## GAQM Certified Business Continuity Professional (CBCP) Sample Questions (Q15-Q20):

### NEW QUESTION # 15

BIA helps you identify

- A. All of the above

- B. Critical services and products
- C. Tangible and intangible impact of a disruption over period of time
- D. Critical interdependencies and interested parties

**Answer: A**

Explanation:

Explanation

BIA helps to identify all of the above aspects of an organization's functions and processes. It helps to identify the critical services and products that the organization delivers to its customers and stakeholders, and the functions and processes that support them. It also helps to identify the critical interdependencies and interested parties that are involved in or affected by the organization's functions and processes, such as suppliers, partners, regulators, or employees. Moreover, it helps to identify the tangible and intangible impacts of a disruption to the organization's functions and processes over a period of time, such as financial losses, reputational damage, legal liabilities, or customer dissatisfaction. #### NEW QUESTION # 16

BIA stands for

- A. Business Information Availability
- **B. Business Impact Analysis**
- C. Business Improvement Activities
- D. Business Importance and Availability

**Answer: B**

Explanation:

Business impact analysis (BIA) is the process of identifying and prioritizing the organization's functions and processes based on their importance to the organization's objectives, and assessing the potential impacts of a disruption to those functions and processes over time. The BIA helps to determine the recovery time objectives (RTOs), recovery point objectives (RPOs), and resource requirements for each function and process, as well as the interdependencies and dependencies among them. The BIA provides the basis for developing recovery strategies and plans. Verified References: <https://www.ready.gov/business-impact-analysis><https://drii.org/resources/professionalpractices/EN>
