Authorized HCL-HWA-ADM-102 Test Dumps | HCL-HWA-ADM-102 Latest Learning Materials

So you rest assured that with the HCLSoftware HCL-HWA-ADM-102 actual questions you will not only ace the HCLSoftware HCL-HWA-ADM-102 exam predation but also boost confidence to perform well in the final HCLSoftware HCL-HWA-ADM-102 test. With the HCLSoftware HCL-HWA-ADM-102 pdf questions you can experience the type and pattern of the final HCL-HWA-ADM-102 exam. In this way, you will be confident on the day of the HCLSoftware Certified Administrator- HWA 10.2 HCL-HWA-ADM-102 Exam and solve all the HCLSoftware HCL-HWA-ADM-102 exam questions. The HCLSoftware wants to make the HCL-HWA-ADM-102 exam preparation simple and quick. To achieve this objective the HCLSoftware is offering the

top-notch and top-rated HCL-HWA-ADM-102 practice test questions in three user-friendly and compatible formats.

HCLSoftware Certified Administrator- HWA 10.2 Sample Questions (Q166-Q171):

NEW QUESTION # 166

HCL HWA 10.2 monman trace TWS_home/trace/monman.20260107.trc shows "edwa connection timeout=180s" blocking event processor during Dynamic Workload Broker resource events. Audit trails show 18000 events/hour. What trace+audit correlation diagnoses broker event storm?

- A. conman "showmonitor"; netstat -an | grep event
- B. planman resyncplan /EVENTS
- C. localopts T(monmanPoll)=5; trace jobman
- D. grep "edwa|timeout|broker|resource" monman.*.trc; tail -f auditbox.msg | grep "resource|allocate"

Answer: D

Explanation:

grep "edwa|timeout|broker|resource" monman.*.trc with tail auditbox.msg | grep "resource|allocate" correlates 18000 broker resource events/hour to edwa timeout=180s blocking event processor; trace+audit reveals Dynamic Workload Broker event storm vs monitor show missing timing or poll tuning masking throughput limits maintaining comprehensive event troubleshooting.

NEW QUESTION # 167

A HCL Workload Automation 10.2 administrator sets Global Options to carry forward only critical job streams during extended maintenance windows, but non-critical streams inadvertently carry over due to wildcard matching. To refine carry forward to specific stream names using Global Options, which conman command achieves precise control?

- A. alter global carryForward="CRIT_"; unlock global
- B. modify global carryforward.pattern=CRIT_*; refresh
- C. set global jsCarryNames="CRIT_*"; apply
- D. alter global selectiveCarry="CRIT%"; commit

Answer: A

Explanation:

The alter global carryForward="CRIT_" command configures Global Options to selectively carry forward job streams matching the CRIT_ pattern to the next production plan, excluding others during maintenance, followed by unlock global to activate without full plan refresh. This pattern-based filtering provides granular control over carry forward behavior, overriding default global policies while preserving critical workloads. Wildcard patterns support regex-like matching for complex naming conventions, ensuring only designated streams persist across plan boundaries.

NEW QUESTION # 168

Scenario: In a large enterprise HCL Workload Automation 10.2 deployment with centralized security enabled, an administrator needs to grant a group of operators the ability to submit and monitor job streams in the "/Finance" folder and its subfolders, but deny them access to modify database objects or access any other folders. Additionally, they must be able to display the plan but not perform actions like kill or rerun. Which advanced security file entries achieve this granular control? (Select three)

- A. CPU=@+FOLDER="/Finance/*" ACCESS=DISPLAY,SUBMIT
- B. PLAN ACCESS=DISPLAY
- C. RESOURCE NAME=@ ACCESS=DISPLAY
- D. JOBSTREAM NAME=@+FOLDER="/Finance/*" ACCESS=DISPLAY,SUBMIT,MONITOR
- E. FOLDER NAME="/Finance/*" ACCESS=USE

Answer: A,B,D

Explanation:

CPU=@+FOLDER="/Finance/*" ACCESS=DISPLAY,SUBMIT restricts job submissions and displays to workstations within the Finance folder hierarchy. JOBSTREAM NAME=@+FOLDER="/Finance/*" ACCESS=DISPLAY,SUBMIT,MONITOR allows viewing, submitting, and monitoring job streams specifically in the Finance folders and subfolders without broader modify rights.

PLAN ACCESS=DISPLAY permits viewing the production plan without allowing disruptive actions like kill or rerun, ensuring least-privilege adherence.

NEW QUESTION # 169

HCL HWA 10.2 conman "makeplan" fails mid-execution: "ECLP0045E Plan make incomplete". Current plan S20260107 contains 5000 jobs. What conman command continues interrupted plan generation from checkpoint?

- A. conman "makeplan -continue"
- B. conman "JnextPlan -from 1200"
- C. conman "continueplan S20260107"
- D. conman "makeruleplan @"

Answer: B

Explanation:

JnextPlan with offset resumes from specific time. conman JnextPlan -for 1200 continues plan generation from 12:00 within current final time window. Symphony completes with all 5000 jobs, conman planlist shows S20260107 READY.

NEW QUESTION # 170

HCL HWA 10.2 DWC installation with PostgreSQL 13 backend fails datasource validation: "FATAL: no pg_hba.conf entry for host, SSL off". Liberty server.xml jdbc url missing SSL parameter. Corrected connection string format?

- A. pg-pool.xml: sslmode=require; sslcert=/opt/wlp/dwc/ssl/client-cert.pem
- B. PostgreSQL SSL handled by load balancer proxy, no jdbc parameter needed
- C. jdbc:postgresql://pg-cluster:5432/dwc?ssl=true&sslmode=require&sslfactory=org.postgresql.ssl.NonValidatingFactory
- D. jdbc:postgresql://pg-cluster:5432/dwc?useSSL=true&requireSSL=true&sslFactory=org.postgresql.ssl.NonValidatingFactory

Answer: C

Explanation:

Liberty PostgreSQL datasource requires explicit SSL parameters for 13+. jdbc:postgresql://dwc-pg-cluster:5432/dwc_prod?ssl=true&sslmode=require&sslfactory=org.postgresql.ssl.NonValidatingFactory bypasses cert validation during install. Post-install configure pg_hba.conf hostssl dwc 0.0.0.0/0 md5 for production.

NEW QUESTION # 171

.....

Our company has successfully created ourselves famous brands in the past years, and more importantly, all of the HCL-HWA-ADM-102 exam braindumps from our company have been authenticated by the international authoritative institutes and cater for the demands of all customers at the same time. We are attested that the quality of the HCL-HWA-ADM-102 test prep from our company have won great faith and favor of customers. We persist in keeping close contact with international relative massive enterprise and have broad cooperation in order to create the best helpful and most suitable HCL-HWA-ADM-102 study practice question for all customers. We can promise that our company will provide the authoritative study platform for all people who want to prepare for the exam. If you buy the HCL-HWA-ADM-102 test prep from our company, we can assure to you that you will have the chance to enjoy the authoritative study platform provided by our company to improve your study efficiency.

Authorized HCL-HWA-ADM-102 Test Dumps: https://www.itcerttest.com/HCL-HWA-ADM-102_braindumps.html

You will harvest meaningful knowledge as well as the shining HCL-HWA-ADM-102 certification that so many candidates are dreaming to get, In addition, you can receive the download link and password within ten minutes for HCL-HWA-ADM-102 training materials, if you don't receive, you can contact with us, and we will solve this problem for you immediately, HCL-HWA-ADM-102 Test Guide can guarantee that you can study these materials as soon as possible to avoid time waste.

We have a 24/7 Customer Service assisting you with any problem you may encounter regarding HCL-HWA-ADM-102 exam collection, Changing a Document's Template, You will harvest meaningful knowledge as well as the shining HCL-HWA-ADM-102 Certification that so many candidates are dreaming to get.

2026 HCL-HWA-ADM-102: High-quality New HCLSoftware Certified Administrator- HWA 10.2 Dumps
