

# NGFW-Engineer Valid Exam Sims - NGFW-Engineer Real Sheets

[www.nwexam.com](http://www.nwexam.com) PDF

Section	Weight	Objectives
		<ul style="list-style-type: none"> <li>- Use APIs to automate deployment</li> <li>- Manage third-party services to deploy NGFWs (e.g., Kubernetes, hypervisors, CSPs, Terraform, Ansible)</li> <li>- Use on-premises centralized management                             <ul style="list-style-type: none"> <li>• Panorama</li> <li>• Templates and device groups</li> <li>• Pre- and post-ruleset</li> </ul> </li> <li>- Build Application Command Center (ACC) dashboards and custom reports</li> </ul>

What type of questions are on the Palo Alto NGFW-Engineer exams?

- Single answer multiple choice
- Multiple answer multiple choice
- Drag and Drop (DND)
- Router Simulation
- Testlet

### NGFW-Engineer Practice Exam Questions.

Grab an understanding from these [Palo Alto NGFW-Engineer](#) sample questions and answers and improve your NGFW-Engineer exam preparation towards attaining a Next-Generation Firewall Engineer Certification. Answering these sample questions will make you familiar with the types of questions you can expect on the actual exam. Doing practice with Next-Generation Firewall Engineer questions and answers before the exam as much as possible is the key to passing the Palo Alto NGFW-Engineer certification exam.

Next-Generation Firewall Engineer Sample Questions:-

**01. What is the function of a Certificate Revocation List (CRL) in a PKI?**

- a) Lists expired certificates
- b) Lists certificates that have been revoked before their expiration date
- c) Lists all issued certificates
- d) Lists certificates pending renewal

**Answer: b**

**02. How do Zone Protection Profiles enhance network security?**

- a) By providing protection against flood attacks, reconnaissance scans, and packet-based threats

Over the past few years, we have gathered hundreds of industry experts, defeated countless difficulties, and finally formed a complete learning product - NGFW-Engineer test answers, which are tailor-made for students who want to obtain NGFW-Engineer certificates. Our customer service is available 24 hours a day. You can contact us by email or online at any time. In addition, all customer information for purchasing NGFW-Engineer Test Torrent will be kept strictly confidential. We will not disclose your privacy to any third party, nor will it be used for profit. Then, we will introduce our products in detail.

## Palo Alto Networks NGFW-Engineer Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>• PAN-OS Networking Configuration: This section of the exam measures the skills of Network Engineers in configuring networking components within PAN-OS. It covers interface setup across Layer 2, Layer 3, virtual wire, tunnel interfaces, and aggregate Ethernet configurations. Additionally, it includes zone creation, high availability configurations (active and active</li> <li>• active and active</li> <li>• passive), routing protocols, and GlobalProtect setup for portals, gateways, authentication, and tunneling. The section also addresses IPSec, quantum-resistant cryptography, and GRE tunnels.</li> </ul>

Topic 2	<ul style="list-style-type: none"> <li>• <b>PAN-OS Device Setting Configuration:</b> This section evaluates the expertise of System Administrators in configuring device settings on PAN-OS. It includes implementing authentication roles and profiles, and configuring virtual systems with interfaces, zones, routers, and inter-VSYS security. Logging mechanisms such as Strata Logging Service and log forwarding are covered alongside software updates and certificate management for PKI integration and decryption. The section also focuses on configuring Cloud Identity Engine User-ID features and web proxy settings.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>• <b>Integration and Automation:</b> This section measures the skills of Automation Engineers in deploying and managing Palo Alto Networks NGFWs across various environments. It includes the installation of PA-Series, VM-Series, CN-Series, and Cloud NGFWs. The use of APIs for automation, integration with third-party services like Kubernetes and Terraform, centralized management with Panorama templates and device groups, as well as building custom dashboards and reports in Application Command Center (ACC) are key topics.</li> </ul>

## Ace Exam Preparation with Palo Alto Networks NGFW-Engineer Real Questions

If you want to achieve maximum results with minimum effort in a short period of time, and want to pass the Palo Alto Networks NGFW-Engineer Exam. You can use VCE4Plus's Palo Alto Networks NGFW-Engineer exam training materials. The training materials of VCE4Plus are the product that through the test of practice. Many candidates proved it does 100% pass the exam. With it, you will reach your goal, and can get the best results.

## Palo Alto Networks Next-Generation Firewall Engineer Sample Questions (Q102-Q107):

### NEW QUESTION # 102

Which two zone types are valid when configuring a new security zone? (Choose two.)

- A. Virtual Wire
- B. Tunnel
- C. Internal
- D. Intrazone

**Answer: A,B**

Explanation:

When configuring a new security zone on a Palo Alto Networks firewall, the two valid zone types are:

**Tunnel:** A Tunnel zone is used for traffic that is associated with a VPN tunnel, such as IPSec tunnels. Traffic passing through a tunnel interface is classified into this zone.

**Virtual Wire:** A Virtual Wire zone is used when a firewall operates in transparent mode (also known as Layer 2 mode). In this configuration, the firewall can inspect traffic without modifying the IP address structure of the network.

### NEW QUESTION # 103

When multiple routes have the same destination prefix, which attribute does the firewall use first to determine route preference?

- A. Longest prefix match
- B. Next-hop availability
- C. Route metric
- D. Administrative distance

**Answer: A**

Explanation:

When multiple routes exist, the firewall first applies longest prefix match, meaning the route with the most specific destination prefix is

selected before considering any other attributes such as administrative distance or metric.

#### NEW QUESTION # 104

How do Zone Protection Profiles enhance network security?

- A. By replacing security policies with predefined rule sets
- B. By encrypting all traffic entering and leaving the zone
- C. By dynamically assigning users to security groups
- D. By providing protection against flood attacks, reconnaissance scans, and packet-based threats

**Answer: D**

#### NEW QUESTION # 105

Which two zone types are valid when configuring a new security zone? (Choose two.)

- A. Virtual Wire
- B. Tunnel
- C. Internal
- D. Intrazone

**Answer: A,B**

Explanation:

When configuring a new security zone on a Palo Alto Networks firewall, the two valid zone types are:

Tunnel: A Tunnel zone is used for traffic that is associated with a VPN tunnel, such as IPSec tunnels. Traffic passing through a tunnel interface is classified into this zone. Virtual Wire: A Virtual Wire zone is used when a firewall operates in transparent mode (also known as Layer 2 mode). In this configuration, the firewall can inspect traffic without modifying the IP address structure of the network.

#### NEW QUESTION # 106

Which networking technology can be configured on Layer 3 interfaces but not on Layer 2 interfaces?

- A. DDNS
- B. Link Duplex
- C. NetFlow
- D. LLDP

**Answer: C**

Explanation:

NetFlow is a Layer 3 (network layer) protocol that collects and monitors IP traffic flows. It is typically configured on Layer 3 interfaces because it relies on IP information for traffic flow analysis, which is not available on Layer 2 interfaces. Layer 2 interfaces handle frames within the local network, and they don't have IP-related details that NetFlow uses to generate traffic statistics.

#### NEW QUESTION # 107

.....

Selecting shortcut and using technique are to get better success. If you want to get security that you can pass Palo Alto Networks NGFW-Engineer certification exam at the first attempt, VCE4Plus Palo Alto Networks NGFW-Engineer exam dumps is your unique and best choice. It is the dumps that you can't help praising it. There are no better dumps at the moment. The dumps can let you better accurate understanding questions point of NGFW-Engineer Exam so that you can learn purposefully the relevant knowledge. In addition, if you have no time to prepare for your exam, you just remember the questions and the answers in the dumps. The dumps contain all questions that can appear in the real exam, so only in this way, can you pass your exam with no ease.
