

Latest AP-207 Exam Book, AP-207 Dump Check

Texas Application for Exemption – Educational Organizations

GLENN HEGAR TEXAS COMPTROLLER OF PUBLIC ACCOUNTS

Nonprofit educational organizations should use this application to request exemption from Texas sales tax, hotel occupancy tax and franchise tax, if applicable.

To receive a state tax exemption as an educational organization, a nonprofit educational organization must be devoted solely to systematic instruction (particularly in the commonly accepted arts, sciences and vocations) with a regularly scheduled curriculum, faculty and an enrolled student body or students in attendance at a place where the educational activities are regularly conducted. An educational organization can also qualify if its activities consist solely of public groups, forums, panels, lectures or other similar programs, and the presentations provide instruction in the commonly accepted arts, sciences and vocations. Exemption from federal tax as a 501(c) organization is not required to qualify for exemption from state tax as an educational organization.

Public and private colleges, universities, junior colleges and community colleges from other states and nations do not qualify as educational organizations exempt from Texas hotel occupancy tax.

The exemption for educational organizations is provided for in Sections 151.310, 156.102 and 171.061 of the Texas Tax Code; more detailed information can be found in Comptroller Rules 3.322, 3.161, 3.541 and 3.583.

Some organizations will not qualify for an exemption as an educational organization as that term is defined in Texas' law and rules, even through their activities may be educational in nature. Such an organization might still qualify for exemption from Texas sales tax and franchise tax, if applicable, under certain sections of the Internal Revenue Code (IRC).

Texas tax law provides an exemption from sales tax on goods and services purchased for use by organizations exempt under IRC Section 501(c)(3), (4), (8), (10) or (19). However, exempt organizations are required to collect tax on most of their sales of taxable items. See *Exempt Organizations - Sales and Purchases*, Publication 96-122.

Texas law also provides an exemption from franchise taxes for corporations exempted from the federal income tax under IRC Section 501(c)(2), (3), (4), (5), (6), (7), (8), (10), (16), (19) or (25).

If your organization has been granted federal tax exemption under one of the qualifying sections listed above, your organization will be granted an exemption from Texas sales tax, or sales and franchise tax, on the basis of the Internal Revenue Service (IRS) exemption, as required by state law.

Organizations that qualify for exemption based on the federal tax exemption are not exempt from hotel occupancy tax because the hotel occupancy tax law does not recognize any federal exemptions.

The laws, rules and other information about exemptions are online at www.Comptroller.Texas.Gov/taxes/exempt/.

You can submit your completed application along with required documentation by mail, fax, or email

Mail: Texas Comptroller of Public Accounts
Exempt Organizations Section
P.O. Box 13528
Austin, Texas 78711

FAX: (512) 475-5862
Email: exempt.orgs@cpa.texas.gov

We process applications in the order they are received. To establish claimed exemptions, we may require additional information. After review of the material, we will inform the organization in writing if it qualifies for exemption. The Comptroller, or an authorized representative of the Comptroller, may audit the records of an exempt organization at any time during regular business hours to verify the validity of the organization's exempt status.

If you have questions or need more information, contact us at 800-252-5555.

You have certain rights under Chapters 552 and 559, Government Code, to review, request and correct information we have on file about you. Contact us at the address or phone number listed on this form.

Our Energy and Utilities Cloud Accredited Professional guide torrent can help you to save your valuable time and let you have enough time to do other things you want to do.

Salesforce Energy and Utilities Cloud Accredited Professional Sample

Questions (Q51-Q56):

NEW QUESTION # 51

A customer is ready to migrate and deploy large volumes of configuration components as part of production deployment. Which two tools support this deployment?

Choose 2 answers

- A. Big Objects Manager
- B. Velocity Installation Assistant
- C. Velocity Build Tool
- D. IDX Workbench

Answer: C,D

NEW QUESTION # 52

Which three features are included in the Energy and Utilities Cloud Console?

- A. Multiple tabs, such as Overview, Billing, and Usage
- B. Customer 360 view
- C. Configuration options with significant coding
- D. Rate Comparison
- E. Customer Story

Answer: A,B,D

Explanation:

The Energy and Utilities Cloud Console is designed to provide a comprehensive, integrated view of customer data and utility-specific operations. Features like Multiple tabs, including Overview, Billing, and Usage, enable users to access various aspects of customer information and service details from a single interface. The Rate Comparison feature allows for the comparison of different energy rates directly within the console, facilitating better customer service and engagement. The Customer 360 view offers a holistic overview of the customer's interactions, services, and preferences, providing valuable insights that drive personalized customer interactions and improved service delivery.

Reference = Salesforce Energy and Utilities Cloud documentation highlights these features as part of the console's capabilities, emphasizing the enhancement of user experience and operational efficiency through integrated views and functionalities.

NEW QUESTION # 53

Two people own one home. They have different preferences for receiving notifications. One wants texts and emails, while the other prefers emails only. How and where can the energy company hold this information?

- A. Extend the Account, Contact, and Relationship objects with new fields for notification preferences.
- B. Use the existing notification preference fields in the Party object.
- C. Extend the Service Account object with new fields for notification preferences.
- D. Create a custom object associated with the Account with notification preferences.

Answer: B

NEW QUESTION # 54

An energy company wants to send to its customers various types of communication via digital channels. Which is the preferred cloud that works in conjunction with Energy and Utilities Cloud to achieve mass communication?

- A. Sales Cloud
- B. Marketing Cloud
- C. Service Cloud
- D. Communications Cloud

Answer: B

Explanation:

Salesforce Marketing Cloud is the preferred solution for energy companies looking to send various types of communication via digital channels to their customers in conjunction with Energy and Utilities Cloud. Marketing Cloud provides a comprehensive suite of tools designed for mass communication, allowing for the creation, management, and delivery of personalized customer communications across multiple digital channels. This integration enhances customer engagement and satisfaction by delivering timely and relevant information. Reference = Salesforce Marketing Cloud documentation highlights its capabilities for mass communication and integration with other Salesforce products, including Energy and Utilities Cloud, to provide a unified platform for customer engagement: <https://www.salesforce.com/products/marketing-cloud/overview/>

NEW QUESTION # 55

An energy company was onboarded on Energy and Utilities Cloud. They want to see how many Energy and Utilities Cloud licenses are assigned.

What's the most effective way to check for the number of their assigned Energy and Utilities Cloud licenses?

- A. Call Salesforce Support to get the Energy and Utilities Cloud information.
- **B. Go to Setup -> Company Information -> Permission Set Licenses.**
- C. Go to Setup -> installed Packages -> Velocity CMT to see the Energy and Utilities Cloud license information.
- D. Execute a SOQL query to retrieve the license count

Answer: B

Explanation:

The most effective way to check for the number of assigned Salesforce Energy and Utilities Cloud licenses is through the Salesforce Setup menu. By navigating to Setup, then to Company Information, and looking at the Permission Set Licenses section, administrators can quickly view the number of licenses assigned and available for various Salesforce products, including Energy and Utilities Cloud. This method provides a straightforward and accessible means of license management within the Salesforce environment. Reference = Salesforce's official documentation on managing licenses, including viewing assigned licenses through the Company Information section, provides comprehensive guidance: https://help.salesforce.com/articleView?id=users_license_types_available.htm

NEW QUESTION # 56

.....
