NEW QUESTION # 97

Tanya is the Data Protection Officer for Curtains Inc., a GDPR data controller. She has recommended that the company encrypt all personal data at rest. Which GDPR principle is she following?

- A. Lawfulness, fairness and transparency
- B. Storage Limitation
- C. Accuracy
- **D. Integrity and confidentiality**

Answer: D

Explanation:

The GDPR requires that personal data is processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures¹. This principle is known as integrity and confidentiality, or sometimes as security². Encryption is one of the possible technical measures that can be used to protect personal data at rest, as it makes the data unintelligible to anyone who does not have the key to decrypt it³. By recommending that the company encrypts all personal data at rest, Tanya is following the principle of integrity and confidentiality, as she is ensuring that the personal data is secure and protected from unauthorised access or accidental damage. NEW QUESTION # 99

The Planet 49 CJEU Judgement applies to?

- A. Cookies where the data accessed is considered as personal data only.
- **B. Cookies regardless of whether the data accessed is personal or not.**
- C. Cookies that are deemed technically necessary.
- D. Cookies used only by third parties.

Answer: B

Explanation:

The Planet 49 CJEU Judgement applies to cookies regardless of whether the data accessed is personal or not. The Court of Justice of the European Union (the 'CJEU') delivered this judgement on 1 October 2019, in response to a request for a preliminary ruling from the German Federal Court of Justice (the 'Bundesgerichtshof') . The case concerned the validity of consent for the use of cookies and similar technologies under the e-Privacy Directive and the GDPR.

The CJEU ruled that Article 5 (3) of the e-Privacy Directive, which requires consent for the storage of, or access to, information stored in the user's terminal equipment, applies to any information installed or accessed from an individual's device, regardless of whether it constitutes personal data or not. The Court reasoned that the aim of the provision is to protect the user from interference with his or her private sphere, which may occur irrespective of the nature of the information stored or accessed. Therefore, the consent requirement applies to all cookies and similar technologies, except for those that are strictly necessary for the provision of a service explicitly requested by the user.

The CJEU also clarified that the consent required for cookies under the e-Privacy Directive must comply with the standard of consent under the GDPR, which means that it must be freely given, specific, informed and unambiguous, and given by a clear affirmative action. The Court held that a pre-ticked checkbox does not constitute valid consent, as it does not imply active behaviour by the user. The Court also stated that the user must be provided with clear and comprehensive information about the cookies, including their duration and whether third parties will have access to them.
