Ursa Major Solar (UMS) is automating its business processes using Salesforce. UMS wants its Platinum partners to be able to approve installation projects and deals. In which two ways can UMS accomplish this? Choose 2 answers

- A. Assign external users as the co-owners on records and create a digital experience for those users.
- B. Assign external users Super User access on records and create a digital experience for those users,
- C. Add external users directly to approval queues and create a digital experience for those users.
- D. Assign external users as approvers on records and create a digital experience for those users.

Answer: C,D

NEW QUESTION # 130

Northern Trail Outfitters (NIO) is considering how to manage its accounts for the B2B portion of its business. NIO uses person accounts for its B2C business, and business accounts with related contacts for its B2B business. NIO has several B2B customer accounts that are very large. These accounts have child accounts that represent departments and opportunities at the department level that will need to be visible to users at the parent account level. NIO has Customer Community Plus licenses. How should NIO manage its accounts in its Partner Community?

- A. Use the Business Accounts and Contacts with Sharing Sets to grant additional record access as needed.
- B. Since NIO has person accounts, it cannot use the External Account Hierarchy and will need to use groups and sharing rules to grant the required record access.
- C. Extend the Standard Role Hierarchy setting departments as child accounts.
- D. Enable the External Account Hierarchy setting departments as child accounts.

Answer: D

Explanation:

This option allows NIO to manage its B2B accounts with multiple levels of hierarchy and grant record access based on the account relationship. External Account Hierarchy is a feature that enables this functionality for Customer Community Plus users. With this feature, users can view and edit records associated with their own account and any child accounts in the hierarchy.

NEW QUESTION # 132

Dreamscape Flowers needs to create a digital experience that meets the following requirements:

- * It allows for collaboration between customer and partner users.
- * Self-service for customer users is available.
- * Partner users create or resolve cases for their customers and need to see case data on a dashboard.
- * Partner users do not manage Leads, Opportunities, or Campaigns.

Which license type should a Salesforce Admin use for these partner users?

- A. Customer Community

- B. Employee Community
- C. Partner Community
- **D. Customer Community Plus**

Answer: D

Explanation:

Customer Community Plus licenses allow users to access standard CRM objects, such as cases and accounts, and custom objects.
