

Latest DASCA SDS Exam Notes, Exam SDS Score

What's more, part of that FreePdfDump SDS dumps now are free: <https://drive.google.com/open?id=1PmWqvCX15SE6RTycXrlnvPSNQm-ujtrS>

As we all know, the preparation process for an exam is very laborious and time-consuming. We had to spare time to do other things to prepare for SDS exam, which delayed a lot of important things. If you happen to be facing this problem, you should choose our SDS Real Exam. Our SDS study materials are famous for its high-efficiency and high-quality. If you buy our SDS learning guide, you will find that the exam is just a piece of cake in front of you.

Facing all kinds of the SDS learning materials in the market, it's difficult for the candidates to choose the best one. Our SDS learning materials are famous for the high accuracy and high quality. Besides, we provide free update for one year, and pass guarantee and money back guarantee. We have the free demo for you to know more about our SDS Learning Materials. If you have any questions, you can contact our online service staff.

2026 High Pass-Rate Latest SDS Exam Notes | Senior Data Scientist 100% Free Exam Score

As we all know, it is a must for all of the candidates to pass the exam if they want to get the related SDS certification which serves as the best evidence for them to show their knowledge and skills. If you want to simplify the preparation process, here comes a piece of good news for you. Our SDS Exam Question has been widely praised by all of our customers in many countries and our company has become the leader in this field. Now I would like to give you some detailed information about the advantages of our SDS guide torrent.

DASCA Senior Data Scientist Sample Questions (Q44-Q49):

NEW QUESTION # 44

Spark programs can be written in:

- A. None of the above
- B. Scala
- C. Python
- D. All of the above
- E. Java

Answer: D

Explanation:

Apache Spark supports multiple programming languages for developing distributed applications:

Java (Option A): Supported through Spark's JVM-based APIs.

Scala (Option B): Spark is natively written in Scala, and Scala APIs provide full functionality.

Python (Option C): Supported via PySpark, enabling Python developers to leverage Spark.

Additionally, Spark also supports R and SQL-like queries, making it versatile for data scientists and engineers.

Thus, the correct answer is Option D (All of the above).

NEW QUESTION # 45

What is Scrum?

- A. None of the above
- B. Scrum and Agile are the same
- C. Agile is a subset of Scrum
- **D. Scrum is a subset of Agile**

Answer: D

Explanation:

Scrum is a framework used to implement Agile principles. Agile itself is the overarching philosophy or mindset, while Scrum is one of the most popular frameworks that apply Agile values in practice.

Option A (Correct): Scrum is indeed a subset of Agile. Agile defines the principles (from the Agile Manifesto), and Scrum provides the structure (roles, artifacts, ceremonies).

Option B: Incorrect. Agile is broader and not a subset of Scrum.

Option C: Incorrect. Scrum and Agile are not the same; Agile is the philosophy, Scrum is a methodology under Agile.

Option D: Incorrect because Option A is valid.

Thus, the correct answer is Option A: Scrum is a subset of Agile.

NEW QUESTION # 46

A burn down chart shows:

- **A. The volume of work and features completed**
- B. The rate of reduction of budget for a project
- C. The number of hours worked after dark
- D. The declining energy of the team

Answer: A

Explanation:

A burn down chart is a graphical representation used in Agile project management (including data science projects) to track progress. It typically plots time on the x-axis and work remaining on the y-axis.

Option A: Incorrect. Burn down charts don't measure team "energy" or motivation levels.

Option B: Correct. The chart illustrates how much work remains versus how much has been completed, helping teams visualize progress toward goals. It helps identify whether the project is on track to finish within the sprint or deadline.

Option C: Incorrect. Hours worked after dark is irrelevant.

Option D: Incorrect. Budget reduction is not tracked in burn down charts.

Thus, the purpose of a burn down chart is to show the remaining work (tasks, story points, or features) decreasing over time. This provides transparency, supports stakeholder communication, and helps teams manage pace and velocity.

NEW QUESTION # 47

Spark is written in:

- A. Python
- B. C++
- C. C
- **D. Scala**
- E. Java

Answer: D

Explanation:

Apache Spark is an open-source distributed computing framework widely used for big data processing and machine learning pipelines.

The core implementation of Spark is written in Scala (Option A), which runs on the JVM (Java Virtual Machine).

Spark also provides APIs for Java, Python (PySpark), R, and SQL, but its native language is Scala.

Options C (C) and D (C++) are incorrect; Spark is not written in these languages.

Python (Option E) is a supported API, but Spark itself is not written in Python.

Thus, the correct answer is Scala (Option A).

NEW QUESTION # 48

Which of the following is TRUE for Chief Data Monetization Officer (CDMO)?

- i. CDMO should focus on driving and deriving value from the organization's data and analytic assets.
- ii. The CDMO should own the organization's investment decisions with respect to data and analytics.
- iii. CDMO should have revenue and margin responsibilities.

- **A. All of the above**
- B. ii, iii
- C. i, ii

Answer: A

Explanation:

The Chief Data Monetization Officer (CDMO) is a C-level executive role emerging in data-driven organizations. Their focus is on turning data into business value and revenue growth.

Statement i: Correct. The CDMO is responsible for value realization from data and analytics investments.

Statement ii: Correct. The CDMO owns decisions around investment prioritization for data initiatives.

Statement iii: Correct. Since monetization is directly linked to business performance, the CDMO must be accountable for revenue and margin impact.

Hence, all three statements are correct, making the right answer Option C (All of the above).

NEW QUESTION # 49

.....

Professional ability is very important both for the students and for the in-service staff because it proves their practical ability in the area they major in. Therefore choosing a certificate exam which boosts great values to attend is extremely important for them and the test SDS Certification is one of them. Passing the test certification can prove your outstanding major ability in some area and if you want to pass the test smoothly you'd better buy our SDS study materials.
