With the help of our trial version, you will have a closer understanding about our C-S4EWM-2023 Exam Torrent from different aspects, ranging from choice of three different versions available on our test platform to our after-sales service. In a word, you can communicate with us about C-S4EWM-2023 test prep without doubt, and we will always be there to help you with enthusiasm.

SAP Certified Associate - SAP S/4HANA Cloud Private Edition, Extended Warehouse Management Sample Questions (Q11-Q16):

NEW QUESTION # 11
What can a warehouse order include? Note: There are 2 correct answers to this question.

- A. Wave items
- B. Warehouse requests
- C. Warehouse tasks
- D. Physical inventory items

Answer: B,D

NEW QUESTION # 12
Which structural objects do you have to maintain to integrate SAP Dock Appointment Scheduling into SAP EWM? Note: There are 2 correct answers to this question.

- A. Docking locations
- B. Loading points
- C. Yards
- D. Staging areas

Answer: A,B

NEW QUESTION # 13
Which document can be the reference for a Notification of Expected Goods Receipt? Note: There are 2 correct answers to this question.

- A. Purchase Order
- B. Sales Order
- C. Inbound Delivery
- D. Production Order

Answer: A,D

Explanation:
Comprehensive and Detailed In-Depth Explanation:
The Notification of Expected Goods Receipt (EGR) in SAP EWM anticipates incoming stock. Option C ("Purchase Order") is correct as it's a common reference for external procurement EGRs, and option D ("Production Order") is correct for production-related EGRs, both configured in SPRO: SCM Extended Warehouse Management > Goods Receipt Process > Expected Goods Receipt. Option A (Inbound Delivery) is a downstream document, and option B (Sales Order) is outbound-related.

NEW QUESTION # 14
What is the purpose of a business system in the system integration? Note: There are 2 correct answers to this question.

- A. It allows the mapping of document type and item type depending on the source system.
- B. It is connected to a logical system, as in warehouse requests only the business system is stored.
- C. It can be used to separate materials coming from two different systems.
- D. It defines the RFC parameters for the integration.

Answer: B,C

Explanation:
Comprehensive and Detailed In-Depth Explanation:
The business system in EWM integration represents the source or target system (e.g., ERP) in the landscape.
Option A ("It is connected to a logical system...") is correct because it links to a logical system via RFC, and warehouse requests
store the business system for tracking, configured in SPRO: SCM Extended Warehouse Management > Interfaces > Define
Business System. Option C ("It can be used to separate materials...") is correct as it differentiates stock origins in multi-system
scenarios. Option B is incorrect because RFC parameters are defined separately, and option D is handled by document type
mapping, not the business system itself.

NEW QUESTION # 15

What are some requirements for automatic wave creation? Note: There are 2 correct answers to this question.

- A. Wave templates with release method "Automatic" are defined
- B. Job for automatic release is scheduled
- C. Wave templates with one or more options are defined
- D. Conditions and condition records exist

Answer: A,D

Explanation:
Comprehensive and Detailed In-Depth Explanation:
Automatic wave creation in SAP EWM groups outbound tasks. Option C ("Wave templates with release method 'Automatic'") is
correct as it triggers wave creation automatically, and option D ("Conditions and condition records exist") is correct because
conditions (e.g., time, volume) determine when waves are created, both configured in SPRO: SCM Extended Warehouse
Management > Goods Issue Process > Wave Management. Option A (job) is for release, not creation, and option B is too vague.

NEW QUESTION # 16

......

All contents are being explicit to make you have explicit understanding of this exam. Some people slide over ticklish question
habitually, but the experts help you get clear about them and no more hiding anymore. Their contribution is praised for their purview
is unlimited. None cryptic contents in C-S4EWM-2023 practice materials you may encounter.
