Real4exams has been creating the most reliable HP Dumps for many years. And we have helped thousands of HP aspirants in earning the HPE0-V27 certification.

HPE Edge-to-Cloud Solutions Sample Questions (Q133-Q138):

NEW QUESTION # 133

What is the role of HPE Aruba Central in a hybrid edge-to-cloud environment?

- A. It enables centralized network management and analytics for distributed edge networks
- B. It optimizes compute resources for hybrid cloud environments
- C. It offers security for edge-to-cloud applications
- D. It provides cloud-native storage management

Answer: A

Explanation:

HPE Aruba Central is a cloud-based network management platform that provides centralized control and AI-driven analytics for distributed edge environments, ensuring visibility, control, and optimization.

NEW QUESTION # 134

Due to legal restriction to some geographies, which feature is excluded from HPE StoreOnce demonstration license?

- A. federated management
- B. Catalyst Store
- C. encryption
- D. Trusted Platform Module

Answer: C

Explanation:

HPE StoreOnce demonstration license is a temporary license that enables StoreOnce Catalyst and Replication features for 90 days. However, due to legal restrictions in some countries, the encryption feature is excluded from the demonstration license. Encryption is a feature that protects data at rest on StoreOnce systems by using AES-256 encryption algorithm. To use encryption, a separate license must be purchased and applied to the StoreOnce system. Encryption is not available in the following countries: Belarus,

Burma, China, Cuba, Iran, North Korea, Sudan, Syria, and Venezuela. References: Licensing problems | HPE StoreOnce 2xxx - 5xxx System User Guide for StoreOnce software version 3.18.x , HPE StoreOnce Networking Licenses | HPE Store US

NEW QUESTION # 135

When designing and architecting a solution based on customer requirements, which of the following is necessary?

- A. Selecting the right HPE and 3rd party products and services
- B. Planning the solution design
- C. Qualifying the customer requirements
- D. Documenting customer intent

Answer: C

NEW QUESTION # 136

Your customer is considering migrating to a hybrid cloud strategy. You are using CloudPhysics to assess their workloads. Which of the following statements about CloudPhysics is true?

- A. CloudPhysics can match VMware virtual machines to AWS instance types
- B. CloudPhysics can assess bare metal workloads
- C. CloudPhysics can match Hyper-V virtual machines to Azure instance types
- D. CloudPhysics can assess bare metal container workloads

Answer: A

Explanation:

CloudPhysics can analyze VMware virtual machine configurations and map them to equivalent AWS instance types to support hybrid cloud migration planning.

NEW QUESTION # 137

Drag and Drop Question

Match the options from left to right.

IT generalist looking for the most affordable approach to boost performance	SimpliVity
Line of business or virtual machine admin looking for a new approach to consolidate infrastructure and lower operating expenses	MSA
