online classes, you will need to sit in front of your computer on time at the required time; if you participate in offline counseling, you may need to take an hour or two of a bus to attend class. So even if you are a newcomer, you don't need to worry that you can't understand the contents. Industry experts hired by 312-38 Exam Questions also explain all of the difficult professional vocabulary through examples, forms, etc. You can completely study alone without the help of others.

You don't need to worry about wasting your precious time but failing to get the 312-38 certification. With our 312-38 practice guide, your success is 100% guaranteed. Tens of thousands of people have used our 312-38 Study Materials and the pass rate of the exam is high as 98% to 100%. This means as long as you learn with our 312-38 learning quiz, you will pass the exam without doubt.

312-38 Fresh Dumps - Reliable 312-38 Exam Blueprint

We understand your enthusiasm of effective practice materials, because they are the most hopeful tools help us gain more knowledge with the least time to achieve success, and we have been in your shoes. Our 312-38 exam questions can help you achieve that dreams easily. Whatever you want to master about this exam, our experts have compiled into them for your reference. A growing number of exam candidates are choosing our 312-38 Exam Questions, why are you still hesitating? As long as you have make up your mind, our EC-Council Certified Network Defender CND study question is available in five minutes, so just begin your review now! This could be a pinnacle in your life.

EC-COUNCIL EC-Council Certified Network Defender CND Sample Questions (Q56-Q61):

NEW QUESTION # 56

Which type of modulation technique is used in local area wireless networks (LAWNs)?

- A. OFDM
- B. FHSS
- C. MIMO-OFDM
- D. DSSS

Answer: A

Explanation:

Local Area Wireless Networks (LAWNs), commonly known as Wireless LANs (WLANs), typically use Orthogonal Frequency-Division Multiplexing (OFDM) as the modulation technique. OFDM is a method of encoding digital data on multiple carrier frequencies. It is known for its efficiency in carrying high data rates over radio waves and its robustness against narrowband interference and frequency-selective fading due to multipath. This makes OFDM a suitable choice for LAWN environments where such conditions are prevalent.

NEW QUESTION # 57

Fill in the blank with the appropriate term. A _____ is a physical or logical subnetwork that adds an additional layer of security to an organization's Local Area Network (LAN).

Answer:

Explanation:

demilitarized zone

NEW QUESTION # 58

Which firewall can a network administrator use for better bandwidth management, deep packet inspection, and Hateful inspection?

- A. Circuit-level gateway firewall
- B. Network address translation
- C. Next generation firewall
- D. Stateful multi-layer inspection firewall

Answer: C

Explanation:

The next generation firewall (NGFW) is designed to address the requirements of better bandwidth management, deep packet inspection, and advanced inspection capabilities. Unlike traditional firewalls, NGFWs include additional features such as application awareness and control, integrated intrusion prevention, and cloud-delivered threat intelligence. They are capable of performing deeper inspections at Layer 7, identifying applications, and enforcing security policies more effectively. This makes them suitable for managing bandwidth efficiently, conducting deep packet inspection to prevent advanced threats, and performing thorough inspections for harmful activities¹²³⁴.

Reference:

EC-Council's Certified Network Defender (CND) program outlines the importance of understanding and using IDS/IPS technologies and configuring optimum firewall solutions, which aligns with the capabilities of NGFWs5.

The CND course also emphasizes the protect, detect, respond, and predict approach to network security, which is a core feature of NGFWs6.

Additional information on NGFWs and their role in network security can be found in the detailed descriptions provided by various cybersecurity resources1234.

NEW QUESTION # 59

Chris is a senior network administrator. Chris wants to measure the Key Risk Indicator (KRI) to assess the organization. Why is Chris calculating the KRI for his organization? It helps Chris to:

- A. Notifies when risk has reached threshold levels
- B. Identifies adverse events
- C. Facilitates backward
- D. Facilitates post Incident management

Answer: A

Explanation:

Key Risk Indicators (KRIs) are crucial metrics used in risk management to measure the likelihood of potential risks and their impact on an organization. They are designed to provide an early warning signal to notify management when a risk has reached a level that may exceed the organization's risk appetite and could have a profoundly negative impact on its ability to succeed. KRIs are not typically used to identify adverse events, which is more the role of Key Performance Indicators (KPIs), nor are they used to facilitate backward or post-incident management directly. Instead, KRIs are forward-looking indicators that help in predicting and preventing risks before they materialize into significant threats.

References: The explanation provided is based on industry-standard practices for Key Risk Indicators as outlined in resources such as TechTarget and SafetyCulture, which align with the objectives and documents of the Certified Network Defender (CND) program12.

NEW QUESTION # 60

Which of the following is the full form of SAINT?

- A. Security Admin Integrated Network Tool
- B. System Automated Integrated Network Tool
- C. System Administrators Integrated Network Tool
- D. System Admin Integrated Network Tool

Answer: C

NEW QUESTION # 61

.....

Great concentrative progress has been made by our company, who aims at further cooperation with our candidates in the way of using our 312-38 exam engine as their study tool. Owing to the devotion of our professional research team and responsible working staff, our 312-38 training materials have received wide recognition and now, with more people joining in the 312-38 Exam army, we has become the top-raking training materials provider in the international market. we believe our 312-38 practice materials can give you a timely and effective helping for you to pass the exam.

312-38 Fresh Dumps: <https://www.examboosts.com/EC-COUNCIL/312-38-practice-exam-dumps.html>

The 312-38 PDF file contains the real, valid, and updated EC-COUNCIL 312-38 exam practice questions, EC-COUNCIL Latest 312-38 Braindumps Files You should believe that you can pass the exam easily , too, EC-COUNCIL Latest 312-38 Braindumps Files When you grasp the key points, nothing will be difficult for you anymore, EC-COUNCIL Latest 312-38 Braindumps Files THIS IS A COMPREHENSIVE LIMITATION OF LIABILITY THAT APPLIES TO ALL DAMAGES OF ANY KIND, INCLUDING (WITHOUT LIMITATION) COMPENSATORY, DIRECT, INDIRECT OR CONSEQUENTIAL DAMAGES, LOSS OF DATA, INCOME OR PROFIT, LOSS OF OR DAMAGE TO PROPERTY AND CLAIMS OF THIRD PARTIES.
