## Pass Guaranteed 2026 Nutanix NCP-MCI Newest Latest Learning Materials

If you are not certain whether the NCP-MCI prep guide from our company is suitable for you or not, so you are hesitate to buy and use our study materials. Do not worry, in order to help you solve your problem and let you have a good understanding of our NCP-

MCI study practice dump, the experts and professors from our company have designed the trial version for all people. You can have a try of using the NCP-MCI Prep Guide from our company before you purchase it. We believe that the trial version provided by our company will help you know about our study materials well and make the good choice for yourself. More importantly, the trial version of the NCP-MCI exam questions from our company is free for all people. We believe that the trial version will help you a lot.

## Nutanix Certified Professional - Multicloud Infrastructure 6.10 Sample Questions (Q112-Q117):

### NEW QUESTION # 112

An administrator must configure a VM which would run a write-intensive application on a hybrid NVMe + SSD cluster. When setting VM options, which action would give the best performance?

- A. Enable Load Balance Volume Group.
- B. Configure a dedicated RF3 storage container.
- C. Set Flash Mode at the VM level.
- D. Isolate storage traffic with network segmentation.

**Answer: C**

### NEW QUESTION # 113

An administrator needs to be able to use remaining capacity for storage and memory. What settings should the administrator set to accomplish this?

- A. Rebuild Capacity Reservation and High Availability
- B. Storage Capacity and Memory High Availability
- C. Rebuild Capacity Reservation and Memory Reservation
- D. Capacity High Availability and Memory Reservation

**Answer: A**

### NEW QUESTION # 114

An administrator manages a 3-node AHV cluster and needs to optimize overall cluster consumption starting from a recording server workload that stores MP4 videos on dedicated local vDisks. Specifications:

Compression: post process 60 min

Capacity dedupe: disabled

Erasur coding: Disabled

Which configuration would best improve cluster performance?

- A. Enable capacity deduplication at storage container level.
- B. Move data from local vDisk to a Nutanix Files NFS share.
- C. Create a storage policy to disable compression.
- D. Configure Erasure Coding with 1 minute delay.

**Answer: C**

### NEW QUESTION # 115

A Windows VM will be cloned repeatedly and each clone needs OS-level customization during deployment.

What is the most efficient method to accomplish this task?

- A. Create template for each deployment
- B. Create a VM from snapshot
- C. Guest customization profile
- D. Clone and manually configure

**Answer: C**

### NEW QUESTION # 116

An administrator needs to configure two VMs to enable application-level high availability for a database workload. Which setting is needed?

- A. Volume group vDisk must be stored on different storage container.
- B. Enable volume group multi-writer mode via storage policy.
- C. Volume group must use external client access.
- **D. Configure the volume group in shared mode.**

**Answer: D**

### NEW QUESTION # 117

.....

Our society needs all kinds of comprehensive talents, the NCP-MCI latest preparation materials can give you what you want, but not just some boring book knowledge, but flexible use of combination with the social practice. Therefore, it is necessary for us to pass the qualification NCP-MCI examinations, the NCP-MCI study practice question can bring you high quality learning platform. If you want to progress and achieve their ideal life, if you still use the traditional methods by exam, so would you please choose the NCP-MCI test materials, it will surely make you shine at the moment.
