

Zscaler ZDTA Latest Test Cram | New ZDTA Test Duration

P.S. Free & New ZDTA dumps are available on Google Drive shared by Prep4SureReview: <https://drive.google.com/open?id=1X7WSperQqPz-SewHDPqIUrRDnTsTQy75>

Test your knowledge of the ZDTA exam dumps with Zscaler ZDTA practice questions. The software is designed to help with ZDTA exam dumps preparation. ZDTA practice test software can be used on devices that range from mobile devices to desktop computers. We provide the ZDTA Exam Questions in a variety of formats, including a web-based practice test, desktop practice exam software, and downloadable PDF files.

Zscaler ZDTA Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Connectivity Services: This domain evaluates Network Security Engineers on configuring and managing connectivity essentials like device posture assessment, trusted network definitions, browser access controls, and TLS• SSL inspection deployment. It also includes applying policy frameworks focused on authentication and enforcement for internet access, private access, and digital experience.
Topic 2	<ul style="list-style-type: none">• Platform Services: This section measures skills of Cloud Infrastructure Engineers and focuses on the suite of Zscaler platform services. Key topics include advanced device posture assessments, TLS inspection mechanics, and the application of policy frameworks governing internet, private access, and digital experience services.
Topic 3	<ul style="list-style-type: none">• Zscaler Zero Trust Automation: This part measures Automation Engineers on their ability to utilize Zscaler APIs, including the One API framework, for automating zero trust security functions and integrating with broader enterprise security and orchestration tools.
Topic 4	<ul style="list-style-type: none">• Risk Management: This domain measures skills of Risk Managers and Security Architects in using Zscaler's comprehensive risk management suite. Candidates are expected to understand risk capabilities, dashboards, asset and financial risk insights, vulnerability management, deception tactics, identity protection, and breach prediction analytics.
Topic 5	<ul style="list-style-type: none">• Access Control Services: This area assesses Security Operations Specialists on implementing access control mechanisms including cloud app control, URL filtering, file type controls, bandwidth controls, and segmentation. It also covers Microsoft 365 policies, private application access strategies, and firewall configurations to protect enterprise resources.

Topic 6	<ul style="list-style-type: none"> • Identity Services: This section of the exam measures skills of Identity and Access Management Engineers and covers foundational identity services including authentication and authorization protocols such as SAML, SCIM, and OIDC. Candidates should understand identity administration tasks and how to manage policies and audit logs within the Zscaler platform.
Topic 7	<ul style="list-style-type: none"> • This section assesses Data Protection Officers on techniques to secure data across motion, SaaS, cloud, and endpoints using Zscaler's AI-driven data discovery and data protection technologies. It involves securing BYOD environments and understanding risk management to protect sensitive information.
Topic 8	<ul style="list-style-type: none"> • Zscaler Digital Experience: This section evaluates Network Performance Analysts on their knowledge of Zscaler Digital Experience (ZDX), including understanding the ZDX score, architectural overview, features, functionalities, and practical use cases to optimize digital user experiences.

New ZDTA Test Duration - ZDTA Valid Exam Vce Free

As long as you can practice ZDTA study guide regularly and persistently your goals of making progress and getting certificates smoothly will be realized just like a piece of cake. For our pass rate of our ZDTA Practice Engine which is high as 98% to 100% is tested and praised by our customers. You can trust in our quality of the ZDTA exam questions and you can try it by free downloading the demos.

Zscaler Digital Transformation Administrator Sample Questions (Q125-Q130):

NEW QUESTION # 125

Cross-Site Scripting (XSS) attacks are a type of injection, in which malicious scripts are injected into otherwise benign and trusted websites. XSS includes which of the following?

- A. Spyware Callback
- **B. Cookie Stealing**
- C. IRC Tunneling
- D. Anonymizers

Answer: B

Explanation:

Cross#Site Scripting enables attackers to run malicious JavaScript in a user's browser - often used to steal session cookies and hijack user sessions, a technique known as cookie stealing.

NEW QUESTION # 126

What is the purpose of a Microtunnel (M-Tunnel) in Zscaler?

- A. To provide an end-to-end communication channel to Microsoft Applications such as M365
- B. To create an end-to-end communication channel to Azure AD for authentication
- **C. To create an end-to-end communication channel to internal applications**
- D. To provide an end-to-end communication channel between ZCC clients

Answer: C

Explanation:

TheMicrotunnel (M-Tunnel)in Zscaler is designed to create anend-to-end communication channel to internal applications. This tunnel facilitates secure and direct access from the client device to internal corporate applications without exposing the network or requiring traditional VPN infrastructure. The M- Tunnel is part of ZPA's mechanism to ensure secure, zero-trust access to private resources.

NEW QUESTION # 127

What is the ZIA feature that ensures certain SaaS applications cannot be accessed from an unmanaged device?

- A. Identity Proxy
- **B. Tenant Restriction**
- C. Out-of-band Application Access
- D. SaaS Application Access

Answer: B

Explanation:

Tenant Restriction lets ZIA distinguish the approved corporate tenant of a SaaS application from personal or unmanaged tenants. That matters when the user is on an unmanaged device, because the administrator may allow the corporate tenant only from trusted or managed contexts. Option A (Tenant Restriction) is correct because Tenant Restriction is the SaaS-specific control that enforces corporate-tenant access boundaries.

Why the other options are incorrect:

B). Identity Proxy: Identity Proxy helps broker identity and authentication flows for SaaS access. Tenant Restriction is the control that separates corporate SaaS tenants from personal ones.

C). Out-of-band Application Access: Out-of-band CASB works through SaaS APIs to inspect or remediate content already sitting inside cloud applications.

D). SaaS Application Access: SaaS Application Access is a broad access concept. The specific ZIA feature that blocks unmanaged-device access to a SaaS tenant is Tenant Restriction.

NEW QUESTION # 128

Which of the following are types of device posture?

- A. Domain Joined, Process Check, Deception Check
- **B. Certificate Trust, File Path, Full Disk Encryption**
- C. Unauthorized Modification, OS Version, License Key
- D. Detect Crowdstrike, Crowdstrike ZTA score, First name

Answer: B

NEW QUESTION # 129

What is the maximum default frequency of device posture profile evaluation by Zscaler Client Connector?

- A. 2 minutes
- **B. 15 minutes**
- C. 10 minutes
- D. 5 minutes

Answer: B

Explanation:

Device posture must be re-evaluated regularly because endpoint state can change after access is granted. The maximum default frequency tested here is fifteen minutes, which gives Zscaler a relatively current view of compliance conditions. Option A (15 minutes) is correct because posture profile evaluation can occur every fifteen minutes by default.

Why the other options are incorrect:

B). 2 minutes: Two minutes would create much more frequent posture evaluation than the default maximum cadence. The tested default maximum frequency is fifteen minutes.

C). 5 minutes: Five minutes is more frequent than the default maximum posture-profile evaluation cadence. The tested value is fifteen minutes.

D). 10 minutes: Ten minutes is still shorter than the default maximum posture-profile evaluation cadence. The correct default maximum is fifteen minutes.

NEW QUESTION # 130

.....

The paper materials students buy on the market are often not able to reuse. After all the exercises have been done once, if you want to do it again you will need to buy it again. But with ZDTA test question, you will not have this problem. All customers who purchased ZDTA Study Tool can use the learning materials without restrictions, and there is no case of duplicate charges. For the PDF version of ZDTA test question, you can print multiple times, practice multiple times, and repeatedly reinforce your unfamiliar knowledge.
