How to maintain your Microsoft AZ-900 Certificate?

The validity of the certification is for three years, from the date of examination. You need to pass the certification exam again to maintain your Microsoft AZ-900 certificate. Otherwise, your AZ-900 certificate will expire after 2 years and customers will need to re-certify or renew. Answering different questions in the exam is subject to different fees. Accessibility of certification depends on the country of the customer. Expired certification certificates will not be accepted for the re-certification of the certification. Valid Microsoft AZ-900 certificates cannot be replaced.

To prepare for the Microsoft AZ-900 certification exam, it is recommended that you have a basic understanding of cloud computing concepts and Azure services. You can also take advantage of the wide range of training and resources available from Microsoft. These resources include online courses, virtual labs, and practice exams. Additionally, Microsoft offers a range of certifications in cloud computing, including the Microsoft Certified: Azure Administrator Associate and the Microsoft Certified: Azure Solutions Architect Expert.

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation

Box 1: No

Most services go to private preview then public preview before being released to general availability. The private preview is only available to certain Azure customers for evaluation purposes.

Box 2: Yes

Public Preview means that the service is in public beta and can be tried out by anyone with an Azure subscription. Services in public preview are often offered at a discount price.

Public previews are excluded from SLAs and in some cases, no support is offered.

Box 3: No

An Azure service in general availability is available to all Azure customers, not just a subset of the customers.
