Note: There are 2 correct answers to this question.

- **A. All required tasks are completed in the contract request.**
- B. A placeholder for a contract workspace attached to the contract request approval task is used to create the contract workspace.
- **C. The contract request approval task is approved by a Contract Manager.**
- D. A placeholder for a contract workspace on the contract request Documents tab is used to create the contract workspace.

正解: A、 C

解説:

Solution:

The two correct actions, based on the information from learning.sap.com, that indicate a contract request was processed and can be turned into a contract workspace are:

* All required tasks are completed in the contract request.

This is implied because the contract request must go through approval and all necessary steps before it can be converted.

SAP Learning+1

* D. The contract request approval task is approved by a Contract Manager.

Once the request is approved, a contract workspace is created, and the request header data is transferred into the workspace.

SAP Learning

The other options (B and C) are not supported by the official documentation on learning.sap.com.
