The PDF version of our 1Z1-182 guide exam is prepared for you to print it and read it everywhere. It is convenient for you to see the answers to the questions and remember them. After you buy the PDF version of our study material, you will get an E-mail form us in 5 to 10 minutes after payment. Then you can click the link in the E-mail and download your 1Z1-182 study engine. You can download it as many times as you need.

## Oracle 1Z1-182 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• Displaying Creating and Managing PDBs: This section assesses the knowledge of Cloud Database Architects in creating pluggable databases (PDBs) from seeds or other techniques. It also covers modifying PDB modes and attributes to meet specific application requirements.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• Managing Storage: This section tests the knowledge of Storage Engineers in managing storage features such as resumable space allocation, segment space-saving, and block space management. It also includes defining segment characteristics to optimize storage utilization.</li></ul>

Topic 3	<ul style="list-style-type: none"> <li>Automated Maintenance: This section measures the skills of Database Administrators in describing automated maintenance tasks within Oracle databases. It focuses on applying automated features to streamline routine maintenance activities.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>Configuring Oracle Net Services: This section measures the skills of Network Administrators and Database Administrators in configuring Oracle Net Services. It includes identifying administration components, describing connection methods, and ensuring seamless communication between clients and databases.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>Moving Data: This section evaluates the expertise of Data Migration Specialists in moving data within Oracle databases. It includes using external tables, executing Oracle Data Pump operations, and distinguishing SQL*Loader commands for importing data efficiently.</li> </ul>
Topic 6	<ul style="list-style-type: none"> <li>Describe Oracle Database Architecture: This section of the exam measures the skills of Database Administrators and System Architects in understanding the Oracle database architecture. It covers the configurations of Oracle database instances, memory structures like SGA and PGA, and process structures such as background processes. It also explains the logical and physical database structures, including datafiles, control files, and redo log files.</li> </ul>

## 1Z1-182 Latest Test Discount | Real 1Z1-182 Question

Passing the Oracle Database 23ai Administration Associate exam at first attempt is a goal that many candidates strive for. However, some of them think that good Oracle 1Z1-182 study material is not important, but this is not true. The right 1Z1-182 preparation material is crucial for success in the exam. And applicants who don't find updated 1Z1-182 prep material ultimately fail in the real examination and waste money. That's why DumpsQuestion offers actual 1Z1-182 exam questions to help candidates pass the exam and save their resources.

## Oracle Database 23ai Administration Associate Sample Questions (Q31-Q36):

### NEW QUESTION # 31

Which two statements are true about views used for viewing tablespace and datafile information?

- A. V\$TABLESPACE displays information about tablespaces contained in the data dictionary.
- B. V\$TABLESPACE displays information that is contained in the control file about tablespaces.
- C. A datafile can be renamed when the database is in MOUNT state and the new file name is displayed when querying DBA\_DATA\_FILES after the database is opened.
- D. Tablespace free space can be viewed in DBA\_TABLESPACES.
- E. Tablespace free space can be viewed in V\$TABLESPACE.

**Answer: B,C**

Explanation:

- A. False. V\$TABLESPACE doesn't show free space directly.
- B. False. It's from the control file, not the data dictionary.
- C. True. Renaming in MOUNT state updates DBA\_DATA\_FILES post-open.
- D. False. DBA\_TABLESPACES shows attributes, not free space directly (use DBA\_FREE\_SPACE).
- E. True. V\$TABLESPACE reflects control file data.

### NEW QUESTION # 32

Which three statements are true about Oracle Managed Files (OMF)?

- A. If only DB\_CREATE\_ONLINE\_LOG\_DEST\_1 is specified, only redo logs and control files are Oracle Managed.
- B. If DB\_CREATE\_FILE\_DEST is specified but DB\_CREATE\_ONLINE\_LOG\_DEST\_n is not, new redo logs and

control files are stored in DB\_CREATE\_FILE\_DEST by default.

- C. If only DB\_CREATE\_FILE\_DEST is specified, only data files and temp files are Oracle managed.
- D. If DB\_CREATE\_ONLINE\_LOG\_DEST\_1 is specified but DB\_CREATE\_FILE\_DEST is not, new data files and temp files are stored in DB\_CREATE\_ONLINE\_LOG\_DEST\_1 by default.
- E. If DB\_RECOVERY\_FILE\_DEST is specified but DB\_CREATE\_ONLINE\_LOG\_DEST\_n is not, the redo logs and control files are placed in DB\_RECOVERY\_FILE\_DEST by default.
- F. If DB\_RECOVERY\_FILE\_DEST is specified, at least two different locations must be specified for DB\_CREATE\_ONLINE\_LOG\_DEST\_n.

**Answer: B,D,E**

Explanation:

- A .True. Without DB\_CREATE\_ONLINE\_LOG\_DEST\_n, redo logs and control files default to DB\_RECOVERY\_FILE\_DEST.
- B .False. If only DB\_CREATE\_FILE\_DEST is set, redo logs and control files also use it unless overridden.
- C .True. DB\_CREATE\_ONLINE\_LOG\_DEST\_1 becomes the default for data files and temp files if DB\_CREATE\_FILE\_DEST is unset.
- D .True. DB\_CREATE\_FILE\_DEST serves as the default for all file types if no log-specific parameter is set.
- E .False. Data files and temp files would also use DB\_CREATE\_ONLINE\_LOG\_DEST\_1 if no other parameter is specified.
- F .False. No such requirement exists; DB\_RECOVERY\_FILE\_DEST operates independently.

### NEW QUESTION # 33

Which three statements are true about roles?

- A. Object privileges may not be granted to roles.
- B. Roles must be password protected.
- C. The SET ROLE statement can enable one or more roles for a session.
- D. The SET ROLE statement can disable one or more roles for a session.
- E. All roles granted to a user are set on default when the user logs in.
- F. Roles may be granted to other roles.

**Answer: C,D,F**

Explanation:

Roles in Oracle manage privileges efficiently. Let's dive into each option:

A . Roles must be password protected.

False. Roles can be password-protected (e.g., CREATE ROLE mgr IDENTIFIED BY secret), but it's optional. Non-protected roles (default) are enabled automatically if granted, requiring no password.

Mechanics: Password-protected roles need SET ROLE mgr IDENTIFIED BY secret, enhancing security for sensitive privileges.

B . Roles may be granted to other roles.

True. Roles can form hierarchies (e.g., GRANT clerk TO mgr), allowing nested privilege management.

Mechanics: A user with mgr inherits clerk privileges indirectly. Revoking clerk from mgr cascades appropriately.

Practical Use: Simplifies complex privilege structures in large organizations.

C . The SET ROLE statement can enable one or more roles for a session.

True. SET ROLE role1, role2; activates specified roles for the session, assuming they're granted and not password-protected (or password is provided).

Mechanics: Enabled roles grant their privileges immediately within the session scope.

D . Object privileges may not be granted to roles.

False. Object privileges (e.g., GRANT SELECT ON emp TO clerk) are a primary use of roles, making this statement incorrect.

Why Incorrect: Roles are designed for this purpose, contradicting the option.

E . All roles granted to a user are set on default when the user logs in.

False. Only roles marked as DEFAULT ROLE (via ALTER USER ... DEFAULT ROLE role1) are enabled at login. Non-default roles require SET ROLE.

Mechanics: Check via SELECT \* FROM DBA\_ROLE\_PRIVS WHERE DEFAULT\_ROLE='YES'.

F . The SET ROLE statement can disable one or more roles for a session.

True. SET ROLE NONE disables all roles, or SET ROLE role1 implicitly disables others not listed, providing granular control.

Practical Use: Useful for testing or restricting privileges temporarily.

### NEW QUESTION # 34

Which three actions are ways to apply the principle of least privilege?

- A. Using Access Control Lists (ACLs).
- B. Setting the O7\_DICTIONARY\_ACCESSIBILITY parameter to TRUE.
- C. Setting the REMOTE\_OS\_AUTHENT parameter to TRUE.
- D. Revoking execute privilege on UTL\_SMTP, UTL\_TCP, UTL\_HTTP, and UTL\_FILE from the roles/users (assuming typo for duplicate option).
- E. Enabling Unified Auditing.

**Answer: A,D,E**

Explanation:

- A .True. Auditing tracks privilege use, enforcing least privilege.
- B .True. Revoking unnecessary PL/SQL access limits capabilities.
- C .True. ACLs restrict network access precisely.
- D .False. TRUE relaxes dictionary access, violating least privilege.
- E .False. TRUE allows risky OS auth, weakening security.

### NEW QUESTION # 35

Which statement is true about the PDB\_DBA role granted to a local user during the creation of a new PDB?

- A. The role has the privileges to perform DDL operations on all local schema objects.
- B. The role has the privileges to create and manage users within the PDB.
- C. No privileges are provided with the PDB\_DBA role.
- D. The role has the privileges to administer the PDB.

**Answer: D**

Explanation:

- A .True. PDB\_DBA grants admin rights (e.g., CREATE SESSION, ALTER SYSTEM) within the PDB.
- B .False. DDL on objects requires ownership or explicit grants.
- C .False. User management needs CREATE USER privilege, not inherent.
- D .False. It includes multiple privileges, not none.

### NEW QUESTION # 36

.....

Being respected and gaining a high social status maybe what you always long for. But if you want to achieve that you must own good abilities and profound knowledge in some certain area. You only need 20-30 hours to learn and prepare for the exam, because it is enough for you to grasp all content of our study materials, and the passing rate is very high and about 98%-100%. Our laTest 1Z1-182 Quiz torrent provides 3 versions and you can choose the most suitable one for you to learn. All in all, there are many merits of our 1Z1-182 quiz prep.
